The Radical Leap Steve Farber, 2014-09-01 A new tenth anniversary edition of the leadership classic that was hailed as one of the 100 Best Business Books of All Time In his exciting and timeless business parable The Radical Leap Steve Farber explores an entirely new leadership model one in which leaders aren't afraid to take risks make mistakes in front of employees or actively solicit employee feedback His book dispenses with the typical tired notions of what it means to be a leader Farber's modern parable begins on a sunny California beach where he has a strange and unexpected encounter with a surfer named Edg Despite his unassuming appearance the enigmatic Edg seems to know an awful lot about leadership and this brief interaction propels Steve into an unforgettable journey Along the way he learns about Extreme Leadership and what it means to take the Radical Leap Cultivate Love Generate Energy Inspire Audacity Provide Proof Geared to people at any level who aspire to change things for the better The Radical Leap is creating legions of Extreme Leaders in business education non profits and beyond

The Radical Leap Steve Farber, 2009-03-03 The business world is ready for an entirely new approach to leadership Steve Farber has written the perfect book to energize business leaders and help them make the leap into extreme leadership In fact taking a giant L E A P forward is exactly what Farber prescribes What exactly is an extreme leader One who cultivates love generates energy inspires audacity and provides proof In his exciting and innovative business parable The Radical Leap Farber explores an entirely new leadership model one in which leaders are not afraid to take risks make mistakes in front of employees or actively solicit employee feedback His book dispenses with the typical tired notions of what it means to be a leader Farber former Vice President and Official Mouthpiece of the Tom Peters Company has written a business parable like no other filled with vivid fully realized and eccentric characters crazy plot twists honest and believable conversations about leadership and most importantly an innovative program for leaders to inspire and engage their companies In The Radical Leap we meet Steve a leadership consultant who is intrigued and challenged by an enigmatic man named Edg from whom he learns the concept of L E A P Steve is then asked to help a friend Janice overcome conflicts at the biotech company where she works and bring back the company's inspiring former CEO The company is revitalized having undergone a radical and successful transformation Farber's book reveals the questions leaders must ask themselves in order to truly become extreme leaders including Why do I love my business my employees and my customers and how can I show them how I feel What effect do my actions have on the energy of the people around me OR what are the unnecessary time consuming bureaucratic policies and procedures that suck our energy How are we going to change the world of our company

our employees customers marketplace and industry What have I done today to show my commitment to my colleagues and customers *The Radical Leap* Steve Farber,2014-09 The Radical Leap is a business parable originally launched in 2004 In the last 10 years the book has sold over 100 000 copies and inspires business leaders all over the world to bring Love Energy Audacity and Proof to their work and their life *The Radical Edge* Steve Farber,2014-09-07 In his bestselling book The Radical Leap Steve Farber introduced readers to Extreme Leadership showing them how to renew their passion and excitement and become committed to changing the world for the better by disregarding normal constraints Now Farber takes us to a new level of self discovery in The Radical Edge Re energized from a recent transformational experience Steve attempts to coach a young VP who has superstar sales skills but a severe and demoralizing leadership style Along the way a cast of provocative characters challenges us to stoke the fires of success amplify personal joy and change the world for the better all at the same time *The Radical Leap Re-Energized* Steve Farber,2011-05-20 *Life* M. Kronegger,Anna-Teresa Tymieniecka,2012-12-06 In her Introduction Tymieniecka states the core theme of the present book sharply Is culture an excess of nature s prodigious expansiveness an excess which might turn out to be dangerous for nature itself if it goes too far or is culture a natural congenial prolongation of nature life If the latter then culture is assimilated into nature and thus would lose its claim to autonomy its criteria would be superseded by those of nature alone Of course nature and culture may both still be seen as being absorbed by the inner powers of specifically human inwardness on which view human being caught in its own transcendence becomes separated radically in kind from the rest of existence and may not touch even the shadow of reality except through its own prism Excess therefore or prolongation And on what terms The relationship between culture and nature in its technical phase demands a new elucidation Here this is pursued by excavating the root significance of the multiple rationalities of life In contrast to Husserl who differentiated living types according to their degree of participation in the world the phenomenology of life disentangles living types from within the onto-poietic web of life itself The human creative act reveals itself as the Great Divide of the Logos of Life a divide that does not separate but harmonizes thus dispelling both naturalistic and spiritualistic reductionism **Impetus and Equipose in the Life-Strategies of Reason** Anna-Teresa Tymieniecka,2000-12-31 Employing her original concept of the onto-poiesis of life the author uncovers the intrinsic law of the primogenital logos that which operates in the working of the indivisible dyad of impetus and equipose This is the crucial intrinsically motivated device of logoc constructivism This key instrument is engaged is at play at every stage of the advance of life In a feat unprecedented in the history of western philosophy the emergence and unfolding of the entire orbit of the human universe is shown to bear out this insight Furthermore the intrinsic rhythms of impetus and equipose are taken as a guide in uncovering the workings of the logos all at once in contrast to the piecemeal exposition of a single line of argument In a schema covering the entire career of beingness in becoming between the infinities of origin and destiny an historically unprecedented harmonizing all sectors of rationality is accomplished in a span of reflection

