Extract from a report in the *Morning Star* January 18 1861. Owing to the continuance of the frost and all out door labour being stopped the distress and suffering that prevail in the metropolis particularly among the dock labourers, bricklayers, masons and labouring classes at the East End are truly horrible. Throughout the day thousands congregate round the approaches of the different workhouses and unions seeking relief but it has been impossible for the About the Publisher. Yelling,2012-12-06 First published in 1986 Victorian London is a classic site of the slum This study looks at the process of slum clearance It covers the development of policies and programmes from their initiation through Cross s Act 1875 to the abandonment of clearance by the London County Council at the end of the Victorian period in favour of a suburban solution It is concerned with the manner in which such policies related to the nature of the slum and its place in the urban structure The discussion ranges from contemporary understanding of such matters to the detailed content and repercussions of policies which required the designation of unfit houses the compensation of property owners the displacement of tenants and the rebuilding of sites      **The Metropolitan Poor Vol 2** John Marriott,Masaie Matsumura,2024-10-28 This is a collection of primary materials on the metropolitan poor It includes the writings of urban travellers and social reformers and contains writings from the last five years of the 18th century that is from the time when the poor were first discovered as endemic to the nation      **London In The Nineteenth Century** Jerry White,2011-06-08

Jerry White's *London in the Nineteenth Century* is the richest and most absorbing account of the city's greatest century by its leading expert. London in the nineteenth century was the greatest city mankind had ever seen. Its growth was stupendous. Its wealth was dazzling. Its horrors shocked the world. This was the London of Blake, Thackeray and Mayhew, of Nash, Faraday and Disraeli. Most of all, it was the London of Dickens. As William Blake put it, London was a 'Human awful wonder of God'. In Jerry White's dazzling history, we witness the city's unparalleled metamorphosis over the course of the century through the daily lives of its inhabitants. We see how Londoners worked, played and adapted to the demands of the metropolis during this century of dizzying change. The result is a panorama teeming with life.

***Dirty Old London*** Lee Jackson, 2014-01-01. In Victorian London, filth was everywhere: horse traffic filled the streets with dung, household rubbish went uncollected, cesspools brimmed with night soil, graveyards teemed with rotting corpses, the air itself was choked with smoke. In this intimately visceral book, Lee Jackson guides us through the underbelly of the Victorian metropolis, introducing us to the men and women who struggled to stem a rising tide of pollution and dirt and the forces that opposed them. Through thematic chapters, Jackson describes how Victorian reformers met with both triumph and disaster. Full of individual stories and overlooked details, from the dustmen who grew rich from recycling to the peculiar history of the public toilet, this riveting book gives us a fresh insight into the minutiae of daily life and the wider challenges posed by the unprecedented growth of the Victorian capital.

***London's Criminal Underworlds, c. 1720 - c. 1930*** Heather Shore, 2015-03-14. This book offers an original and exciting analysis of the concept of the criminal underworld. Print, culture, policing and law enforcement, criminal networks, space and territory are explored here through a series of case studies taken from the eighteenth, nineteenth and twentieth centuries.

***Apartment Stories*** Sharon Marcus, 2023-11-15. In urban studies, the nineteenth century is the age of great cities. In feminist studies, it is the era of the separate domestic sphere. But what of the city's homes? In the course of answering this question, *Apartment Stories* provides a singular and radically new framework for understanding the urban and the domestic. Turning to an element of the cityscape that is thoroughly familiar yet frequently overlooked, Sharon Marcus argues that the apartment house embodied the intersections of city and home, public and private, and masculine and feminine spheres. Moving deftly from novels to architectural treatises, legal debates and popular urban observation, Marcus compares the representation of the apartment house in Paris and London. Along the way, she excavates the urban ghost tales that encoded Londoners' ambivalence about city dwellings, contends that Haussmannization enclosed Paris in a new regime of privacy and locates a female counterpart to the flâneur and the omniscient realist narrator, the portière who supervised the apartment building. In urban studies, the nineteenth century is the age of great cities. In feminist studies, it is the era of the separate domestic sphere. But what of the city's homes? In the course of answering this question, *Apartment Stories* provides a singular.

national and cultural contingencies specific to London as a global metropolis it makes an important intervention by challenging the view of those who like their historical contemporaries perceive the 19th and early 20th centuries as devoid of beauty praxis let alone a commercial beauty culture Contrary to this perception *The Business of Beauty* reveals that Victorian and Edwardian women and men developed a number of tacit strategies to transform their looks including the purchase of new goods and services from a heterogeneous group of urban entrepreneurs hairdressers barbers perfumers wigmakers complexion specialists hair restorers manicurists and beauty culturists Mining trade journals census data periodical print and advice literature Jessica P Clark takes us on a journey through Victorian and Edwardian London's beauty businesses from the shady back parlors of Sarah Madame Rachel Levenson to the elegant showrooms of Eugene Rimmel into the first Mayfair salon of Mrs Helena Titus aka Helena Rubinstein By revealing these stories Jessica P Clark revises traditional chronologies of British beauty consumption and provides the historical background to 20th century developments led by Rubinstein and others Weaving together histories of gender fashion and business to investigate the ways that Victorian critiques of self fashioning and beautification defined both the buying and selling of beauty goods this is a revealing resource for scholars students fashion followers and beauty enthusiasts alike

**The Eternal Slum** Anthony S. Wohl, 2001-03-01 The problem of how where and on what terms to house the urban masses in an industrial society remains unresolved to this day In nineteenth century Victorian England overcrowding was the most obvious characteristic of urban housing and despite constant agitation it remained widespread and persistent in London and other great cities such as Manchester Glasgow and Liverpool well into the twentieth century *The Eternal Slum* is the first full length examination of working class housing issues in a British town The city investigated not only provided the context for the development of a national policy but also in scale and variety of response stood in the vanguard of housing reform The failure of traditional methods of social amelioration in mid century the mounting storm of public protest the efforts of individual philanthropists and then the gradual formulation and application of new remedies constituted a major theme the need for municipal enterprise and state intervention Meanwhile the concept of overcrowding never precisely defined in law but based on middle class notions of decency and privacy slowly gave way to the positive idea of adequate living space with comfort as much as health or morals the criterion Not just dwellings but people were at issue There is little evidence in this period of the attitude of the worker himself to his housing Wohl has extensively researched local archives and in particular drawn on the vestry reports which have been relatively neglected Profusely illustrated with contemporary photographs and drawings this book is the definitive study of the housing reform movement in Victorian and Edwardian London and suggests what it was really like to live under such appalling conditions This important study will be of interest to social historians British historians urban planners and those interested in how social policies developed in previous eras

**High Calvinists in Action** Ian J. Shaw, 2003-02-06 This valuable contribution to the debate about the relation of religion to the modern city fills an important gap in the historiography of early nineteenth century religious life Although there is some evidence that strict doctrine led to a more restricted response to urban problems extensive local and personal variations mean that simple generalizations should be avoided Ian J Shaw argues against earlier prejudiced views and shows that high Calvinists played a vigorous and successful part in the response of early nineteenth century churches to the process of urbanization The study includes six substantial case studies of ministers and their churches in Manchester and London Four high Calvinist ministers are considered with two studies of ministers holding to an evangelical Calvinist doctrine also included to provide instructive contrasts Detailed social analysis of the congregations is based upon extensive use of manuscript and printed sources sermons and local and denominational press
