The Western Mediterranean and the World Teofilo F. Ruiz, 2017-10-02 From the Straits of Gibraltar to Sicily the European northern Mediterranean nations to the shores of North Africa the western Mediterranean is a unique cultural and sociopolitical entity which has had a singular role in shaping today's global society The Western Mediterranean and the World is the fascinating story of the rise of that peculiar world and of its evolution from the end of the Western Roman Empire to the present Uniquely rather than present the history of the region as a strict chronological progression the author takes a thematic approach telling his story through a series of vignettes case studies and original accounts so as to provide a more immediate sense of what life in and around the Mediterranean was like from the end of the Roman Empire in the West to the present immigration crisis now unfolding in Mediterranean waters Emphasizing the development of religion and language and the enduring synergies and struggles between Christian Jews and Muslims on both shores of the western sea Dr Ruiz connects the region to the larger world and locates the development of Mediterranean societies within a global context Describes the move from religious and linguistic unity under Roman rule to the fragmented cultural landscape of today Explores the relationship of language culture and geography focusing on the role of language formation and linguistic identity in the emergence of national communities Traces the movements of peoples across regions and their encounters with new geographical cultural and political realities Addresses the emergence of various political identities and how they developed into set patterns of political organization Emphasizes the theme of encounters as seen from Christian Muslim and Jewish perspectives While it is sure to become a definitive text for university courses on Mediterranean history The Western Mediterranean and the World will also have great appeal among scholars of the Mediterranean as well as general readers of history Part of The Blackwell History of the World Series The goal of this ambitious series is to provide an accessible source of knowledge about the entire human past for every curious person in every part of the world It will comprise some two dozen volumes of which some provide synoptic views of the history of particular regions while others consider the world as a whole during a particular period of time The volumes are narrative in form giving balanced attention to social and cultural history in the broadest sense as well as to institutional development and

political change Each provides a systematic account of a very large subject but they are also both imaginative and interpretative The Series is intended to be accessible to the widest possible readership and the accessibility of its volumes is matched by the style of presentation and production *All Tomorrow's Cultures* Samuel Gerald Collins,2021-06-11 The first edition of *All Tomorrow's Cultures* explored the legacy of futures thinking in anthropology and marked the beginning of a resurgence of interest in anthropological futures The new edition has been updated to reflect some of the outpouring of work since then particularly in science and technology studies and in anthropological analyses of indigenous futures In addition Collins has updated the final chapter to expand the field of anthropological possibility in an age of both despair and hope

Selected Short Works of George MacDonald George MacDonald, There was once a witch who desired to know everything But the wiser a witch is the harder she knocks her head against the wall when she comes to it Her name was Watho and she had a wolf in her mind She cared for nothing in itself only for knowing it She was not naturally cruel but the wolf had made her cruel She was tall and graceful with a white skin red hair and black eyes which had a red fire in them She was straight and strong but now and then would fall bent together shudder and sit for a moment with her head turned over her shoulder as if the wolf had got out of her mind onto her back This witch got two ladies to visit her One of them belonged to the court and her husband had been sent on a far and difficult embassy The other was a young widow whose husband had lately died and who had since lost her sight Watho lodged them in different parts of her castle and they did not know of each other's existence The castle stood on the side of a hill sloping gently down into a narrow valley in which was a river with a pebbly channel and a continual song The garden went down to the bank of the river enclosed by high walls which crossed the river and there stopped Each wall had a double row of battlements and between the rows was a narrow walk In the topmost story of the castle the Lady Aurora occupied a spacious apartment of several large rooms looking southward The windows projected oriel wise over the garden below and there was a splendid view from them both up and down and across the river The opposite side of the valley was steep but not very high Far away snowpeaks were visible These rooms Aurora seldom left but their airy spaces the brilliant landscape and sky the plentiful sunlight the musical instruments books pictures curiosities with the company of Watho who made herself charming precluded all dullness She had venison and feathered game to eat milk and pale sunny sparkling wine to drink She had hair of the yellow gold waved and rippled her skin was fair not white like Watho's and her eyes were of the blue of the heavens when bluest her features were delicate but strong her mouth large and finely curved and haunted with smiles *Gramsci at Sea* Sharad Chari,2023-08-29 How might an oceanic Gramsci speak to Black aquafuturism and other forms of oceanic critique This succinct work reads Antonio Gramsci's writings on the sea focused in his prison notes on waves of imperial power in the inter war oceans of his time Sharad Chari argues that the imprisoned militant's method is oceanic in form and that this oceanic Marxism can attend to the roil of sociocultural dynamics to waves of imperial power as well as to the capacity of Black Drexian and other forms of oceanic critique to

M. Day,2013-01-24 This is the first comprehensive study of the sublime in Lucan Drawing upon renewed literary critical interest in the tradition of philosophical aesthetics Henry Day argues that the category of the sublime offers a means of moving beyond readings of Lucan s Bellum Civile in terms of the poem s political commitment or alternatively nihilism Demonstrating in dialogue with theorists from Burke and Kant to Freud Lyotard and Ankersmit the continuing vitality of Longinus foundational treatise On the Sublime Day charts Lucan s complex and instructive exploration of the relationship between sublimity and ethical discourses of freedom and oppression Through the Bellum Civile s cataclysmic vision of civil war and metapoetic accounts of its own genesis through its heated linguistic texture and proclaimed effects upon future readers and most powerfully of all through its representation of its twin protagonists Caesar and Pompey Lucan s great epic emerges as a central text in the history of the sublime *The Sailor's Magazine* ,1855 *The Kaleidoscope: or, Literary and scientific mirror* ,1821 The Magazine of Fantasy & Science Fiction ,1984 *The English Cyclopædia* ,1856
