Radiation Safety in Nuclear Medicine Gopal B. Saha, 2019-07-16 This book is a collection of all pertinent information on radiation safety applicable in nuclear medicine and research using radioactive materials. Radiation exposure causes harm to humans and is strictly controlled by several regulatory authorities NRC FDA EPA DOT etc. The practice of nuclear medicine involves the use of radioactive materials in patients and research and is well regulated by these agencies. However information on radiation safety practice in nuclear medicine and research areas is scattered throughout the literature and federal registers. For busy nuclear technologists and professionals it is quite time consuming to look for and acquire specific information and instructions to follow in radiation related occasions and incidents. This guide provides ready made handy

information on radiation safety as required in the practice of nuclear medicine presented in a concise form for easy understanding and quick reference related to a given situation and or incident This is an ideal reference for nuclear medicine physicians nuclear medicine technologists and researchers using radioactive materials **Radiation Safety Training**
