Lost Christianities Lost Scriptures Set:

Lost Christianities Bart D. Ehrman, 2005-09-15 The early Christian Church was a chaos of contending beliefs Some groups of Christians claimed that there was not one God but two or twelve or thirty Some believed that the world had not been created by God but by a lesser ignorant deity Certain sects maintained that Jesus was human but not divine while others said he was divine but not human In *Lost Christianities* Bart D Ehrman offers a fascinating look at these early forms of Christianity and shows how they came to be suppressed reformed or forgotten All of these groups insisted that they upheld the teachings of Jesus and his apostles and they all possessed writings that bore out their claims books reputedly produced by Jesus s own followers Modern archaeological work has recovered a number of key texts and as Ehrman shows these spectacular discoveries reveal religious diversity that says much about the ways in which history gets written by the winners Ehrman s discussion ranges from considerations of various lost scriptures including forged gospels supposedly written by Simon Peter Jesus s closest disciple and Judas Thomas Jesus s alleged twin brother to the disparate beliefs of such groups as the Jewish Christian Ebionites the anti Jewish Marcionites and various Gnostic sects Ehrman examines in depth the battles that raged between proto orthodox Christians those who eventually compiled the canonical books of the New Testament and standardized Christian belief and the groups they denounced as heretics and ultimately overcame Scrupulously researched and lucidly written *Lost Christianities* is an eye opening account of politics power and the clash of ideas among Christians in the decades before one group came to see its views prevail

Lost Scriptures Bart D. Ehrman, 2005-09-15 *Lost Scriptures* offers an anthology of up to date and readable translations of many non canonical writings from the centuries after Christ texts that have for the most part been neglected or lost for nearly two millennia Here is an array of remarkably varied writings from early Christian groups whose visions of Jesus differ dramatically from our contemporary understanding Ehrman has included a general introduction plus brief introductions to each piece *Lost Scriptures* gives readers a vivid picture of the range of beliefs that battled each other in the first centuries of the Christian era It is an essential resource for anyone interested in the Bible or the early Church

Lost Scriptures Bart D. Ehrman, 2003-10-02 While most people think that the twenty seven books of the New Testament are the only sacred writings of the early Christians this is not at all the case A companion volume to Bart Ehrman s *Lost Christianities* this book offers an anthology of up to date and readable translations of many non canonical writings from the first centuries after Christ texts that have been for the most part lost or neglected for almost two millennia Here is an array of remarkably varied writings from early Christian groups whose visions of Jesus differ dramatically from our contemporary understanding Readers will find Gospels supposedly authored by the apostle Philip James the brother of Jesus Mary Magdalen and others There are Acts originally ascribed to John and to Thecla Paul s female companion there are Epistles allegedly written by Paul to the Roman philosopher Seneca And there is an apocalypse by Simon Peter that offers a guided tour of the afterlife both the glorious ecstasies of the saints and the

horrendous torments of the damned and an Epistle by Titus a companion of Paul which argues page after page against sexual love even within marriage on the grounds that physical intimacy leads to damnation In all the anthology includes fifteen Gospels five non canonical Acts of the Apostles thirteen Epistles a number of Apocalypses and Secret Books and several Canon lists Ehrman has included a general introduction plus brief introductions to each piece This important anthology gives readers a vivid picture of the range of beliefs that battled each other in the first centuries of the Christian era *Forbidden Texts on the Western Frontier* Tony Burke, 2016-01-28 North American study of the Christian Apocrypha is known principally for its interest in using noncanonical texts to reconstruct the life and teachings of Jesus and for its support of Walter Bauer's theory on the development of early Christianity The papers in this volume presented in September 2013 at York University in Toronto challenge that simplistic assessment by demonstrating that U S and Canadian scholarship on the Christian Apocrypha is rich and diverse The topics covered in the papers include new developments in the study of canon formation the interplay of Christian Apocrypha and texts from the Nag Hammadi library digital humanities resources for reconstructing apocryphal texts and the value of studying late antique apocrypha Among the highlights of the collection are papers from a panel by three celebrated New Testament scholars reassessing the significance of the Christian Apocrypha for the study of the historical Jesus *Forbidden Texts on the Western Frontier* demonstrates the depth and breadth of Christian Apocrypha studies in North America and offers a glimpse at the achievements that lie ahead in the field **What Is Scripture?** L. Timothy Swinson, 2014-10-15 Analysis of the literary scheme of the letters to Timothy suggests that *graphe* as it is employed in each letter may legitimately be understood to include some of the apostolic writings that now appear in the New Testament In affirming the Pauline authorship of the Pastoral Epistles Swinson argues that a form of the Gospel of Luke stands as the source of the second referent of *graphe* in 1 Tim 5:18 Second Swinson contends that *pasa graphe* in 2 Tim 3:16 includes the apostolic writings extant in Paul's day specifically Luke's Gospel and some of Paul's own writings These parallel lines of analysis demonstrate that Paul ascribes to his own writings and to those of his coworkers an authoritative standing equal to that of the sacred writings *ta hiera grammata* found in the Old Testament While many questions surrounding biblical authority and the biblical canon remain Paul's use of *graphe* in 1 and 2 Timothy nevertheless advances a high view of both Old Testament and New Testament Scripture **The Written Gospel** Markus Bockmuehl, Donald A. Hagner, 2005-07-28 This book comprehensively surveys the origin production and reception of the canonical gospels in the early church The discussion unfolds in three steps Part One traces the origin of the gospel of Jesus its significance in Jewish and Hellenistic contexts of the first century and its development from eyewitness memory to oral tradition and written text Part Two then more specifically examines the composition design and intentions of each of the four canonical gospels Widening the focus Part Three first asks about gospel writing as viewed from the perspective of ancient Jews and pagans before turning to the question of reception history in the proliferation of apocryphal gospels in the formation of the canon and in the beginnings of

