Dr. No James Chapman, 2022-11-08 When Dr No premiered at the London Pavilion on October 5 1962 no one predicted that it would launch the longest running series in cinema history It introduced the James Bond formula that has been a box office fixture ever since sensational plots colorful locations beautiful women diabolical villains thrilling action set pieces and a tongue in cheek tone An explosive cocktail of action spectacle and sex Dr No transformed popular cinema James Chapman provides a lively and comprehensive study of Dr No marshaling a wealth of archival research to place the film in its historical moment He demonstrates that contrary to many fan myths the film was the product of a carefully considered transnational production process Chapman explores the British super spy s origins in Ian Fleming s snobbery with violence thrillers examining the process of adaptation from page to screen He considers Dr No in the contexts of the UK and Hollywood film industries as well as the film s place in relation to the changing social and cultural landscape of the 1960s particularly Cold War anxieties and the decline of the British Empire The book also analyzes the film s problematic politics of gender and race and considers its cultural legacy This thorough and insightful account of Dr No will appeal to film historians and Bond fans alike

Harrington School of Communication and Media at the University of Rhode Island I am overjoyed to read *The Power of Scriptwriting* Peter Gutierrez's extensive background makes him the perfect person to provide educators with all of the necessary guidance tools and instruction they will need to feel comfortable incorporating scriptwriting into the classroom This book is a long overdue addition to the world of new literacy where media and technology already have our students' attention Tell your librarian to get several copies for your professional collection I highly recommend it Frank Baker media literacy consultant Media Literacy Clearinghouse Peter Gutierrez has worked both as an English and social studies teacher and as a professional scriptwriter As an educational consultant his clients include Pearson Scholastic Education and Sesame Workshop **Books Out Loud** ,2007 Screenwriters José Guilherme Correa,2016-07-13 Screen writing is a unique literary form Screenplays are like musical scores in that they are intended to be interpreted on the basis of other artists' performances rather than serving as finished products for the enjoyment of their readers They are written using technical jargon and tight spare prose to describe set directions Unlike a novella a script focuses on describing the literal visual aspects of the story rather than on its characters' internal thoughts In screen writing the aim is to evoke those thoughts and emotions through subtext action and symbolism Prominent Hollywood script doctors include Steve Zaillian William Goldman Robert Towne Mort Nathan Quentin Tarantino etc while many up and coming screenwriters work as ghost writers This book is a modest catalogue of some of the most prominent screenwriters listed from A to Z The good are sometimes bad and they can be even Ugly Many comments herein included were googled in deference to the multiplicity of information available today yet they reflect exactly or almost what I thought An amazing thing today is how anonymous commentators on the Internet rival and even surpass the poor quality of professional media and specialised literature It all comes down to watching the truth 24 times per second to quote Jean Luc Godard's phrase Not to mention that such truth may include sex scenes violence pedophilia etc We know that a literary masterpiece like Henry James' *Portrait of a Lady* became a film of very poor quality as scripted by Laura Jones We know conversely that a mediocre writer like Mickey Spillane inspired at least one film as remarkable as *Kiss Me Deadly* thanks to A I Bezzerides' script As a former screenwriter Mr Correa must avow that he found the job most gratifying Writing that looks effortless is often hellish to write and revise It was something he did have to slog through but it proved particularly pleasing Editing discussing finishing your work is particularly gratifying Identifying your flaws and working to mitigate them is also gratifying It is a general perception that creative careers are more interesting and fun than others But the privilege of earning money through imagination and creativity is effectively hard won Please comment at will Please disagree at will Be facetious in your remarks but please be neither vicious nor mean spirited
