Short And Remarkable History Of New York City

Joseph Gibbs

Short And Remarkable History Of New York City:

A Short and Remarkable History of New York City Jane Mushabac, Angela Wigan, 1999 NOW in its fifth Printing which includes the events of September 11 2001 Selected by the American Association of University Presses as one of The Best of the Best from the University Presses 2000 *The Real Gangs of New York* Wallace Edwards, 2020-09-12 Is true better than fiction The subject of a classic history by Herbert Asbury and an Academy Award nominated film by Martin Scorsese the gangs of The Five Points in New York have become the stuff of legend But how much is legend and how much is fact In this short book we examine the original gangs of the Five Points in New York and see how accurate the film was spoiler alert not very and what Asbury may have gotten wrong in his original research on this era From the Bowery Boys to the Dead Rabbits we look at the gangs that operated not just in the Five Points but also those who wanted a piece of the action there and engaged in gang wars that would leave even modern thugs quivering in their boots [Term Paper Resource Guide to Nineteenth-Century U.S. History](#) Kathleen W. Craver, 2008-06-30 Major help for those inevitable American History term paper projects has arrived to enrich and stimulate students in challenging and enjoyable ways Students from high school age to undergraduate will be able to get a jumpstart on assignments with the hundreds of term paper projects and research information offered here in an easy to use format Users can quickly choose from the 100 important events of the nineteenth century carefully selected to be appealing to students and delve right in Each event entry begins with a brief summary to pique interest and then offers original and thought provoking term paper ideas in both standard and alternative formats that incorporate the latest in electronic media such as iPod and iMovie The best in primary and secondary sources for further research are then annotated followed by vetted stable Web site suggestions and multimedia resources for further viewing and listening Librarians and faculty will want to use this as well Students dread term papers but with this book the research experience is transformed and elevated Term Paper Resource Guide to Nineteenth Century U S History is a superb source to motivate and educate students who have a wide range of interests and talents The provided topics on events people inventions cultural contributions wars and technological advances reflect the country's nineteenth century character and experience Some examples of the topics are Barbary Pirate Wars the Thomas Jefferson and Sally Hemings liaison Tecumseh and the Prophet the Santa Fe Trail Immigration in the 1840s the Seneca Falls Convention the Purchase of Alaska Boss Tweed's Ring Wyatt Earp and the Gunfight at O K Corral United States v Wong Kim Ark and Scott Joplin and Ragtime Music **The Bowery** Eric Ferrara, 2019-10-21 The cultural and criminal history of downtown Manhattan comes to life in this far reaching exploration of a legendary street Originally a Lenape trail running the length of Manhattan Island The Bowery has become one of the most notorious streets in America Developed in stages by the Dutch the British and then Americans this stretch of street has continually risen from its own ashes experiencing a seemingly endless cycle of popularity poverty and prosperity The Bowery has been celebrated as a haven of culture entertainment and theatre But it has just as often been denigrated as

New York's skid row Home to bums bohemians criminals artists performers and the rich and poor alike The Bowery has attracted the most diverse population of any place in New York City's history Travel down the Bowery with New York City historian Eric Ferrara as he explores its rich fascinating and at times troubling past Turning Points—Actual and Alternate Histories Rodney P. Carlisle, J. Geoffrey Golson, 2006-09-21 This work is a thought provoking look at the original 13 colonies presenting the facts and engaging the reader by using alternate history what if key events had turned out differently to help develop critical thinking skills This entry in ABC CLIO's exciting series Turning Points Actual and Alternate Histories covers the development of the original 13 states from first European contact up to the Revolutionary War Using the fascinating tool of alternate history postulating the course of events had one key fact been different the book engages students imaginations and critical thinking skills This critical period in American history is particularly suited to the alternative history approach The population of the colonies was small so the import of individual actions or of singular events was proportionately large If the English had lost one battle to the Swedes the United States might have been a Swedish colony If James Duke of York had died of the plague in 1654 the U S and French revolutions might not have happened **Gotham Rising** Jules

