Short Papers on American Liberal Education Andrew Fleming West,1907 **Short Papers on American Liberal Education** Andrew Fleming West,1971 The Emergence of the American University Laurence R. Veysey,2024-07-30 The American university of today is the product of a sudden mainly unplanned period of development at the close of the nineteenth and the beginning of the twentieth centuries At that time the university and with it a recognizably modern style of academic life emerged to eclipse the older religiously oriented college Precedents formal and informal were then set which have affected the soul of professor student and academic administrator ever since What did the men living in this formative period want the American university to become How did they differ in defining the ideal university And why did the institution acquire a form that only partially corresponded with these definitions These are the questions Mr Veysey seeks to answer **Bulletin ... of Books Added to the Public Library of Detroit, Mich** Detroit Public Library,1908 *Short Papers on American Liberal Education* HardPress,West Andrew Fleming 1853-1943,2013-06 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy *Biennial Report of the Purchasing Board of the State Library and the State Librarian of the State of Indiana* Indiana State Library,1909 *Biennial Report of the Librarian of the Indiana State Library for the Fiscal Year Ending ...* Indiana State Library,1909 **Biennial Report of the Librarian of the State Library for the Fiscal Years Ending October 31 ... and ..., and ... outside the classroom The book is a livelywarts and all rendering of Princeton s rise addressing such themes as discriminatory admission policies the academic underperformance of many varsity athletes and the controversial bicker system through which students have been selected for the University s private eating clubs Written in a delightful and elegant style The Making of Princeton University offers a detailed picture of how the University has dealt with these issues to secure a distinguished position in both higher education and American society For anyone interested in or associated with Princeton past or present this is a book to savor

Bible Student and Religious Outlook ,1907 **The Educational Legacy of Woodrow Wilson** James Axtell,2012 In The Educational Legacy of Woodrow Wilson James Axtell brings together essays by eight leading historians and one historically minded political scientist to examine the long formative academic phase of Wilson s career and its connection to his relatively brief tenure in politics Together the essays provide a greatly revised picture of Wilson s whole career and a deeply nuanced understanding of the evolution of his educational political and social philosophy and policies the ordering of his values and priorities and the seamless link between his academic and political lives The contributors shed light on Wilson s unexpected rise to the governorship of New Jersey and the presidency and how he prepared for elective office through his long study of government and the practice of academic politics which he deemed no less fierce than that of Washington In both spheres he was enormously successful propelling a string of progressive reforms through faculty and legislative forums Only after he was beset by health problems and events beyond his control did he fail to push his academic and postwar agendas to their logical idealistic conclusions Contributors James Axtell College of William and Mary Victoria Bissell Brown Grinnell College John Milton Cooper Jr University of Wisconsin Stanley N Katz Princeton University W Bruce Leslie SUNY Brockport Adam R Nelson University of Wisconsin Mark R Nemec Forrester Research John R Thelin University of Kentucky Trygve Throntveit Harvard University
