Radical Right Wing Populism In Western Europe

Elisabeth Carter

Radical Right Wing Populism In Western Europe:

Radical Right-Wing Populism in Western Europe Hans-Georg Betz, 1994-09-12 Studies the new West European parties of the radical populist right arguing that in distancing themselves from the reactionary politics of the traditional extremist right these parties have become a significant challenge to the established structure and politics of West European democracy today

Radical Right-Wing Populist Parties in Western Europe Tjitske Akkerman, Sarah de Lange, Matthijs Rooduijn, 2016-05-18 Radical right wing populist parties such as Geert Wilders Party for Freedom Marine Le Pen's National Front or Nigel Farage's UKIP are becoming increasingly influential in Western European democracies Their electoral support is growing their impact on policy making is substantial and in recent years several radical right wing populist parties have assumed office or supported minority governments Are these developments the cause and or consequence of the mainstreaming of radical right wing populist parties Have radical right wing populist parties expanded their issue profiles moderated their policy positions toned down their anti establishment rhetoric and shed their extreme right reputations to attract more voters and or become coalition partners This timely book answers these questions on the basis of both comparative research and a wide range of case studies covering Austria Belgium Denmark Finland France the Netherlands Norway Switzerland and the United Kingdom Analysing the extent to which radical right wing populist parties have become part of mainstream politics as well as the factors and conditions which facilitate this trend this book is essential reading for students and scholars working in European politics in addition to anyone interested in party politics and current affairs more generally

The Radical Right in Western Europe Herbert Kitschelt, Anthony J. McGann, 1997 An in depth analysis of radical right parties in seven countries

The Radical Right and the Radical Right-wing Populism in Western Europe Hans-Georg Betz, 1991

Institutional Roles and Radical Right-Wing Populism Anna Heapy-Silander, 2025-02-27 This book examines how the proximity to government and different institutional roles being in opposition government or supporting a minority government influence European radical right wing populist RRWP parties discourse Analysing case studies of different institutional roles Finns Party opposition Fidesz government and the Danish People's Party supporting a minority government the book presents how the framing of the RRWP's ideology and policies adapt to decision making and power It investigates whether there are alternative factors which better explain the possible changes in tone such as domestic or foreign events and finds that the party discourse is such a robust and identifying character of the RRWP parties that the different institutional roles do not moderate as previously thought This book is of key interest to scholars and students of the radical right party politics populism policymaking and more broadly European and comparative politics

Do They Make a Difference? Benjamin Biard, Laurent Bernhard, Hans-Georg Betz, 2019-10-15 Over the last three decades numerous radical right populist parties RRPP have emerged developed and strengthened their electoral weight in Western Europe Yet while several RRPP have managed to formally participate in government coalitions

such as in Italy Austria and Switzerland or to informally support minority governments such as in Denmark and in The Netherlands and while other RRPP have become highly visible opposition forces such as in France and Germany the influence exercised by RRPP remain underexplored It is essential to focus on their policy influence because of their electoral strength but also because they are often perceived by journalists citizens policy makers as well as by researchers as a threat to democracy As a reaction mainstream parties tend to adopt specific strategies such as measures of militant democracy towards RRPP The aim of this book is to contribute to theoretical and empirical research in political science by bringing together a variety of contributions about the influence of RRPP in terms of policies on their core issues To that end we ask under which circumstances these parties are able to do so in contemporary Western Europe This book proposes to focus on the role played by party status Are RRPP better able to leave their imprints when they are in power or support minority governments than when they hold opposition or outsider status in Western Europe

Immigration Policy and Right-Wing Populism in Western Europe Anna McKeever, 2020-04-16 Immigration has become one of the central issues dominating the agenda of political parties and has also played a crucial role in the rise of right wing populism in Western Europe This book explores the role of conservative parties in immigration policy change The following questions are addressed What explains the introduction of restrictive immigration policies across a number of European states Why do conservative parties choose to toughen their immigration policy stances How can we explain the variation in the factors that affect conservative parties immigration policy making logics What mechanisms account for the dynamics of immigration policy change or policy deadlock Based on interviews with political elites and policy makers in the UK Switzerland and France the book explains why governmental conservative parties in these countries revised their immigration policy stances and steered immigration policy in a more restrictive direction between 2002 and 2015

The extreme Right in Western Europe Elisabeth Carter, 2013-07-19 Parties of the extreme right have experienced a dramatic rise in electoral support in many countries in Western Europe over the last two and a half decades This phenomenon has been far from uniform however and the considerable attention that the more successful right wing extremist parties have received has sometimes obscured the fact that parties of the extreme right have not recorded high electoral results in all West European democracies Furthermore the electoral scores of these parties have also varied over time with the same party recording low electoral scores in one election but securing high electoral scores in another This book available in paperback for the first time examines the reasons behind the variation in the electoral fortunes of the West European parties of the extreme right in the period since the late 1970s It proposes a number of different explanations as to why certain parties have performed better than others at the polls and it investigates each of these different explanations systematically and in depth As well as offering a comprehensive analysis of the reasons behind the uneven electoral success of the West European parties of the extreme right this book provides up to date information on all right wing extremist parties that have contested elections at national