Stewart, 2016-10-28 New York is often described as the greatest city in the world Yet much of the iconic architecture and culture which so defines the city as we know it today from the Empire State Building to the Pastrami sandwich only came into being in the 1930s in what was perhaps the most significant decade in the city's 400 year history After the roaring twenties the catastrophic Wall Street Crash and ensuing Depression seemed to spell disaster for the vibrant city Yet in this era New York underwent an architectural economic social and creative renaissance under the leadership of the charismatic mayor Fiorello La Guardia After seizing power he declared war on the mafia mobs running vast swathes of the city attacked political corruption and kick started the economy through a variety of construction and infrastructure projects In culture this was the age of the Harlem Renaissance championed by writers like Langston Hughes the jazz age with the advent of Tin Pan Alley the Cotton Club and immortals such as Duke Ellington making his name in the Big Apple Weaving these stories together Jules Stewart tells the story of an iconic city in a time of change Before They Were the Bombers Jim Reisler, 2015-09-17 Many histories of the New York Yankees only skim the early years in their rush to pick up with the 1919 season when Babe Ruth joined the team and go on to celebrate the careers of Lou Gehrig Joe DiMaggio Mickey Mantle and Whitey Ford and the team's World Series titles But what about the Yankees before these big names The early Yankees who spent their first 12 years known as the Highlanders and were occasionally known as the Americans and the Invaders get the attention they deserve in this work It tells the story up until the sale of the Yankees in December 1914 beginning with 1903 when the team was formed from the remnants of the Baltimore Orioles Led by future Hall of Famers Wee Willie Keeler Jack Chesbro and Clark Griffith they were the most expensive major league team ever assembled but they are remembered primarily for their terrible failures which included losing a club low 103 games in 1908 and finishing 55 games out of first place in 1912 Yes the

Yankees *A Study Guide for Neil Simon's "The Prisoner of Second Avenue"* Gale, Cengage Learning, 2016 A Study Guide for Neil Simon's *The Prisoner of Second Avenue* excerpted from Gale's acclaimed *Drama For Students* This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust *Drama For Students* for all of your research needs *Impressions of New York* Marilyn F. Symmes, 2005 From its birth as a remote trading outpost on the fringes of the Dutch empire to its current status as the so called Capital of the World New York has always captivated visual artists The extraordinary prints collected by the New York Historical Society over the course of its history vividly preserve these impressions on paper In this handsome volume more than 150 of these views of the city including two spectacular gatefold panoramas speak eloquently of the surging power of this dynamic urban center At the same time they present an intimate portrait of everyday life as it has been lived and savored in this great city for more than three centuries The companion to an exhibition celebrating the New York Historical Society's bicentennial anniversary this beautifully printed volume presents a full range of historic images from 1672 to the present In the lively essay and information filled captions curator and historian Marilyn Symmes tells the unique stories behind the people and places parks and buildings streets and neighborhoods parades and events depicted in each image in essence the story of New York City itself **New York History** New York State Historical Association, 2001

Encyclopedia of Global Religion Mark Juergensmeyer, Wade Clark Roof, 2012 Presents entries A to L of a two volume encyclopedia discussing religion around the globe including biographies concepts and theories places social issues movements texts and traditions **The Fix** Jonathan Tepperman, 2016-09-20 We all know the bad news Our economies are stagnant Wages are flat and income inequality keeps rising The Middle East is burning and extremism is spreading Frightened voters are embracing populist outsiders and angry nationalists And no wonder we are living in an age of unprecedented irreversible decline or so we're constantly being told Jonathan Tepperman's *The Fix* presents a very different picture It identifies ten pervasive and seemingly impossible challenges including immigration reform economic stagnation political gridlock corruption and Islamist extremism and shows that contrary to the general consensus each has a solution and not merely a hypothetical one By taking a close look at overlooked success stories from countries as diverse as Canada Botswana and Indonesia Tepperman discovers practical advice for problem solvers of all stripes making a data driven case for optimism in a time of crushing pessimism **On the Account** Joseph Gibbs, 2012 Comprises of original monographs handbills trial records newspaper articles and official reports that deal with piracy in and involving the Americas in the late 18th and early 19th centuries This title annotates and explains these records in order to clarify the era's historical legal literary and nautical references **The Necklace** Robin Friedman, 2005-12 Former heartbreaker Chip Ackerman is eighteen years old super sexy and in love for the first time But Chip must part with Cassandra Schreiber the girl he loves and the beauty of the Catskills the place he calls home Forced to return to the crowded squalor of the Lower East Side in New York

