Rainbow's End Maury Klein,2003-05-01 *Rainbow's End* tells the story of the stock market collapse in a colorful swift moving narrative that blends a vivid portrait of the 1920s with an intensely gripping account of Wall Street's greatest catastrophe The book offers a vibrant picture of a world full of plungers powerful bankers corporate titans millionaire brokers and buoyantly optimistic stock market bulls We meet Sunshine Charley Mitchell head of the National City Bank powerful financiers Jack Morgan and Jacob Schiff Wall Street manipulators such as the legendary Jesse Livermore and the lavish living Billy Durant founder of General Motors As Klein follows the careers of these men he shows us how the financial house of cards gradually grew taller as the irrational exuberance of an earlier age gripped America and convinced us that the market would continue to rise forever Then in October 1929 came a perfect storm like convergence of factors that shook Wall Street to its foundations We relive Black Thursday when police lined Wall Street brokers grew hysterical customers bellowed like lunatics and the ticker tape fell hours behind This compelling history of the Crash the first to follow the market closely for the two years leading up to the disaster illuminates a major turning point in our history *Billboard* ,1980-09-13 In its 114th year *Billboard* remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform *Billboard* publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends *People of the Rainbow* Michael I. successes and limitations of the Rainbow movement People of the Rainbow provides an extensive ethnography of this intriguing subculture and provides fresh insights into the ongoing legacy of utopian communalism The Author Michael I Niman is an adjunct assistant professor of American studies at the State University of New York at Buffalo and a lecturer in the communication department at Buffalo State College **Granite Marble & Bronze**, 1923 *Rainbow Warriors Awake!* Aleia N. Alternative Spirituality, Counterculture, and European Rainbow Gatherings Katri Ratia, 2023-03-17 This book explores the phenomenon of Rainbow Gatherings in Europe These countercultural events form radically alternative temporary societies in the peripheries of modern states and manage themselves without centralized power market economy or institutionalized forms of religion The volume offers a vivid description of life in the Gatherings analyses the main ideological tenets and places the meetings in historical and cultural context It considers how the Rainbow Gathering tradition is rooted

in networks of alternative spirituality and environmental counterculture but also reflects broader shifts in religion and religiosity *Queering Asylum in Europe* Carmelo Danisi, Moira Dustin, Nuno Ferreira, Nina Held, 2021-08-31 This two volume open access book offers a theoretically and empirically grounded portrayal of the experiences of people claiming international protection in Europe on the basis of their sexual orientation or gender identity SOGI It shows how European asylum systems might and should treat asylum claims based on people's SOGI in a fairer more humane way Through a combined comparative interdisciplinary socio legal human rights feminist queer and intersectional approach this book examines not only the legal experiences of people claiming asylum on grounds of their SOGI but also their social experiences outside the asylum decision making framework The authors analyse how SOGI related claims are adjudicated in different European frameworks European Union Council of Europe Germany Italy and UK and offer detailed recommendations to adequately address the intersectional experiences of individuals seeking asylum This unique approach ensures that the book is of interest not only to researchers in migration and refugee studies law and wider academic communities but also to policy makers and practitioners in the field of SOGI asylum *The Nebraska Farmer* ,1914 **Biodivinity and Biodiversity** Emma Tomalin, 2016-04-15 This book is concerned with the argument that religious traditions are inherently environmentally friendly Yet in a developing country such as India the majority of people cannot afford to put the Earth first regardless of the extent to which this idea can be supported by their religious traditions Does this mean that the linking of religion and environmental concerns is a strategy more suited to contexts where people have a level of material security that enables them to think and act like environmentalists This question is approached through a series of case studies from Britain and India The book concludes that there is a tension between the romantic ecological discourse common among many western activists and scholars and a more pragmatic approach which is often found in India The adoption of environmental causes by the Hindu Right in India makes it difficult to distinguish genuine concern for the environment from the broader politics surrounding the idea of a Hindu rashtra nation This raises a further level of analysis which has not been provided in other studies