level across Western Europe since the late 1970s In addition to examining the parties ideology and organisation it discusses their relationship with the parties of the mainstream and it investigates the impact that electoral institutions have on their ability to attract votes This book is aimed at both scholars and students interested in the extreme right in party politics and in comparative politics more generally The Re-invention of the European Radical Right Andrej Zaslove,2011 A look at the forces behind the rise of contemporary Europe s radical right **The Populist Radical Right** Cas Mudde,2016-10-04 The populist radical right is one of the most studied political phenomena in the social sciences counting hundreds of books and thousands of articles This is the first reader to bring together the most seminal articles and book chapters on the contemporary populist radical right in western democracies It has a broad regional and topical focus and includes work that has made an original theoretical contribution to the field which make them less time specific The reader is organized in six thematic sections 1 ideology and issues 2 parties organizations and subcultures 3 leaders members and voters 4 causes 5 consequences and 6 responses Each section features a short introduction by the editor which introduces and ties together the selected pieces and provides discussion questions and suggestions for further readings The reader is ended with a conclusion in which the editor reflects on the future of the populist radical right in light of more recent political developments most notably the Greek economic crisis and the refugee crisis and suggest avenues for future research The Rise of Populism in Western Europe Timo Lochocki,2017-08-16 This book explores the question of why and under which conditions right wing populist parties receive electoral support The author argues that neither economic variables nor national culture or history are what account for their successes Instead he illustrates that the electoral success of populist parties in Western Europe such as the French Front National or the Alternative for Germany is best understood as the unintended consequence of misleading political messaging on the part of established political actors A two level theory explains why moderate politicians have changed their approaches to political messaging potentially benefiting the nationalist anti elitist and anti immigration rhetoric of their populist contenders Lastly the book s theoretical assumptions are empirically validated by case studies on the immigration societies of Germany the Netherlands and Sweden **Rural protest groups and populist political parties** Dirk Strijker,Gerrit Voerman,Ida Terluin,2023-08-07 Some agricultural or rural protest groups in the Western world evolved into political parties often of a populist nature whereas others did not This book is the first to explore under which conditions this happens and to what extent current populist parties have agricultural or rural ties and related agendas Well known authors with a background in rural studies or in political sciences describe and analyse the situation in a number of Western countries the United Kingdom France Poland Austria the Netherlands Australia Finland The contributions in this book show that the accessibility and responsiveness of the political system and the institutionalized agrarian interest groups as well as the existing political landscape are influencing the decisions of rural protest groups to found a political party However nowadays the chances of these parties being successful are small due to

the declining share of the agricultural sector within European societies Although there will always be grounds for agrarian protest it seems safe to say that the heyday of agrarian populism is over *The Nordic Populist Radical Right* Ann-Cathrine Jungar,2024-08-05 This edited volume examines populist radical right parties in the Nordic region Somewhat surprisingly given the image of a consensual egalitarian and progressive region of Europe the Nordic countries have been fertile ground for the radical right Not only have radical right parties persisted for many decades but they are currently much stronger in this region than in most other European countries today In this book the contributors analyse the electoral ideological and organisational aspects of the radical right in the Nordic region The Progress Party in Norway Fremskrittspartiet FrP the Sweden Democrats Sverigedemokraterna SD Danish People s Party Dansk Folkeparti DF and the Finns party Perussuomalaiset PS It also explores how mainstream parties and the media have reacted to the rise of the radical right whether the radical right is integrated into mainstream politics the extent to which they challenge the dominant ideological paradigm of Nordic politics and whether they mobilise and organise differently to other parties Understanding the Nordic radical right is crucial to comprehending the transformation of Nordic politics but also changes in European politics more generally This book will be of interest to students and scholars of Scandinavian politics populism the radical right and comparative party politics *The Oxford Handbook of Populism* Cristóbal Rovira Kaltwasser,Paul A. Taggart,Paulina Ochoa Espejo,Pierre Ostiguy,2017-10-26 Populist forces are becoming increasingly relevant across the world and studies on populism have entered the mainstream of the political science discipline However so far no book has synthesized the ongoing debate on how to study the populist phenomenon This handbook provides state of the art research and scholarship on populism and lays out not only the cumulated knowledge on populism but also the ongoing discussions and research gaps on this topic The Oxford Handbook of Populism is divided into four sections The first presents the main conceptual approaches on populism and points out how the phenomenon in question can be empirically analyzed The second focuses on populist forces across the world and includes chapters on Africa Australia and New Zealand Central and Eastern Europe East Asia India Latin America the Post Soviet States the United States and Western Europe The third reflects on the interaction between populism and various relevant issues both from a scholarly and political point of view Amongst other issues chapters analyze the relationship between populism and fascism foreign policy gender nationalism political parties religion social movements and technocracy Finally the fourth part includes some of the most recent normative debates on populism including chapters on populism and cosmopolitanism constitutionalism hegemony the history of popular sovereignty the idea of the people and socialism The handbook features contributions from leading experts in the field and is indispensable positioning the study of populism in political science *Populism in Western Europe* Teun Pauwels,2014-08-01 Despite the increasing academic interest in populism we still lack understanding of individual factors contributing to populist voting One of the main reasons for this is that populism is almost always attached to other ideologies which makes it difficult to isolate

