Puppetmaster The Secret Life:

Puppetmaster Richard Hack, 2004-01-01 J Edgar Hoover the most powerful lawman in America for more than fifty years was also the country's most controversial and feared public servant His career as director of the Federal Bureau of Investigation spanned nine different presidential administrations During that time Hoover completely reshaped domestic law enforcement transforming his G men into an elite national crime fighting division Despite his contributions to the criminal justice system Hoover fell from favor soon after his death the victim of rampant rumors and innuendo In *Puppetmaster* Richard Hack separates truth from fiction to reveal the most hidden secrets of Hoover's private life and exposes previously undisclosed conduct that threatened to compromise the security of the entire nation Based on files documents and over 100 000 pages of FBI memos and State Department papers Hack rips the lid off Hoover's facade of propriety to detail a life replete with sexual indiscretions criminal behavior and a long standing alliance with the Mafia *Puppetmaster: The Secret Life* Richard Hack, 2001-01-01 While many of J Edgar Hoover's achievements and insecurities are well documented the author of *Hughes and Clash of the Titans* reveals for the first time the most hidden secrets of Hoover's private life and exposes previously undisclosed conduct that threatened to compromise the security of the entire nation of photos [Borgata: Rise of Empire](#) Louis Ferrante, 2023-11-09 The American mafia has long held powerful sway over our collective cultural imagination But how many of us truly understand how a clandestine Sicilian criminal organisation came to exert its influence over nearly every level of American society In *BORGATA RISE OF EMPIRE* former mafia member Louis Ferrante pulls back the curtain on the criminal organisation that transformed America From the potent political cauldron of nineteenth century Sicily to American cities such as New Orleans New York and the gangster's paradise of Las Vegas Ferrante traces the social economic and political forces that powered the mafia's unstoppable rise We follow the early mob as they provide alcohol to the American public during prohibition aid U S Naval Intelligence during the Second World War establish a gambling mecca in the Nevada desert and unofficially take control of the island of Cuba Ferrante's vivid portrayal of early American mobsters among them Lucky Luciano Vito Genovese Frank Costello and Meyer Lansky fills in crucial gaps of mafia history to deliver the most comprehensive account yet of the world's most famous criminal fraternity This volume is the first in a groundbreaking new trilogy from a man who has seen it all from the inside Ferrante's masterful account journeys from the group's inauspicious beginnings to the height of their power as the most influential organised criminal network in America

Masked Voices Craig M. Loftin, 2012-04-02 Finalist for the 2013 Over the Rainbow Selection presented by the Gay Lesbian Bisexual and Transgendered Round Table GLBTRT of the American Library Association In this compelling social history Craig M Loftin describes how gay people in the United States experienced the 1950s and early 1960s a time when rapidly growing gay and lesbian subcultures suffered widespread discrimination The book is based on a remarkable and unique historical source letters written to *ONE* magazine the first openly gay publication in the United States These letters

most of which have never before been published provide extraordinary insight into the experiences thoughts and feelings of gay men and lesbians nationwide especially as they coped with the anxieties of the McCarthy era The letters reveal how gay people dealt with issues highly relevant to LGBT life today including job discrimination police harassment marriage homophobia in families and persecution in churches and the military Loftin shows that gay men and lesbians responded to intolerance and bigotry with resilience creativity and an invigorated belief in their right to live their lives as gay men and lesbians long before this was accepted and considered safe Groundbreaking chapters address gay marriage and family life international gay activism and how antigay federal government policies reverberated throughout the country

Dishonorable Passions William N. Eskridge Jr.,2008-05-01 From the Pentagon to the wedding chapel there are few issues more controversial today than gay rights As William Eskridge persuasively demonstrates in *Dishonorable Passions* there is nothing new about this political and legal obsession The American colonies and the early states prohibited sodomy as the crime against nature but rarely punished such conduct if it took place behind closed doors By the twentieth century America's emerging regulatory state targeted degenerates and later homosexuals The witch hunts of the McCarthy era caught very few Communists but ruined the lives of thousands of homosexuals The nation's sexual revolution of the 1960s fueled a social movement of people seeking repeal of sodomy laws but it was not until the Supreme Court's decision in *Lawrence v Texas* 2003 that private sex between consenting adults was decriminalized With dramatic stories of both the hunted Walt Whitman and Margaret Mead and the hunters Earl Warren and J Edgar Hoover *Dishonorable Passions* reveals how American sodomy laws affected the lives of both homosexual and heterosexual Americans Certain to provoke heated debate *Dishonorable Passions* is a must read for anyone interested in the history of sexuality and its regulation in the United States

