Shooting The Monkey:

Shooting the Monkey Colin Turner, 1999 Best selling business author shares how you can be the master of the fast changing new business world and not its slave **A Journey Through the Kingdom of Oude, in 1849-1850** Sir William Henry Sleeman, 1858 **A Journey through the Kingdom of Oude, in 1849-1850** W.H. Sleeman, 2025-08-22 Reprint of the original first published in 1858 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage A Journey Through the Kingdom of Oude, 1849-1850 ... Sir William Henry Sleeman (K.C.B.), 1858 Ambiguous Bodies Michelle Osterfeld Li, 2009-03-10 Ambiguous Bodies draws from theories of the grotesque to examine many of the strange and extraordinary creatures and phenomena in the premodern Japanese tales called setsuwa Grotesque representations in general typically direct our attention to unfinished and unrefined things they are marked by an earthy sense of the body and an interest in the physical Because they have many meanings they can both sustain and undermine authority This book aims to make sense of grotesque representations in setsuwa animated detached body parts unusual sexual encounters demons and shape shifting or otherwise wondrous animals and in a broader sense to show what this type of critical focus can reveal about the mentality of Japanese people in the ancient classical and early medieval periods It is the first study to place Japanese tales of this nature which have received little critical attention in English within a sophisticated theoretical framework Li masterfully and rigorously focuses on these fascinating tales in the context of the historical periods in which they were created and compiled Cases Argued and Decided in the Supreme Court of Mississippi Mississippi. Supreme Court, 1927 **The Killing Jars** Dan Neil, 2007-02-14 John Trickett is a rancher in southern Saskatchewan suffering from guilt since his brother Luke vanished from the world twenty five years ago Luke was diagnosed with Schizophrenia while studying Entomology at the University of British Columbia and was institutionalized by his family who could not bear the shame of another illness Institutions closed and Luke fell through the cracks When John's father calls him to his house in Maple Creek he finds his frail mother clutching a newspaper article on the lost souls living in the ravines of Toronto There is a photograph She thinks it's Luke and pleads John to bring him home He makes a promise to her and to himself to reconcile a life lost But John's wife Nora implores him not to go She has a dire fear of Luke and what his return may bring to Windrush John defies Nora and leaves on a journey to Toronto's netherworld in the ravines of Toronto where he meets Steven a contemptible panhandler But he knows how to find Luke John befriends him and soon learns that he is more than he seems an intelligent young man hiding from unimaginable horrors Finally Steven leads John to Luke Together at long last Luke is skittish wild and does not recognize John In that moment enemies of Steven interrupt the reunion There is a shooting and Luke is wounded Luke recovers and in the fall John brings him home to Windrush Nora tries to accept him but cannot see past her fear Still John is determined to make things right at all costs to give Luke back the life taken from him

But all is not well with Luke He is lost again And John comes to terms with his past What his family did and did not do for Luke could never be truly forgiven but at last acknowledged and accepted to allow space for new beginnings Adventures and Recollections Bill o'th' Hoylus End,2019-12-13 In Adventures and Recollections Bill o th Hoylus End presents a richly woven tapestry of personal narratives that blur the lines between memoir and fiction Through a series of vividly rendered vignettes the author invites readers into a world where everyday experiences transform into profound life lessons Employing a conversational yet evocative literary style the book captures the essence of local folklore while reflecting broader human themes of identity and belonging The text navigates the complexities of rural existence often drawing on the author s own childhood and cultural heritage thus placing it firmly within the tradition of contemporary regional literature Bill o th Hoylus End known for his deep rooted connection to the landscapes and communities he depicts brings authenticity and passion to his work His upbringing in a small village greatly influenced his storytelling style prompting him to explore the nuances of memory and personal history This backdrop of familiarity and nostalgia informs his writing allowing him to resonate with readers on an emotional level bridging the gap between past and present This book is a must read for those who appreciate richly textured narratives that celebrate the human experience Whether one is seeking to reconnect with their own roots or simply yearning for a journey through time and place Adventures and Recollections offers profound insights and delights with every turn of the page

Slocum 346 Jake Logan,2007-11-27 A man owes Slocum his life and Slocum aims to collect Joe Cash is fit to be lynched when Slocum first sees him Unaware of the man s name let alone his nasty lack of character Slocum takes pity and saves his neck Getting them both mixed up in a ranch war Cash turns from bad to evil Switching sides for profit he sends a young ranch hand to do Slocum in only to turn tail when the scheme doesn t work Now Slocum s on his trail about to undo the mistake of saving Cash s life Conservation and the Use of Wildlife Resources Melvin Bolton,1997-06-30 Not everybody cares about the fate of wild animals or the state of the natural environment I met a lady who said it wouldn t worry her if all the wild animals in the world disappeared overnight She was a city person she said There are also people who would prefer to let animals become extinct than to have them kept in captivity no matter how progressive the zoo There are those who on principle will not eat meat let alone do the killing and there are those who enjoy nothing so much as shooting birds People in the last two camps may oppose each other in claiming to be con servationists Extremists are unlikely to find their opinions being reversed by this book but because of the scope of the subject I believe there is a good chance that anybody with an interest in wildlife will find in it something new to think about It may not be too much to hope that a few disagreements might also be settled because I suspect there is more common ground than is generally realized among those with opposing views