a gospel commentary tradition *Neither Jew nor Greek* James D. G. Dunn, 2015 In *Christianity in the Making* James D. G. Dunn examines in depth the major factors that shaped first generation Christianity and beyond exploring the parting of the ways between Christianity and Judaism the Hellenization of Christianity and responses to Gnosticism He mines all the first and second century sources including the New Testament Gospels New Testament apocrypha and such church fathers as Ignatius Justin Martyr and Irenaeus showing how the Jesus tradition and the figures of James Paul Peter and John were still esteemed influences but were also the subject of intense controversy as the early church wrestled with its evolving identity

Introduction to the Synoptic Gospels Pheme Perkins, 2009-11-13 In this book respected New Testament scholar Pheme Perkins delivers a clear fresh informed introduction to the earliest written accounts of Jesus Matthew Mark and Luke situating those canonical Gospels within the wider world of oral storytelling and literary production of the first and second centuries Cutting through the media confusion over new Gospel finds Perkins's *Introduction to the Synoptic Gospels* presents a balanced responsible look at how the Gospels of Matthew Mark and Luke came to be and what they mean *The Secret Legacy of Jesus* Jeffrey J. Bütz, 2009-12-21 Shows how the true teachings of Jesus were passed down through the centuries and shaped the vision of the Founding Fathers Reveals for the first time the hidden link that connects James the Brother of Jesus Islam the Cathars the Knights Templar and Freemasonry Shows how the Founding Fathers used these teachings enshrined in Masonic principles to build a new nation With the success of Paul's desire to impose his vision for the Church the true teachings of Jesus as preserved by his family and disciples were forced into hiding This clandestine movement was evidenced by such early groups as the Nazarenes Ebionites and Elkesaites but is generally thought to have died out when the Church of Paul branded these groups as heretics However despite the ongoing persecution by the Roman Catholic orthodoxy this underground Jewish strain of Christianity was able to survive and resist incorporation into its more powerful rival Jeffrey Bütz author of *The Brother of Jesus and the Lost Teachings of Christianity* reveals for the first time the hidden theological link that connects James the Brother of Jesus and the Ebionites with the religion of Islam the Cathars the Knights Templar and Freemasonry In *The Secret Legacy of Jesus* Bütz demonstrates how this centuries old underground stream of Christ's original teachings remained alive and how it surfaced again in Colonial America where the Founding Fathers used Masonic principles rooted in Jewish Christian teachings to establish what they believed would be a New Jerusalem With the rise of a fundamentalist Christianity this potent spiritual vision was lost but Bütz contends it can be recovered and used to bring about the reconciliation of Christians Jews and Muslims throughout the world *The Secret Gospel of Mark* Geoffrey S. Smith, Brent C. Landau, 2023-03-21 A groundbreaking account of the Secret Gospel of Mark one of the most hotly debated documents in Christian history In 1958 at the ancient Christian monastery of Mar Saba just outside Jerusalem Columbia University scholar Morton Smith claimed to have unearthed a letter written by the Christian philosopher Clement of Alexandria and containing an excerpt from a previously unknown version of the canonical Gospel of Mark This excerpt

recounts a story of Jesus's apparent sexual encounter with a young resurrected disciple. In recent years an influential group of researchers has alleged that no Secret Gospel or letter of Clement existed in antiquity and that the manuscript that Morton Smith found was a modern forgery created by none other than Smith himself. In this book Geoffrey S. Smith and Brent C. Landau enter into the controversy surrounding this document and argue that the Secret Gospel of Mark is neither a first century alternative gospel nor a twentieth century forgery by the scholar who announced its discovery. Instead this account is intimately bound up with the history of Mar Saba, one of the oldest monasteries in the Christian world. In this fascinating work Smith and Landau present the realities and misconceptions surrounding not only the now lost manuscript but also its brilliant enigmatic and acerbic discoverer Morton Smith.

Truth and Fiction in The Da Vinci Code Bart D. Ehrman, 2006-05-18 In his staggeringly popular work of fiction Dan Brown states up front that the historical information in the *The Da Vinci Code* is all factually accurate But is this claim true As historian Bart D Ehrman shows in this informative and witty book *The Da Vinci Code* is filled with numerous historical mistakes Did the ancient church engage in a cover up to make the man Jesus into a divine figure Did Emperor Constantine select for the New Testament from some 80 contending Gospels the only four Gospels that stressed that Jesus was divine Was Jesus Christ married to Mary Magdalene Did the Church suppress Gospels that told the secret of their marriage Bart Ehrman thoroughly debunks all of these claims But the book is not merely a laundry list of Brown's misreading of history Throughout Ehrman offers a wealth of fascinating background information all historically accurate on early Christianity He describes for instance the discovery of the Dead Sea Scrolls outlines in simple terms how scholars of early Christianity determine which sources are most reliable and explores the many other Gospels that have been found in the last half century In his engaging book Ehrman separates fact from fiction the historical realities from the flights of literary fancy Anyone who would like to know the truth about the beginnings of Christianity and the real truth behind *The Da Vinci Code* will find this book riveting