factors This book draws on an innovative research design by comparing the reasons to vote for six populist parties which differ remarkably in terms of their host ideology in Belgium The Netherlands and Germany The results show that populist voters are motivated by their dissatisfaction with the functioning of democracy and a desire for more direct democracy Furthermore it appears that populist parties do not mobilize among one specific social group although deprived groups are generally more susceptible to populist voting Finally this study explored why some populist parties persist while others decline Origins of party formation and how leaders organize their party internally seem the most important factors determining party persistence This book will be of great interest to students and scholars of populism European politics and contemporary political theory The Populist Radical Right in Central and Eastern Europe Andrea L. P. Pirro,2015-06-05

Often neglected in the study of far right organisations post communist Europe recently witnessed the rise and fall of a number of populist radical right parties The Populist Radical Right in Central and Eastern Europe is the first comparative study to focus on the ideology impact and electoral performance of this party family in the region The book advances a series of arguments concerning the context and text of these parties and systematically analyses the supply side and demand side of populist radical right politics Whilst populist radical right parties in Central and Eastern Europe maintain broad similarities with their West European counterparts they come across as a distinct phenomenon worthy of study in their own right Parties like Ataka Bulgaria Jobbik Hungary and the SNS Slovakia resort to historical legacies and contextual idiosyncrasies to frame their ideology interact with other parties over a number of policy areas and ultimately compete for public office on the basis of their nativist agenda The book provides a novel framework for the analysis of different aspects of populist radical right politics notably enhancing the understanding of this phenomenon by means of primary data such as personal interviews with party leaders and original expert surveys Using the ideological features of these parties as an overarching analytical tool this book is essential reading for students and scholars researching the far right post communist issues and European politics in general *Radical Right* Pippa Norris,2005-08-22

During recent decades radical right parties have been surging in popularity in many nations gaining legislative seats enjoying the legitimacy endowed by ministerial office and striding the corridors of government power The popularity of leaders such as Le Pen Haider and Fortuyn has aroused widespread popular concern and a burgeoning scholarly literature Despite the interest little consensus has emerged about the primary factors driving this phenomenon The puzzle is to explain why radical right parties have advanced in a diverse array of democracies including in Austria Canada Norway France Italy New Zealand Switzerland Israel Romania Russia and Chile while failing to make comparable gains in similar societies elsewhere such as in Sweden Britain and the United States This book first published in 2005 expands our understanding of support for radical right parties through presenting an integrated new theory which is then tested systematically using a wealth of cross national survey evidence covering almost forty countries

The Faces of Contemporary Populism in Western Europe and the US Karine Tournier-Sol,Marie Gayte,2021-01-04 This

edited book aims to contribute to the political science scholarship on populism by focusing on the contemporary manifestations of populism in light of the current context Populism has gone global with populist parties gaining considerable ground particularly in the last decade populists are now in government in almost every part of the globe In so doing this book not only takes stock of the previous work on populism but also builds upon it to further deepen our understanding of the phenomenon and take research forward The authors explore different facets of the most recent manifestations of populism trying to engage in new avenues as suggested by recent and authoritative academic work The approach is comparative and multi dimensional with a cross regional focus on Western Europe and the USA The 12 contributions gathered in this book address a wide spectrum of aspects many of which are largely understudied **Voting Radical Right in Western Europe**

Terri E. Givens,2005-10-10 Publisher description **The Oxford Handbook of the Radical Right** Jens

Rydgren,2018-02-01 The resurgence of strong radical right wing parties and movements constitutes one of the most significant political changes in democratic states during the past several decades particularly in Europe The radical right s comeback has notably attracted interest from political scientists sociologists and historians although the majority of past research focuses on party and electoral politics In contrast The Oxford Handbook of the Radical Right not only covers existing literature but also shows how the radical right forms movements rather than parties Editor Jens Rydren has gathered an international cast of contributors to cover concepts and definitions ideologies and discourses and a range of contemporary issues such as religion globalization gender and activism Further this volume is one of few to provide a number of cases focusing on areas outside of Europe including Russia the US Australia Israel and Japan By integrating various strands of scholarship on the radical right that covers different regions and different research perspectives this Handbook provides an authoritative and state of the art overview of the topic and will set the agenda for scholarship on the radical right for years to come

Radical Right Wing Populism In Western Europe Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Radical Right Wing Populism In Western Europe free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Radical Right Wing Populism In Western Europe free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Radical Right Wing Populism In Western Europe free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Radical Right Wing Populism In Western Europe. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu,

provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Radical Right Wing Populism In Western Europe any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Radical Right Wing Populism In Western Europe Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Radical Right Wing Populism In Western Europe is one of the best book in our library for free trial. We provide copy of Radical Right Wing Populism In Western Europe in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Radical Right Wing Populism In Western Europe. Where to download Radical Right Wing Populism In Western Europe online for free? Are you looking for Radical Right Wing Populism In Western Europe PDF? This is definitely going to save you time and cash in something you should think about.
