William Butler Yeats

Long Legged Fly:

The Long-Legged Fly James Sallis, 2019-09-10 As much a classic detective story as it is a literary masterpiece The Long Legged Fly introduces us to Lew Griffin tough smart and living in a corner of society where life is fought for as much as it is lived In steamy New Orleans black private detective Lew Griffin has taken on a seemingly hopeless missing person case The trail takes him through the underbelly of the French Quarter with its bar girls pimps and tourist attractions As his search leads to one violent dead end and then another Griffin is confronted by the realization that his own life has come to resemble those of the people he is attempting to find Long-legged Fly Helen Douglas, 2006 **The Oxford Handbook of W.B.**

Yeats Lauren Arrington, Matthew Campbell, 2023-05-30 The forty two chapters in this book consider Yeats s early toil his practical and esoteric concerns as his career developed his friends and enemies and how he was and is understood This Handbook brings together critics and writers who have considered what Yeats wrote and how he wrote moving between texts and their contexts in ways that will lead the reader through Yeats s multiple selves as poet playwright public figure and mystic It assembles a variety of views and adds to a sense of dialogue the antinomian or deliberately divided way of thinking that Yeats relished and encouraged This volume puts that sense of a living dialogue in tune both with the history of criticism on Yeats and also with contemporary critical and ethical debates not shirking the complexities of Yeats s more uncomfortable political positions or personal life It provides one basis from which future Yeats scholarship can continue to participate in the fascination of all the contributors here in the satisfying difficulty of this great writer *A Concordance to the Poems of W.B.*

Yeats Stephen Maxfield Parrish, 2019-06-30 Now it is possible for the first time to trace in a systematic way the language patterns of one of the greatest poets who have written in English W B Yeats Like *A Concordance to the Poems of Matthew Arnold* the first of the Cornell Concordances that are under the general editorship of Professor Parrish this volume was produced on an IBM 704 electronic data processing machine Computer technique has so advanced that the Yeats concordance includes punctuation and gives cross references for the second parts of hyphenated words The frequency of every word in Yeats s poems is given and an appendix lists all indexed words in order of frequency The body of this book consists of an index of all significant words in Yeats each word listed in the line or lines in which it occurs The concordance is based on the variorum text of Yeats edited by Alspach and Allt and includes all variants that occur in printed versions of Yeats s poems The Collected Works of W. B. Yeats William Butler Yeats, 1997-10 Here is the complete standard edition of

the verse of Ireland s greatest lyric poet including poems from Yeats s plays and essays edited by internationally acclaimed Yeats scholar Richard J Finneran This top selling reference has been steadily in demand since its original publication in 1989 Index **On Form** , 2008-09-18 What is form Why does form matter In this imaginative and ambitious study Angela Leighton assesses not only the legacy of Victorian aestheticism and its richly resourceful keyword form but also the very nature of the literary She shows how writers for two centuries and more have returned to the idea of form as something which contains the

secret of art itself She tracks the development of the word from the Romantics to contemporary poets and offers close readings of among others Tennyson Pater Woolf Yeats Stevens and Plath to show how form has provided the single most important way of accounting for the movements of literary language itself She investigates for instance the old debate of form and content of form as music or sound shape as the ghostly dynamic and dynamics of a text as well as its long association with the aestheticist principle of being for nothing In a wide ranging and inventive argument she suggests that form is the key to the pleasure of the literary text and that that pleasure is part of what literary criticism itself needs to answer and convey

Christ and Culture Graham Ward, 2015-11-04 Leading theologian Graham Ward presents a stimulating series of reflections on Christ and contemporary culture Takes as its starting point Niebuhr's famous volume on Christ and Culture published in the 1970s Explores representations of Christ from sources as diverse as the New Testament and twentieth century continental philosophy Considers Christ and culture in the light of contemporary categories such as the body gender desire politics and the sublime Develops an original and imaginative Christology rooted in Scriptural exegesis and concerned with today's cultural issues The author has been described as the most visionary theologian of his generation

Collected Poems W B Yeats, 2016-07-14 As well as being one of the major literary figures of the twentieth century and the recipient of the 1923 Nobel Prize for Literature William Butler Yeats 1865-1939 is the greatest lyric poet that Ireland has produced Part of the Macmillan Collector's Library a series of stunning clothbound pocket sized classics with gold foiled edges and ribbon markers These beautiful books make perfect gifts or a treat for any book lover This edition features an illuminating introduction by author and academic Dr Robert Mighall Yeats early work includes the beguiling *When You are Old* *The Cloths of Heaven* and *The Lake Isle of Innisfree* but unusually for a poet Yeats's later works including Parnell's Funeral surpass even those of his youth All are present in this volume which reproduces the 1933 edition of W B Yeats's *Collected Poems*

[Reading Beyond the Code](#) Terence Cave, Deirdre Wilson, 2018-05-10 This book explores the value for literary studies of the model of communication known as relevance theory Drawing on a wide range of examples lyric poems by Yeats Herrick Heaney Dickinson and Mary Oliver novels by Cervantes Flaubert Mark Twain and Edith Wharton nine of the ten essays are written by literary specialists and use relevance theory both as a broad framing perspective and as a resource for detailed analysis The final essay by Deirdre Wilson co-founder with Dan Sperber of relevance theory takes a retrospective view of the issues addressed by the volume and considers the implications of literary studies for cognitive approaches to communication Relevance theory described by Alastair Fowler as nothing less than the makings of a radically new theory of communication the first since Aristotle's offers a comprehensive pragmatics of language and communication grounded in evidence about the ways humans think and behave While designed to capture the everyday murmur of conversation gossip peace making hate speech love speech body language and the chatter of the internet it covers the whole spectrum of human modes of communication including literature in the broadest sense as a characteristically human activity

Reading Beyond the Code is unique in using relevance theory as a prime resource for literary study and it is also the first to claim that the model works best for literature when understood in the light of a broader cognitive approach focusing on a range of phenomena that support an embodied conception of cognition and language This broadened perspective serves to enhance the value for literary studies of the central claim of relevance theory that the code model is fundamentally inadequate to account for human communication and in particular for the modes of communication that are proper to literature

Poetry: An Introduction Ruth Miller, Robert A Greenberg, 1981-11-11 This book provides an introduction to the elements of poetry formulates a series of contexts for the interpretation of poems and offers a substantial anthology Its purpose is to enable students to read poems with understanding and pleasure and to provide them with a basic vocabulary for analysing and talking about poems
