Securing The Covenant The United States Israel Relations After The Cold War:

Securing the Covenant Bernard Reich,1995-03-24 Easy to read text reassessing the bilateral special relationship between the United States and Israel with unique detailed analysis of political strategic economic and ideological factors

Israeli Foreign Policy since the End of the Cold War Amnon Aran,2020-12-17 The first study of Israeli foreign policy towards the Middle East and selected world powers since the end of the Cold War to the present **US Policy Towards**

Israel Elizabeth Stephens,2006-01-01 Although political culture is not sole explanatory factor in development of US policy toward Israel it has played a key role in serving to shape and define American approach to foreign affairs This book explains American commitment to Israel within a framework of political culture **Assessing the Impact of U.S.-Israeli Relations on the Arab World** Lenore G. Martin,2003 **Historical Dictionary of Israel** Bernard Reich,David H.

Goldberg,2016-08-30 Since its creation the State of Israel has been a magnet for attention A country beset by conflict in its region and faced with the need to integrate mainly Jewish immigrants of disparate backgrounds into a modern and advanced democratic state and society Israel has preoccupied observers scholars and journalists since its independence in May 1948 Although a Jewish state Israel is also a democratic state that guarantees the rights of all of its citizens including its large Arab and Moslem minority in law and in practice Israel and its modern history and politics have been the subject of substantial and often highly partisan literature being hotly and vigorously debated both at home and abroad This third edition of Historical Dictionary of Israel contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 1100 cross referenced entries on significant persons places events government institutions political parties and battles as well as entries on Israel s economy society and culture This book is an excellent access point for students researchers and anyone wanting to know more about the various diplomatic and political personalities institutions organizations events concepts and documents that together define the political life of the Jewish state of Israel

The Making of an Alliance David Tal,2022-01-06 A critical overview and re evaluation of the origins and development of the special relations between Israel and the United States *Israeli Exceptionalism* M. Alam,2009-11-09 This book discusses the small band of European Zionists who entered the world stage in late 19th century determined to create a Jewish state and considers how at that time in Europe Jewish Gentile frictions were local problems whilst today in Israel they have come to form the pivot of global conflict **US Foreign Policy and Global Standing in the 21st Century** Efraim Inbar,Jonathan Rynhold,2016-01-13 This book examines US foreign policy and global standing in the 21st Century The United States is the most powerful actor in world politics today Against this backdrop the present volume examines how the foreign policies pursued by Presidents George W Bush and Barack Obama have affected elite and public perceptions of the United States By examining America s standing from the perspective of different actors from across various regions including China Russia Latin America and the Middle East while also assessing how these perceptions interact with America s own policies

this book presents a fresh interpretation of America's global standing. In doing so, the volume evaluates how these perceptions affect the realities of US power and what impact this has on moulding US foreign policy and the policies of other global powers. A number of books address the question of which grand strategy the United States should adopt and the issue of whether or not America is in relative decline as a world power. However, the debate on these issues has largely been set against the policies of the Bush administration. By contrast, this volume argues that while Obama has raised the popularity of America since the low reached by Bush, America's credibility and overall standing have actually been damaged further under President Obama. This book will be of much interest to students of US foreign policy, US national security, strategic studies, Middle Eastern politics, international relations and security studies generally.

Historic Palestine, Israel, and the Emerging Palestinian Autonomous Areas Laura Etheredge, Assistant Editor, Middle East Geography, 2011-01-15. Explores the history of the region, explains how it has changed over time and discusses the future of the area.

Politics and Society in Modern Israel Adam Garfinkle, 2015-03-04. With full coverage of recent dramatic events in Israeli politics from the Rabin assassination through the May 1996 elections, this work provides an up-to-date introduction to Israeli politics and society. It seeks to convey a strong sense of everyday life in Israel, the nuances and contradictions of Israeli identity, the ethnic composition and institutional structure of Israeli society as well as Israeli political culture and the issues that dominate the country's domestic and foreign policy.

