*Radical Conservatism and the Future of Politics* Goran Dahl, 1999-03-28 Over the last 30 years the post war centre ground which recognized the welfare state the funding of education protection of the environment and the management of capitalism as the proper business of the state has fragmented Emphasis on the freedom of the individual and the proper limitations of state power has changed the climate of everyday life This book locates the roots of radical conservatism in the writings of Nietzsche Dostoyevsky Heidegger Junger and Schmitt It documents the radical conservative worldview and points to limitations in its perspective Dahl asserts that we should be wary of considering radical conservatism as a singular phenomenon and discusses global divergences in belief and policy      **Can the Church be Radical?** John Haynes

Holmes, Scott Nearing, 1922      Radical Hospitality for a Prophetic Church Amanda D. Quantz, 2019-11-13 Anchored in Scripture and Tradition Radical Hospitality for a Prophetic Church conveys Amanda D Quantz s firsthand experiences as a chaplain working with emerging ministries that meet people where they are Building on the biblical concept that all wisdom was present in the mind of God before creation Quantz argues that this wisdom has filtered into the world s varied religious traditions so that Christians have much to gain approaching others from different religious or spiritual creeds and learning about their faith traditions and values Whether seekers are experimenting with open Communion church without walls or ancient but little known Christian practices this book is a resource for those who feel stuck in outdated ideas about what it means to be a church      Don Cupitt and the Future of Christian Doctrine Stephen Ross White, 1994 A clear account of Don Cupitt s position together with a critique and suggestions for an alternative approach

**The Future of New Religious Movements** David G. Bromley, Phillip E. Hammond, New Ecumenical Research Association (Unification Theological Seminary), 1987      **The Future Church** John L. Allen, Jr., 2012-01-24 One of the world s foremost religion journalists offers an unexpected and provocative look at where the Catholic Church is headed and what the changes will mean for all of us What will the Catholic Church be like in 100 years Will there be a woman pope Will dioceses throughout the United States and the rest of the world go bankrupt from years of scandal In THE FUTURE CHURCH John L Allen puts forth the ten trends he believes will transform the Church into the twenty second century From the influence of Catholics in Africa Asia and Latin America on doctrine and practices to the impact of multinational organizations on local and ethical standards Allen delves into the impact of globalization on the Roman Catholic Church and argues that it must rethink fundamental issues policies and ways of doing business Allen shows that over the next century the Church will have to respond to changes within the

institution itself and in the world as a whole whether it is contending with biotechnical advances including cloning and genetic enhancement the aging Catholic population or expanding the roles of the laity Like Thomas Friedman s *The World Is Flat* THE FUTURE CHURCH establishes a new framework for meeting the challenges of a changing world *Radical Disciple* Ian K. Duffield,Robert P. Hoch-Yidokodiltona,2025-08-14 In *Radical Disciple* readers will be introduced to John Vincent s work by way of those who knew him best students friends and colleagues Each tells a story or offers a kind of testament warts and all as John would put it In John Vincent s thinking this is a serious kind of book it relays the facts without missing the many splendored thing So along with the facts readers will find the dramatic amusing serious and anecdotal Most importantly they will find a living testament to John Vincent s vision of radical urban theology and discipleship

**Radical Means of Counteracting the Present Scarcity, and Preventing Famine in Future** George Edwards,1801

**Reasonable Radical?** Ian S. Markham,Joshua Daniel,2018-01-16 One of the most interesting voices in the Academy and the Church today is Martyn Percy Percy the Dean of Christ Church Oxford and a leading voice in the Anglican Communion is both theologically orthodox yet deeply unconventional While remaining engaged in the scholarly community Percy writes with clarity and passion on topics that range from ecclesiology to music from sexuality to the Trinity from advertising to ministerial training he is a polymath This book is two books in one The first half contains a series of articles written both by church leaders and academics that serve as substantial critical introductions to Percy s thought In the second half the reader gets to hear from Percy himself in a collection of wide ranging material from his corpus While producing a dialectical engagement of some depth as Percy offers written responses to his interlocutors this volume should prove useful for a variety of communities beyond academic circles especially ones engaged with contemporary issues facing ecclesiology churches and the wider Anglican Communion