Dishonorable Passions William N. Eskridge,2008 A history of the government's regulation of sexual behavior traces the historical purposes behind the prohibition against sodomy in early America and continues with a discussion of how the law was referenced in different contexts in later years covering such topics as the McCarthy era the sexual revolution of the 1960s and the 2003 Supreme Court decision to decriminalize private sex between consenting adults 20 000 first printing

The Gospel of J. Edgar Hoover Lerone A. Martin,2024-11-05 The shocking untold story of how the FBI partnered with white evangelicals to champion a vision of America as a white Christian nation On a Sunday morning in 1966 a group of white evangelicals dedicated a stained glass window to J Edgar Hoover The FBI director was not an evangelical but his Christian admirers anointed him as their political champion believing he would lead America back to God The Gospel of J Edgar Hoover reveals how Hoover and his FBI teamed up with leading white evangelicals and Catholics to bring about a white Christian America by any means necessary Lerone Martin draws on thousands of newly declassified FBI documents and memos to describe how under Hoover's leadership FBI agents attended spiritual retreats and worship services creating an FBI religious culture that fashioned G men into soldiers and ministers of Christian America Martin shows how prominent

figures such as Billy Graham Fulton Sheen and countless other ministers from across the country partnered with the FBI and laundered bureau intel in their sermons while the faithful crowned Hoover the adjudicator of true evangelical faith and allegiance These partnerships not only solidified the political norms of modern white evangelicalism they also contributed to the political rise of white Christian nationalism establishing religion and race as the bedrock of the modern national security state and setting the terms for today's domestic terrorism debates Taking readers from the pulpits and pews of small town America to the Oval Office and from the grassroots to denominational boardrooms The Gospel of J Edgar Hoover completely transforms how we understand the FBI white evangelicalism and our nation's entangled history of religion and politics

The Federal Bureau of Investigation Douglas M. Charles, Aaron J. Stockham, 2022-05-18 This authoritative set provides a one stop resource for understanding specific FBI controversies as well as for those looking to understand the full history law enforcement authority and inner workings of the nation's most famous and important federal law enforcement agency This authoritative two volume reference resource uses a combination of encyclopedia entries and primary sources to provide a comprehensive overview of the FBI detailing its history most famous leaders and agents institutional structure and authority law enforcement responsibilities reporting relationships to other parts of government and major events and controversies Today the FBI sits squarely at the intersection of major controversies surrounding the presidential campaign and administration of Donald Trump foreign interference in U S elections and politicization of law enforcement But the FBI has always been in the political spotlight its history is dotted with episodes that have come under heavy scrutiny from its surveillance of civil rights leaders during the 1960s to the methods it employs to combat domestic terrorism in the post 9 11 era And all the while FBI agents and offices across the country continue to investigate a wide range of lawbreaking from organized crime in all its facets to white collar crime and corruption by public officials The Birth of the FBI Willard M. Oliver, 2019-07-16 Most people believe the Federal Bureau of Investigation began under J Edgar Hoover in the 1920s or 1930s Many also naturally assume it was developed for the express purpose of fighting crime However the reality is very different The reality is it began years earlier in 1908 under President Theodore Roosevelt In The Birth of the FBI Teddy Roosevelt the Secret Service and the Fight Over America's Premier Law Enforcement Agency Willard Oliver details the political fight that led to the birth of America's premier law enforcement agency Roosevelt was concerned about conservation and one issue he wanted enforced were the fraudulent land deals being perpetrated by many people including some members of Congress When he began using the Secret Service to investigate these crimes Congress blocked him from doing so The end result of this political spat was Roosevelt's creation of the FBI which heightened the political row between the two branches of government in the final year of Roosevelt's presidency The truth of the matter is the premier law enforcement agency in the United States was actually created because of a political fight between the executive and legislative branches of government The Birth of the FBI reveals the true story behind the birth of the FBI and provides some useful insight into an

important part of our American history LBJ: The Mastermind of the JFK Assassination Phillip F. Nelson, 2013-07-01 LBJ aims to prove that Vice President Johnson played an active role in the assassination of President Kennedy and that he began planning his takeover of the U S presidency even before being named the vice presidential nominee in 1960 Lyndon B Johnson's flawed personality and character traits formed as a child grew unchecked for the rest of his life as he suffered severe bouts of manic depressive illness He successfully hid this disorder from the public as he bartered stole and finessed his way through the corridors of power on Capitol Hill though it's recorded that some of his aides knew of his struggle with bipolar disorder After years of researching Johnson and the JFK assassination Phillip F Nelson conclusively shows that LBJ had an active role in JFK's assassination and he includes newly uncovered photographic evidence proving that Johnson knew when and where Kennedy's assassination would take place Nelson's careful and meticulous research has led him to uncover secrets from one of the greatest unsolved mysteries in our country's history