American Christian Support for Israel Eric R. Crouse, 2014-10-28. The dominant political theme of the State of Israel is the perpetual quest for security. In its first 25 years, Israel experienced five wars with Arab states declaring their goal to destroy Israel. In *American Christian Support for Israel: Standing with the Chosen People 1948-1975*, Eric R. Crouse examines how American Christians responded to Israel's wars and the persistent threats to its security. While some were quick to condemn Israel as it made difficult and unpopular decisions in its fight for survival in a hostile region, conservative Christians were trustworthy supporters routinely voicing uplifting reports. Crouse argues that Israel's embodiment of western ideals and its remarkable economic development gave conservative Christians good reasons to favor Israel in a troubled Middle East, but the main reason for their unconditional support was the key biblical text of Christian Zionism: "I will bless those who bless you, Abraham and his descendants, and I will curse him who curses you." Genesis 12:3.

Review Essays in Israel Studies Laura Zittrain Eisenberg, Neil Caplan, 2000-01-06. Introduces the cutting edge issues and current scholarship in the interdisciplinary field of Israel Studies.

The Origins of the Arab-Israeli Wars Ritchie Ovendale, 2015-10-23. This highly regarded history gives a balanced and judicious introduction to this immensely complex and controversial subject, weaving different strands of the story into a single coherent narrative, thus making it essential reading for all students studying conflict in the Middle East. Of all the troubles affecting the modern world, few are as topical, deep-rooted and intractable as the Arab-Israeli conflict. For this region, an understanding of the past is vital to an understanding of the present. Ritchie Ovendale's classic study of the roots of the conflict is now updated for a fourth time and considers events

until 2003 **To Stand with Palestine** Karam Dana, 2025-02-04 In recent years attitudes in the United States toward the Palestinian cause have shifted dramatically Although Palestinians have long been demonized in U S media and politics their struggle portrayed as illegitimate emergent progressive voices increasingly challenge the status quo on Israel and Palestine and express solidarity with Palestinian resistance What accounts for this change and its evolution This book provides a new lens on activism around Palestinian issues demonstrating how the global Palestinian diaspora has driven transnational political movements Karam Dana explores the ways that exile has shaped Palestinian identity and allowed for new forms of global activism He examines the social political economic and technological forces that have created space for Palestinian voices to be heard by wider audiences worldwide Drawing on interviews with scholars and advocates including members of the Palestinian diaspora and Jewish American activists as well as public opinion data and media analysis Dana traces how global Palestinian communities have influenced American views He addresses the backlash against pro Palestinian advocacy but argues that solidarity with Palestinians both in the United States and globally will continue to strengthen Timely and insightful To Stand with Palestine offers an inside look at how Palestinians have shared their story with the world and why sympathy for their plight is growing with significant implications for the global political landscape **The Arab Lobby and US Foreign Policy** Khalil Marrar, 2008-10-27 The US foreign policy stance on Israel Palestine has shifted considerably in recent years from a position of Israel only to one which embraces both Israel and Palestine in a call for peace This volume assesses why the US stance has evolved in the way that it has concluding that while international factors cannot be overlooked developments within the United States itself are also crucial After years of vacillating on Palestinian national aspirations the majority of Americans the author notes have come to favor the establishment of an independent Palestinian state on the West Bank and the Gaza strip Considering what accounts for changes in US policy on Israel Palestine this volume delivers a thorough assessment of the role of international and domestic factors in shaping US policy in this area considers how US policy has evolved from the Camp David negotiations of the 1970s up to the occupation of Iraq in the mid 2000s explores the significance of American public opinion and the pro Israel and Arab lobbies in the evolution of US policy The Arab Lobby and US Foreign Policy will be of interest to students and scholars of Foreign Policy and Political Science Current Affairs and American Studies Khalil M Marrar is Professor at DePaul University USA He has served in editorial positions at the Arab Studies Quarterly and the Association of Arab American University Graduates **The American Deep State** Peter Dale Scott, 2017-05-02 Now in a new edition updated through the unprecedented 2016 presidential election this provocative book makes a compelling case for a hidden deep state that influences and often opposes official U S policies Prominent political analyst Peter Dale Scott begins by tracing America s increasing militarization restrictions on constitutional rights and income disparity since World War II With the start of the Cold War he argues the U S government changed immensely in both function and scope from protecting and nurturing a relatively isolated country to assuming ever