The Scandal of a Divine Messiah Brian J. Crawford,2024-12-30 In this groundbreaking book Brian J Crawford navigates the complex intellectual landscape that has traditionally separated Jews and Christians His focus is on a scandalous claim God became a man as Jesus of Nazareth Since the Middle Ages Jewish philosophers have said such an idea is impossible and absurd and Jewish mystics have said the idea is redundant for all things are inhabited by divine sparks By critically examining the philosophical underpinnings of the Maimonidean and Kabbalistic thought that has shaped Jewish theology Crawford constructs a compelling case for the incarnation that is grounded in the Hebrew Scriptures consistent with history informed by science and illuminated by philosophical inquiry Included within is a deep interaction with Maimonides s Guide to the Perplexed the Jewish mystical tradition historical Christian orthodoxy and Messianic Jewish theology This landmark study promises to reinvigorate Jewish Christian discourse on the nature of God the Jewishness of the Trinity and the incarnation and the role of philosophy in Judaism and Christianity

Counterfeit Politics David Kelman,2012-10-20 In Counterfeit Politics David Kelman reassesses the political significance of conspiracy theory Traditionally political theory has sought to banish the paranoid style from the proper domain of politics But if conspiracy theory lies outside the sphere of legitimate politics why do these narratives continue to haunt political life Counterfeit Politics accounts for the seemingly ineradicable nature of conspiracy theory by arguing that all political statements ultimately take the form of conspiracy theory Through careful readings of works by Ernest Hemingway Ricardo Piglia Thomas Pynchon Don DeLillo Jorge Luis Borges Ishmael Reed Jorge Volpi Rigoberta Mench and ngel Rama Kelman demonstrates that conspiracy narratives bear witness to an illegitimate or counterfeit secret that

cannot be fully recognized understood and controlled Even though the secret is not authorized to speak this silence is nevertheless precisely what gives the secret its force Kelmangoes on to suggest that all political statements even those that do not seem paranoid are constitutively illegitimate or counterfeit since they always narrate this unresolved play of legitimacy between an official or authorized plot and an unofficial or unauthorized plot a complot In short Counterfeit Politics argues that politics only takes place as conspiracy theory

Monsters in the Classroom: Noam Chomsky, Human Nature, and Education Philip G. Hill, 2023 In this lucid original and comprehensive work the articulated approaches to pedagogy are based on specific conceptions of human nature Drawing on a vast range of Chomsky's prodigious output in linguistics politics biology cognitive science and education Hill highlights two fundamental elements of Chomsky's understanding of human nature and uses these elements as the foundation of a highly creative approach to pedagogy The originality of the work is apparent in the way the author identifies how key ideas in Chomsky's linguistics and political discourse are rooted in a liberatory approach to education The value of the work lies in its practical nature Even though it makes reference to ideas in various academic disciplines the work's overall value is reflected in the way ideas relate to Hill's personal teaching experiences and how they apply in a concrete classroom setting The reader is offered a practical and highly creative way to apply Chomsky's understanding of human nature in a classroom setting

The God Within Emil Fackenheim, 1996-12-15 For nineteenth century thinkers the central problem of religious consciousness in the modern West was the tension between prevailing concepts of individual autonomy and the traditional Judaeo-Christian claim for divine revelation The God Within brings together ten of Professor Emil Fackenheim's essays on the German Idealists who struggled to resolve this tension This philosophic preoccupation found its most searching and comprehensive expression when the traditional notion of God as Transcendent was reconceptualized as the God within The internalization of God's otherness reached its climax with Hegel the subject of Fackenheim's earlier work The Religious Dimension in Hegel's Thought This long awaited companion to that volume examines the earlier stages of the process beginning with its initiator Kant then considering Schelling in both his earlier and later phases and finally looking once more at Hegel The investigation of this movement together with the related themes of history and the literary arts leads to reflection on the significance of taking historicity seriously Included is the classic much cited article Metaphysics and Historicity which connects the philosophy of German Idealists to twentieth century questions of historicity and existential thought in particular The previously unpublished essay Schelling in 1800 1801 Art as Revelation provides an overview of philosophical history from Kant through Fichte and Schleiermacher to the later Schelling All the essays gathered here are concerned with the radical singularity of history and existence on the one hand and the demands of philosophical truth on the other They are informed by Professor Fackenheim's engagement with the profound philosophical challenges of our day particularly his efforts as a Jewish theologian to confront the horrors of the Holocaust We see through Fackenheim's exposition how these thinkers sought to
