Lost Ark Found:

Lost Ark Found Rob Sargeant, 2005-02 Lost Ark Found is a modern day parable the tale of a grandfather and five teenagers who obtain the archeological find of the century While they seek and find physical treasures in the mountains of Vancouver Island their lives are affected much more powerfully by the truths they encounter there Using a three hundred year old handwritten journal as their guide and with a little help from a mountain man hermit the explorers overcome obstacles solve riddles and conquer their own fears to finally arrive at a mountain top aboriginal temple Inside behind an ancient door they find the Ark of the Covenant But there is a problem Only those who have clean hands and a pure heart can approach the inner alcove behind the veil One teenager among them proves to be the chosen one with a pure heart who is predestined to enter the holy of holies

Quest for Discovery Richard Carl Bright, 2001-09-01 In 1985 researchers found Titanic resting on the ocean floor and the international buzz continues Now is there evidence that the worlds other famous ship is perched on the snowy slopes of turkey s Mt Ararat Is Noah s ark myth or reality Veteran explorer Richard Bright has spent two decades investigating the claims for the wooden vessel mentioned in the Bible Over a dozen expeditions to the site and countless hours in research make Bright an authority on the ship Genesis says preserved the life of eight humans and a cargo of animals during a global cataclysm This incredible book details the dramatic climbs political intrigue and sheer danger involved in a quest for the greatest archaeological treasure of all time Never before seen photographs expedition accounts and persuasive evidences point to a massive manmade abject hidden on remote Mt Ararat Read Quest for Discovery and make up your own mind

Stones Still Speak Amanda Hope Haley, 2025-09-23 When we first encounter the Bible we are taught its stories Adam and Eve Moses and the Red Sea David and Goliath Jonah and the whale and more When a story lacks the details we crave we fill in the blanks with what we ve seen in movies read in books and been told by our Sunday school teachers But there s a better way to encounter the whole story of Scripture uncovering and understanding the ancient world and the people who experienced biblical events In Stones Still Speak Harvard trained archaeologist and theologian Amanda Hope Haley scrapes back 2 000 years of misguided cultural interpretations to reveal God s Word in its historical archaeological and literary contexts Far from a dry academic exercise this process explains how our misunderstandings developed and revitalizes the Scripture you thought you knew with the greater purpose of encouraging a more intentional rigorous study of the Bible in your daily life

The Lost Photographs Richard Carroll, 2011-07 Dr Matthew Lane has been in a lot of scrapes with his fellow archeologist Jim Morgan But neither is prepared for the trouble that lies in store as they search for what could be the biggest discovery in centuries Matt is convinced that the testimony from the Russian soldiers who swore they photographed Noah s ark protruding from the glacier in the summer of 1916 is true They claimed all the documentation measurements description of the interior cages and photographs were turned over to the czar just before the revolution A Russian immigrant Ann Tyler has carried her grandmother s secret with her for more than a decade She knows

the hiding place of The Lost Photographs that could prove the existence of Noah's ark. Has she finally found a trustworthy confidant? When Ann joins Matt and Jim to search for The Lost Photographs, they begin a journey none could have predicted. Richard Carroll deftly weaves together this fast-paced adventure based on the old stories of Russian soldiers discovering the ark on Mount Ararat. Uncover the enduring enigma of the ancient ark and the crusade to conceal the truth. Noah And The Great Flood Jerry Blount, 2017-04-17. The apostle Peter warned us that in the last days before the end times, there would be a new philosophy that would deny that there ever was a worldwide flood. They would deny that God created the world, the existence of God, and the coming end-time judgment by fire. Today we see this taking place exactly as Peter had predicted. This book provides proof of a Biblical worldwide flood and backs it up with geological data. The information in this book offers evidence of creation by an omnipotent God and a global flood as God's judgment of a sinful world. It provides evidence as to what the earth was like before the flood. It was a world which, after creation, God had declared very good. Even after the fall of man, it was still paradise compared with the world we know today. The effects of catastrophic worldwide flood changed this planet drastically. This book also offers extensive proof that disproves the theory of evolution. New scientific discoveries are showing that evolution is impossible. Also contained in this book is considerable scientific evidence showing that the earth is only a few thousand years old. This book may go against much of the popular scientific views of today, but it does so with the evidence to back it. The Bible gave us the history as well as the future of this world. The scientific and geological data that is available today fits well within that Biblical framework. In fact, it fits within the Biblical framework much better than any theories the evolutionary community has come up with, as this book will show. **Lost Ark Found** Rob Sargeant, 2014-12-16. Lost Ark Found is a modern-day tale of a grandfather and five teenagers who embark on a quest for treasure in the wilderness of Vancouver Island, British Columbia, and end up making the archaeological find of the century. Using a three-hundred-year-old handwritten journal as their guide and a little help from a mountain man hermit, the explorers overcome obstacles, solve riddles, and conquer their own fears, finally to arrive at a mountain-top aboriginal temple filled with tons of gold and an answer to one of the world's greatest mysteries. The End Of Earth Philip N. Moore, 2024-11-01. In this eye-opening exploration, discover how Moses' ancient prophecies on Israel, the coming of Jesus, and the End Times have striking connections to modern-day events. Delve into how these timeless predictions align with the unexpected rise of Donald Trump, Nostradamus' cryptic visions, and the eerie legacy of the Kennedy curse. With meticulous research, this book unravels a complex web of prophetic clues, leading to the conclusion that the mystery surrounding the assassination of JFK and its aftermath has finally been solved. Prepare to be astonished as you uncover the undeniable threads that tie together history's greatest mysteries with prophetic foresight. Is it coincidence, or is there a higher plan at work? Secret Cities of Old South America Harold T. Wilkins, 2008-11-01.