greater responsibility for controlling world politics in the name of freedom and democracy This has resulted in both secretive new institutions and a slow but radical change in the American state itself He argues that central to this historic reversal were seismic national events ranging from the assassination of President Kennedy to 9 11 Scott marshals compelling evidence that the deep state is now partly institutionalized in non accountable intelligence agencies like the CIA and NSA but it also extends its reach to private corporations like Booz Allen Hamilton and SAIC to which 70 percent of intelligence budgets are outsourced Behind these public and private institutions is the influence of Wall Street bankers and lawyers allied with international oil companies beyond the reach of domestic law Undoubtedly the political consensus about America s global role has evolved but if we want to restore the country s traditional constitutional framework it is important to see the role of particular cabals such as the Project for the New American Century and how they have repeatedly used the secret powers and network of Continuity of Government COG planning to implement change Yet the author sees the deep state polarized between an establishment and a counter establishment in a chaotic situation that may actually prove more hopeful for U S democracy

The Middle East and South Asia 2018-2019 Seth Cantey,2018-10-26 This annually updated volume of the World Today Series is designed to place in context the passionate controversies and emotional attachments of the two billion people who live study work and die in the Middle East and South Asia Despite room for optimism in some areas many parts of the Middle East and South Asia continue to face extraordinary challenges and difficult outlooks Much of this has to do with conflict across the region which extends well beyond atrocities perpetrated by the Islamic State and the Assad regime in Syria This volume depicts a region where hundreds of millions seek dignity as humans and respect from their governments This volume helps the general reader understand recent and past developments from these countries

The Middle East and South Asia 2017-2018 Seth Cantey,2017-08-25 This volume is designed to place in context the passionate controversies and emotional attachments of the two billion people who live study work love and die in the Middle East and South Asia Understanding these regions means more than annually updated details of the governments politics cultures and economies of the twenty four nations and assorted territories Special chapters address significant issues of continuing international importance including access to water the role of oil and the 2011 Arab spring Both regions after all contain types of people misunderstood and often intensely disliked by others Where religion intrudes on politics the Afghan Taliban oppose educating girls Hindu fanatics rampage in India Iranian militiamen shoot demonstrators Islamic extremists impose sharia and Jewish Ultra Orthodox send women to the back of the bus readers bombarded with superficial news bites and slanted reporting might never sense the other accomplishments of these same societies Islamic charities and societies bring relief to the impoverished Israel s scholars win Nobel prizes and most Indians cherish long standing religious toleration The author of this volume attempts to let the reader draw conclusions from the evidence

Israeli National Security Charles David Freilich,2018 The most comprehensive study to date of Israel s national security It combines an exhaustive

analysis of the military diplomatic demographic and societal challenges Israel faces with the responses it has developed to present a detailed proposal for an overall new national security strategy the first such Israeli strategy ever published **The US Public and American Foreign Policy** Andrew Johnstone,Helen Laville,2010-06-10 Though often overlooked public opinion has always played a significant role in the development and promotion of US foreign policy and this work seeks to comprehensively assess the impact and nature of that opinion through a collection of historical and contemporary essays The volume evaluates the role of organizations and movements that look to represent public opinion and assesses the nature of their relationship with the government The contributors utilize a number of different approaches to examine this impact including polling data assessments of the role of the media and the wider consideration of ideas and ideology moving on to examine the specific role played by the public in the policy making and policy promotion process Engaging with new questions as well as approaching old questions from a new angle the work argues that whilst the roles change and the extent of influence varies the power of the public to both initiate and constrain foreign policy clearly exists and should not be underestimated This work will be of great interest to all those with an interest in American foreign policy American politics and American history
