Meaning Of Masonry

Meaning Of Masonry:

The Meaning Of Masonry (Annotated Edition) W. L. Wilmshurst, 2013-10-17 This most interesting and illuminative work is worthy a place on every Mason's bookshelf. It seems taken for granted says the author that reception into the Order will automatically be accompanied by an ability to appreciate forthwith and at its full value all that one there finds. The contrary is the case for Masonry is a veiled and cryptic expression of the difficult science of spiritual life and the understanding of it calls for special and informed guidance on the one hand and on the other a genuine and earnest desire for knowledge and no small capacity for spiritual perception on the part of those seeking to be instructed. In Freemasonry as in all phases of life many are called but few are chosen. Masonry is not a mere formalism but a life to be lived. If you do not live the life you cannot know the doctrine. Masonry is an effort to perpetuate the essential doctrines of the Ancient Mysteries but alas it does so in a very perfunctory manner. So veiled are its allegories and symbols that it is almost impossible to penetrate into the Holy of Holies.

The Meaning of Masonry Walter L. Wilmshurst, 2016-07-28 THE papers here collected are written solely for members of the Masonic Order constituted under the United Grand Lodge of England. They have been written with a view to promoting the deeper understanding of the meaning of Masonry. *The Meaning of Masonry*, 1993

The Occult Meaning of Masonry The Professor, 2020-09-27 THE OCCULT MEANING OF MASONRY ITS SYMBOLS AND THE CHAKRA SYSTEM is primarily a book of Masonic correspondence to the Hindu Chakra system and all systems of thought including The Kybalion, Hebrew Kabbalah, Astral Travel and both the Terrestrial and Celestial bodies. These Masonic correspondences also extend into the field of Musical Harmonics, Magick, occult anatomy and Mental Alchemy. Although the subject matter is specifically tailored towards the study of Freemasonic symbolism and caters to those who have joined the order, this book is written in a manner that will allow any student on the subject of Masonic symbols to digest the information put forth easily. The Occult Meaning of Masonry has literal step by step practical applications on topics ranging from Hermeticism, mantras, sigils, dream recall, lucid dreaming and lucid dreaming supplements to the invocation of Spirits. This document is written in an easy to read style. The format is as such to make it the ultimate reference book on all things Masonic. An extensive and detailed bibliography along with suggested reading to help the novice new to occult studies can be found as well. This book provides fascinating insight into the secretive order of Freemasonry. Almost certainly not what's to be expected considering the subject matter. And yet at the same time so much more. Freemasonry is known as a Speculative Craft and its symbols have been giving fresh color so to speak.

Perkins, 2011-05 [The Meaning of Masonry, Revised Edition](#) W. L. Wilmshurst, 2007-11 W L Wilmshurst's powerful vision of the rites and rituals of Freemasonry as a spiritual philosophy begins with this book Here Masonry is presented as a sacramental system represented not only by the ceremonies as experienced in the initiations but also by an internal and mystical side hidden behind the visible symbolism available only to the Mason who has learned to use his spiritual imagination and who can appreciate the reality that lies behind the veil This new revised edition features a more readable modern typeface and is enriched with extensive notes to make many of its points more accessible for both British and American students of Freemasonry Prominent Masonic author Robert G Davis calls this book An easy to read and gratifying work which affirms Wilmshurst's interpretation that the progressive lessons of Craft Masonry are nothing less than the spiritual journey of the psyche toward full realization

explanation of it that one constantly hears called for and that becomes all the more necessary in view of the unprecedented increase of interest in and membership of the Order at the present day The meaning of Masonry however is a subject usually left entirely unexpounded and that accordingly remains largely unrealized by its members save such few as make it their private study the authorities of what in all other respects is an elaborately organized and admirably controlled community have hitherto made no provision for explaining and teaching the noble science which Masonry proclaims itself to be and was certainly designed to impart
