

The book cover features a dark, atmospheric photograph of a city at night. In the background, several tall, illuminated skyscrapers rise against a deep blue sky. In the foreground, a bridge or highway is visible, with blurred streaks of red and yellow light from moving vehicles, suggesting a long-exposure shot. The overall mood is urban and contemplative.

Twenty-First Century Urbanism Rob Sullivan,2017-09-04 This volume argues that the city cannot be captured by any one mode of analysis but instead is composed of the mobile relational efficient sentient and the phenomenological with all of them cast in new theoretical configurations and combined into one methodological entity Rather than focusing on any one city or abstract analytical model this book instead takes a multipronged theoretical and methodological approach to present the city as an intelligent affective organism a sentient being It proposes that cities operate on a relational mobile and phenomenological basis through the mode of efficiency calibrated by a profoundly complicated division of labor Its starting point is that the city is a mobile unit of analysis from its economic status to its demographic makeup from its cultural configuration to its environmental conditions and therefore easily evades our quantitative and qualitative methods of computation and comprehension Twenty First Century Urbanism provides planning and urban design academics and students with a multifaceted approach to understanding the development of cities encouraging the examination of cities through a myriad non linear approach

The Sites of Rome David H. J. Larmour,Diana Spencer,2007-11-01 Rome was a building site for much of its history a city continually reshaped and reconstituted in line with political and cultural change In later times the conjunction of ruins and rebuilding lent the cityscape a particularly fascinating character much exploited by artists and writers This layering and changing of vistas also finds expression in the literary tradition from classical times right up to the twenty first century This collection of essays offers glimpses sideways glances and unexpected angles that open up Rome in its widest possible sense and explores how the visible components of Rome the hills the Tiber the temples the Forums the Colosseum the statues and monuments operate as or become the sites sights of Rome The analyses are informed by contemporary critical thinking and draw on ancient historical narrative Roman poetry Renaissance literature and cartography art of the Grand Tour era Russian and Soviet interpretations and twentieth century cinema

The Form of Cities Alexander R. Cuthbert,2008-04-15 The Form of Cities

offers readers a considered theoretical introduction to the art of designing cities Demonstrates that cities are replete with symbolic values collective memory association and conflict Proposes a new theoretical understanding of urban design based in political economy Demonstrates different ways of conceptualising the city whether through aesthetics or the prism of gender for example Written in an engaging and jargon free style but retains a sophisticated interpretative edge Complements *Designing Cities* by the same author Blackwell 2003 *The Patina of Place* Kingston Wm Heath,2001 In the late nineteenth and early twentieth centuries the booming textile industry turned many New England towns and villages into industrialized urban centers This rapid urbanization transformed not only the economic base but the regional identity of communities such as New Bedford as new housing forms emerged to accommodate the largely immigrant workforce of the mills Visualizing the City Alan Marcus,Dietrich Neumann,2024-11-01 This anthology presents a range of interdisciplinary explorations into the urban environment through film photography digital imagery maps and signage Contributors examine our fascination with the city through the history of art and architecture urban studies environmental studies cultural geography and screen studies Bringing together a wide spectrum of urban contexts Visualizing the City s diverse essays explore visual representations of urbanism and modernity reflected through the prism of global cultures using an engaging variety of methods and texts *Big Plans* Kenneth Kolson,2021-04-27 Similar in spirit to Lewis Mumford s *The City in History* and Jane Jacobs *The Death and Life of Great American Cities* wonderful funny idiosyncratic Frederick R Steiner author of *The Living Landscape* *Big Plans* The Allure and Folly of Urban Design springs from the idea that human aspirations for the city tend to overstate the role of rationality in public life Inspired by the architectural and urban criticism of such writers as Lewis Mumford Jane Jacobs and John Brinckerhoff Jackson Kolson adopts a user s perspective on issues of urban design an approach that highlights both the futility of social engineering and the resilience of the human spirit A book that should be read by all those people and there seem to be more of them as week chases week who are thinking about the fate of lower Manhattan right now Bloomberg News Kenneth Kolson has lots of material Some of what s been built in cities lately is astonishing and not in a good way The Boston Globe Kolson is a passionate critic of urban schemes with well founded skepticism about the role rationality has played in designing them Journal of the Society of Architectural Historians A fascinating read about the utopian goal of *Big Plans* and the dystopian reality of lived experience Design Issues *City of Rhetoric* David Fleming,2009-07-01 Examines the relationship of civic discourse to built environments through a case study of the Cabrini Green urban revitalization project in Chicago The Great Inversion and the Future of the American City Alan Ehrenhalt,2013-01-22 Eye opening and thoroughly engaging this is an indispensable look at American urban suburban society and its future In *The Great Inversion* Alan Ehrenhalt one of our leading urbanologists reveals how the roles of America s cities and suburbs are changing places young adults and affluent retirees moving in while immigrants and the less affluent are moving out and addresses the implications of these shifts for the future of our society Ehrenhalt shows us how

the commercial canyons of lower Manhattan are becoming residential neighborhoods and how mass transit has revitalized inner city communities in Chicago and Brooklyn He explains why car dominated cities like Phoenix and Charlotte have sought to build twenty first century downtowns from scratch while sprawling postwar suburbs are seeking to attract young people with their own form of urbanized experience
