veterinarian Saving the world was one thing To save herself Amber may have to call back her fearsome demon lover who is no longer bound to obey her The Ragman Joseph Schillaci,2013 This story was based on a collection of the author's actual experiences and stories told to him by friends and family Schillaci needed to tell the story to future family members and decided about 20 years ago to bring this book to fruition Schillaci had the opportunity to learn about the dress industry first hand He worked beside his dad for over 15 years The one important principal that he learned was to treat your employees with respect Your success or failure was based on their loyalty Schillaci's dad captured the loyalty of most of the people that worked under him Schillaci's dad was a remarkable individual who went against all odds to become an American success story His character and dedication to family and friends was a major factor in his success in business As a child it was not very obvious what Schillaci's dad had to overcome to support his family As the author grew older the realization was overwhelming Hence the idea to put his life into words for all to see Schillaci will never be able to express the real character and personality of Rocky Schillaci But for those who knew him they will attest to his special persona For all of the future Schillacis it will simply be a way to attest to a great man and his accomplishments Hopefully some of these genes will spread through the generations to come In future years for those family members who need to find the will to pursue their goals Rocky can be their inspiration With all his love the author presents this manuscript in honor of a great man and the successful son of a Sicilian immigrant *The Ragman* , **Blood on the Constitution** R. Shipping Out Anita Gonzalez, 2025-02-25 *Shipping Out* Race Performance and Labor at Sea provides a rare perspective on performance by staff above and below deck on Caribbean cruise ships as viewed through the lenses of race class and gender Drawing on her experiences as a destination lecturer on Caribbean cruise lines for twenty years Anita Gonzalez offers a unique viewpoint as she examines contemporary Caribbean cruise culture as an ethnographically complex site where North American and European travelers are exposed to other cultures through the orchestrated experiences on ship and via excursions to ports Gonzales argues that the cruise ship experience is deliberately crafted to deliver the best immersive performance by its workers However the workers never leave the theater they merely move below deck and like ships stewards and cooks from previous centuries they work within an imaginary where Global Majority people are envisioned as servants By utilizing ethnography and archival materials to illustrate ship workers experiences on contemporary cruise ships and then contrasting those circumstances with the personal accounts of workers on historical merchant ships *Shipping Out* illuminates how workers presence on ships complicates notions of freedom and enslavement home and journey place and space
