Radical Reactionaries Frederic J. Baumgartner, 1976 **Summary of The Individualist by Matt Zwolinski and John Tomasi: Radicals, Reactionaries, and the Struggle for the Soul of Libertarianism** Thomas Francis, 2024-04-30

The Individualist This book delves into the historical development of libertarian thought emphasizing its diverse origins and evolution It challenges common perceptions by asserting that libertarianism has a longer and more varied history than typically recognized originating in the 19th century in Britain and France before spreading to the United States While libertarians advocated concepts like private property and free markets their distinctiveness lies in their unwavering commitment to these principles often in contrast to classical liberals In the US early libertarians were concerned primarily with issues like slavery rather than socialism Across continents libertarianism emerged in response to different threats to freedom often advocating for radical change rather than gradual reform

Radicals, Reformers, and Reactionaries Youssef Cohen, 1994-11

Latin American democracies of the sixties and seventies most theories hold collapsed because they had become incompatible with the structural requirements of capitalist development In this groundbreaking application of game theory to political phenomena Youssef Cohen argues that structural conditions in Latin American countries did not necessarily preclude the implementation of social and economic reforms within a democratic framework Focusing on the experiences of Chile and Brazil Cohen argues that what thwarted democratic reforms in Latin America was a classic case of prisoner's dilemma Moderates on the left and the right knew the benefits of coming to a mutual agreement on socio-economic reforms Yet each feared that if it cooperated the other side could gain by colluding with the radicals Unwilling to take this risk moderate groups in both countries splintered and joined the extremists The resulting disorder opened the way for military control Cohen further argues that in general structural explanations of political phenomena are inherently flawed they incorrectly assume that beliefs preferences and actions are caused by social political and economic structures One cannot explain political outcomes Cohen argues without treating beliefs and preferences as partly independent from structures and as having a causal force in their own right

Wyndham Lewis Luke Gilfedder, 2025-08-30

We live in times as politically uncertain as those faced by the modernists a century ago Europe once again faces the possibility of a post liberal future with sophisticated New Right intellectuals not only populists challenging the core Enlightenment values of liberal society Often assumed to be merely reactionary the radical modernist roots of the New Right are largely overlooked Through metapolitics the social diffusion of ideas and cultural values for long term political gain the New Right instead seeks to steer modernity forward in an alternate direction and claims proto fascist modernists such as Wyndham Lewis as part of its drive to occupy culture as the 20th century Right occupied politics Recasting Lewis as our intellectual contemporary this book offers the first political philosophical study of literary modernism's influence on the New Right's anti Enlightenment vision and calls for an urgent re evaluation of Lewis's legacy as an insider critic of this ideological lineage It applies Lewis's

critiques of his reactionary modernist peers to leading New Right intellectuals such as Dugin and de Benoist critically examines Lewis's reception among New Right authors and marks a major reassessment of Lewis's relevance to contemporary affairs revealing how his work advances a rationalist and individualist vision of an Enlightened future that challenges rather than legitimises the alternative modernities envisaged by today's most radical anti liberal thinkers A Communitarian Defense of Liberalism Mark S. Cladis, 1992 In this provocative and timely reading of Emile Durkheim the author isolates the merits and liabilities of both liberal and communitarian theories and demonstrates that we need not be in the position of having to choose between them Unspinning the Spin Rosalie Maggio, The Women's Media Center, 2015-01-27 The Women's Media Center founded by Jane Fonda Gloria Steinem and Robin Morgan presents its first comprehensive guide to using accurate inclusive creative and clear language At a time when language is too often used to spin instead of communicate Unspinning the Spin The Women's Media Center Guide to Fair and Accurate Language was created to help everyone understand and be understood Unspinning the Spin offers the convenience of a dictionary the authority of a usage guide the helpfulness of a thesaurus and the wit and wisdom of an entertaining and authoritative teacher of the subject Organized alphabetically for easy use with cross references to related words phrases and issues this book goes beyond the scope of the usual reference book It mines a wide variety of fields to present the background current uses accuracy alternatives and best practices for choosing and decoding common words and phrases and offers a trove of suggestions for bias free language Unspinning the Spin is a practical indispensable how to that is fun to read It's invaluable for journalists bloggers students teachers government officials and communications professionals and it will be compelling for any reader who loves the English language The author Rosalie Maggio has been an expert and widely read authority on language for more than 25 years She is the author of the award winning Dictionary of Bias Free Usage and the editor of The New Beacon Book of Quotations by Women Unspinning the Spin includes a preface by Robin Morgan feminist activist former editor in chief of Ms and award winning author of more than 20 books and Gloria Steinem writer activist editor bestselling author and cofounder of Ms This book is the first publication of WMC Press the publishing arm of the Women's Media Center Given the growing awareness of sexism imbedded in our everyday speech we and the news media in particular need alternative language Unspinning the Spin should be a welcome resource for journalists and for anyone who works with words to consult At last we have a comprehensive authoritative and funny feminist Fowler's Suzanne Braun Levine author first editor of Ms and first woman editor of The Columbia Journalism Review Language is power and debates are won or lost on how the arguments are shaped Anyone who cares about politics power and the histories we make today will find Unspinning the Spin The Women's Media Center Guide to Fair and Accurate Language a reference for all seasons Katrina vanden Heuvel Editor and Publisher of The Nation Managing Complexity Through Social Intelligence Jeremy Horne, 2023-03-07 This book presents solutions to problems that are total and based on thinking about how and why humans have organized themselves It discusses how to

avoid the now well documented Holocene Extinction propelled by climate change wars resource depletion desertification degrading knowledge quality famine and deterioration of societies overall It explains why we cannot respond effectively with hedonistic incompetent corrupt and anarchistic liberal democracy and why neither personality cult regimes can suffice The book offers a model of an organic social structure embodying a collective consciousness of communitarianism and Platonic style ethos Putting an emphasis on the re establishment of Classical Greek virtue it offers solutions to resolve identity politics alienation and meritocracy While doing so the author opposes the everyone is equal ideology to govern the section of policymakers instead circumscribing rights in terms of responsibilities prioritizing education and training to carry forth the ethos of valuing truth above materialism and developing Durkheim s social brain via a new discipline sociointelligence The book goes on to explain how underpinning these elements is a comprehensive elucidation of often misunderstood words like liberty freedom authoritarianism and democracy All of these areas are arranged and combined in uniquely describing the organic society the author deems necessary to avoid human extinction As a result the book presents a new organicity where the emerging transhumanism seeks to transcend hydrocarbon based life with humanly constructed life This book will appeal to students researchers and scholars of political science philosophy and the social sciences interested in a better understanding of complexity democratic theory Holocene Extinction organic thinking and meritocratic societies