**Radical means of counteracting the present scarcity and preventing famine in future; including the proposal of a Maximum founded on a new principle, etc** George EDWARDS (M.D.),1801 The Future of Catholicism Michael Coren,2014-11-04 From the author of the bestselling *Why Catholics Are Right* a perfectly timed book on the new Vatican where it is where it needs to go and why it is more relevant than ever When Cardinal Jorge Mario Bergoglio Archbishop of Buenos Aires became Pope Francis in March 2013 there were almost 6 000 journalists in Rome to cover the Papal election Some of them reported on the conclave with expertise and empathy but others either out of ignorance or an agenda insisted on asking the same questions again and again Is the Church going to change Will the new Pope be flexible Is Catholicism going to adapt to the times and alter its teaching on same sex marriage abortion contraception female ordination celibate clergy and divorce Interestingly these questions center on moral and sexual issues rather than directly theological topics but they are all based on the premise that the Church is wrong outdated in need of fundamental transformation Does the Church need to change and if so where Where it cannot change why is this so In his signature frank style Coren will explain and outline why the Church believes as it does on many of the most pressing moral

issues giving reasons for teaching and belief and applying these to contemporary challenges And for those areas where the Church must change and establish reform the transparency of leadership and finance the competence of the curia and Vatican civil service the approach the Church takes towards media the way it deals with the detritus of the abuse crisis and its approach to the developing world and towards other religions particularly Islam Coren will offer insight into the faith's next steps The Church is at a crossroads but perhaps more significantly and accurately the Western world is at a crossroads and how the Church reacts to and deals with this phenomenon will decide and define so very much of the future of our future

**Living Radical Discipleship** Laura S. Meitzner Yoder, 2021-01-31 John Stott's legacy of faithful Christian discipleship continues to impact Christians on every continent and in every sphere of life This book pays homage to that legacy and to Stott's unwavering commitment to Christ's transformative Lordship over all facets of existence especially those we may find particularly convenient to ignore In this collection of essays integral mission scholars and practitioners from around the world many of whom knew John Stott personally and worked with him extensively reflect on several of the concerns that developed and deepened over the course of Stott's life reminding us that Christian obedience must include caring for God's creation engaging in social action and advocacy and supporting church leadership of the Majority World *Living Radical Discipleship* calls us to repentance to recommitment and to wholehearted discipleship *Radical Christianity* Riaan Engelbrecht, 2023-10-27 If we truly want to lead a supernatural life with a faith believing in the impossible then we need to become radical for God We need to be red hot Christians who are on fire for Jesus It means following Him no matter the cost It means doing as He says in His Word and never compromising For the radical Christian it is all about Christ and nothing else God is calling for a people who will no longer submit to the normal Are we just going through the motions of serving Christ Has our spiritual life become bland dull and dreary Our lives must always be connected to the Spirit of God We must be infused into God so that He truly abides in us and we abide in us The normal the spiritual deadness the dryness and the staleness are to be found in the traditions and the rituals of religion God is calling for a people who will step outside the normal We are not called to follow a religion or any other manmade rules or ideas but God and God alone Jesus came to show us how to lead a vibrant life infused with divine holy power For God has spoken then it is time for a people to arise who will no longer be satisfied to walk in the staleness deadness and dustiness of a religion that has no power It is time to seek God beyond the veil and to be the new wineskin to carry the glorious wine of the Holy Spirit in fulfilling the Great Commission

**Quintessence...Realizing the Archaic Future** Mary Daly, 2016-08-09 Suffused with her inimitable word play and stunning intelligence and embodying a balance of mysticism and critical theory Daly's clarion call to uncover the quintessence of the universe is quite an intriguing tune On the Issues **A Future and a Hope** Joshua T. Searle, Mykhailo Cherenkov, 2014-12-05 After more than twenty years since the fall of the USSR the evangelical movement in post Soviet society has entered a crucial phase in its historical development Setting out a transformative vision of mission and theological education this book makes an important contribution towards the renewal of the church in this fascinating but deeply troubled part of the world After the violent and disruptive events that followed the Ukrainian Revolution of Dignity and Freedom in 2013-14 the evangelical movement in post Soviet society now has an unprecedented opportunity to become a shining example of a church without walls Searle and Cherenkov reflect on the political social cultural and intellectual legacy of the Soviet Union and offer bold and innovative proposals on how the church can rediscover its prophetic voice by relinquishing its debilitating dependence on the state and instead expressing solidarity with the people in their legitimate aspirations for freedom and democracy Notwithstanding the pessimism and lament expressed on many pages the authors conclude on a positive note predicting that the coming years will witness a flowering of evangelical ecumenism in action as Christian solidarity flourishes and overflows denominational boundaries and parochial interests