City Chip is tempted by an irreparable betrayal he'll regret forever This evocative sequel to *The Fence* set in the old New York City of the 1930s explores the heartbreak and hardship of a young man conflicted between love and loyalty New York City George J. Lankevich, 2002-09 Previously published as *An American Metropolis* this book is a punchy definitive history of New York and has been updated to include new material on the Giuliani administration and the events of September 2001 *Father Mychal Judge* Michael Ford, 2002 A portrait of the Franciscan priest and FDNY chaplain who lost his life in the World Trade Center attacks recounts his personal story and his experiences in the firehouse his friary and his church **Life on Display** Karen A. Rader, Victoria E.M. Cain, 2014-10-03 Rich with archival detail and compelling characters *Life on Display* uses the history of biological exhibitions to analyze museums shifting roles in twentieth century American science and society Karen A Rader and Victoria E M Cain chronicle profound changes in these exhibitions and the institutions that housed them between 1910 and 1990 ultimately offering new perspectives on the history of museums science and science education Rader and Cain explain why science and natural history museums began to welcome new audiences between the 1900s and the 1920s and chronicle the turmoil that resulted from the introduction of new kinds of biological displays They describe how these displays of life changed dramatically once again in the 1930s and 1940s as museums negotiated changing often conflicting interests of scientists educators and visitors The authors then reveal how museum staffs facing intense public and scientific scrutiny experimented with wildly different definitions of life science and life science education from the 1950s through the 1980s The book concludes with a discussion of the influence that corporate sponsorship and blockbuster economics wielded over science and natural history museums in the century's last decades A vivid entertaining study of the ways science and natural history museums shaped and were shaped by understandings of science and public education in the twentieth century United States *Life on Display* will appeal to historians sociologists and ethnographers of American science and culture as well as museum practitioners and general readers Thank God for Mr. Chaney Rudy Gray, 2011-09 first rate work The writing is excellent throughout the characters are well drawn interesting and sharply differentiated the dialogue is trenchant and lively the atmosphere captures the world in which these people live and act and most of all the story the narrative is suspenseful and imminently believable I was with the book all the way It is a keen portrait of the world it is depicting and exploring Edwin Wilson CUNY Grad Center Yale University Wall Street Journal Rudy Gray gives us a black teacher in a Bronx junior high during the gold chain snatching early 1980s This book is fresh nuanced poignant redemptive *Thank God for Rudy Gray* Jane Mushabac 2011 Scholar on Campus NYC College of Technology CUNY co author of *A Short and Remarkable History of New York City* selected as a Best of the Best by the American Association of University Presses Earl Chaney is a successful but burned out teacher in a challenging junior high school Continuously haunted by past misdeeds and failures to act Earl needs an academic achievement to feed his starving ego Thirteen year old Kaseem Abdullah thinks that being cool requires him to control everything around him including himself He

is a malicious confused problem student who has a penchant for pilfering necklaces from innocent female victims But after he acts out in school one time too many he is confronted by school administrators who graciously decide to give him another undeserved chance to redeem himself After transferring Kaseem into Earl s already troubled classroom Kaseem pretends to turn over a new leaf providing Earl with an unjustified sense of accomplishment Yet outside of school Kaseem continues on his path of self destruction Earl mistakenly thinks his miscreant student has become a fine citizen When the truth is finally discovered Earl must come to terms not only with his student s deception but also with his own personal flaws Beautiful Shadow Andrew Wilson,2008-12-07 The life of Patricia Highsmith was as secretive and unusual as that of many of the best known characters who people her peerlessly disturbing thrillers and short stories Yet even as her work has found new popularity in the last few years the life of this famously elusive writer has remained a mystery For Beautiful Shadow the first biography of Highsmith British journalist Andrew Wilson mined the vast archive of diaries notebooks and letters she left behind astonishing in their candor and detail He interviewed her closest friends and colleagues as well as some of her many lovers But Wilson also traces Highsmith s literary roots in the work of Poe noir and existentialism locating the influences that helped distinguish Highsmith s writing so startlingly from more ordinary thrillers The result is both a serious critical biography and one that reveals much about a brilliant and contradictory woman one who despite her acclaim and affairs always maintained her solitude *The Part Taken by Women in American History* Mrs. John A. Logan,1912
