Me Again Uncollected Writings Of Stevie Smith:

Me Again Stevie Smith,1982 *Me Again* Stevie Smith,1981 **Me Again, Uncollected Writings of Stevie Smith**
Stevie Smith,2005 A collection of various writings stories essays and criticism with the author s individual humour and perception *Me Again : Uncollected Writings of Stevie Smith* Jack Barbera,Stevie Smith,1982 *Me Again* Stevie Smith,1983 *The Collected Poems of Stevie Smith* Stevie Smith,1975 **Stevie Smith and the Aphorism** Noreen Masud,2023-01-23 Explores the literature of Stevie Smith with particular emphasis on the importance of the aphorism a short witty saying which expresses a general truth It argues that the aphorism offers Smith a means of managing emotional statements in her work enabling her to make and make light of sincere or dramatic communications *Stevie Smith's Resistant Antics* Laura Severin,1997 The author explores the connections between Smiths work and mass media production twentieth century historical events her romantic and Victorian predecessors and such contemporaries as Virginia Woolf Dorothy Parker Aldous Huxley and Evelyn Waugh By presenting Smith in the cultural milieu surrounding World War II Severin illuminates the still dark period of British womens writing from 1930 to 1960 Focusing on the complete works of Stevie Smith Severin suggests that Smiths boundary crossing art forms which transgress genres and even media represent an attempt to undo the coherence of femininity as defined in the conservative period of World War II *Stevie Smith* R. Huk,2004-12-10 In this first book length study of Stevie Smith Romana Huk reassesses the work of this major twentieth century woman writer as emerging not only from the practices of female literary modernism but also from within the tumultuous cultural context of mid century Europe Huk considers both the poems and the novels in the light of their cultural and literary context Amongst the work treated here is Smith s rarely discussed trilogy of novels *Novel on Yellow Paper* *Over the Frontier* and *The Holiday* Aphoristic Modernity ,2019-10-01 For the first time in scholarship this essay collection interprets modernity through the literary micro genres of the aphorism the epigram the maxim and the fragment Situating Friedrich Nietzsche and Oscar Wilde as forerunners of modern aphoristic culture the collection analyses the relationship between aphoristic consciousness and literary modernism in the expanded purview of the long twentieth century through the work of a wide range of authors including Samuel Beckett Max Beerbohm Jorge Luis Borges Katherine Mansfield and Stevie Smith From the romantic fragment to the tweet *Aphoristic Modernity* offers a compelling exploration of the short form s pervasive presence both as a standalone artefact and as part of a larger textual and cultural matrix **Poetry Off the Page** Laura Severin,2017-03-02 This study examines the performed poetry of Charlotte Mew Anna Wickham Edith Sitwell Stevie Smith Liz Lochhead and Jackie Kay as an alternative radical tradition of British poetry developed to convey women s experience Through a historical treatment in which the poets are discussed in pairs the chapters trace how these six women used a performative poetry to deal with difficulties regarding women s representation from simply presenting difference in the case of Mew and Wickham to deconstructing difference in the case of Sitwell and Smith to avoiding the recapture of

cultural imagery in the case of Lochhead and Kay Laura Severin claims that twentieth century British women poets have been neglected by both feminist and more traditional literary critics because they cannot be read within available literary frameworks Feminist criticism in particular has overlooked the value of other poetic ancestries by locating the only radical tradition of modern poetry in fractured form At least one alternative radical tradition can be found in a narrative and performed poetry that maximizes its transgressive potential with multiple framing devices Though a female poet always experiences difficulty in controlling both cultural imagery and her own public presentation these framing devices work together both to deconstruct the essentialized category of woman and to recover the multiplicity of women s experience

Women, Modernism and British Poetry, 1910-1939 Jane Dowson, 2017-03-02 Primarily a literary history *Women Modernism and British Poetry 1910 1939* provides a timely discussion of individual women poets who have become or are becoming well known as their works are reprinted but about whom little has yet been written This volume recognizes the contributions overlooked previously of such British poets as Anna Wickham Nancy Cunard Edith Sitwell Mina Loy Charlotte Mew May Sinclair Vita Sackville West and Sylvia Townsend Warner and the impact of such American poets as H D Amy Lowell Edna St Vincent Millay Marianne Moore and Laura Riding on literary practice in Britain This book primarily maps the poetry scene in Britain but identifies the significance of the network of writers between London New York and Paris It assesses women s participation in the diversity of modernist developments which include avant garde experiments quiet but subtly challenging formalism and assertive new woman voices It not only chronicles women s poetry but also their publications and involvement in running presses bookshops and writing criticism Although historically situated it is written from the perspective of contemporary debates concerning the interface of gender and modernism The author argues that a cohering aesthetic of the poetry is a denial of femininity through various evasions of gendered identity such as masking male and female impersonations and the rupturing of realist modes

The History of British Women's Writing, 1945-1975 Clare Hanson, Susan Watkins, 2017-09-14 This volume reshapes our understanding of British literary culture from 1945 1975 by exploring the richness and diversity of women s writing of this period Essays by leading scholars reveal the range and intensity of women writers engagement with post war transformations including the founding of the Welfare State the gradual liberalization of attitudes to gender and sexuality and the reconfiguration of Britain and the empire in the context of the Cold War Attending closely to the politics of form the sixteen essays range across literary middlebrow and popular genres including espionage thrillers and historical fiction children s literature and science fiction as well as poetry drama and journalism They examine issues including realism and experimentalism education class and politics the emergence of second wave feminism responses to the Holocaust and mass migration and diaspora The volume offers an exciting reassessment of women s writing at a time of radical social change and rapid cultural expansion
