## **Seeds Of Success Entrepreneurship And Youth:**

**Seeds of Success** William B. Walstad, Marilyn L. Kourilsky, 1999      **Entrepreneurship and Local Economic Development** Norman Walzer, 2007-10-08 Entrepreneurship and Local Economic Development delves into the current thinking on local entrepreneurship development programs and evaluates ways in which practitioners can implement successful entrepreneurship practices Examining the role and potential for entrepreneurship programs in local economic development strategies contributors to this edited collection have many years of experience working with entrepreneurship initiatives in state and local governments Focused on theory and case study Entrepreneurship and Local Economic Development examines conceptual issues involved in creating entrepreneurship programs as well as practical examples of programs organized by state regional and local agencies      #Fix Young America Young Entrepreneur Council, 2012 Our government is being strangled by partisan politics youth employment is at a 60 year low and student loan debt has surpassed 1 trillion and yet young Americans are starting businesses in record numbers all over the United States If we want Millennials and future generations to survive and thrive in the new economy then we need to funnel this entrepreneurial energy into something positive or risk turning the Millennial generation into a lost generation The solutions in this book represent the beginning of an important conversation about how to support and foster the real leaders of tomorrow From policy ideas and educational programs to private sector solutions and philanthropic activities FixYoungAmerica provides best practices and tangible solutions for solving the epidemic of youth unemployment straight from the individuals and organizations that are already in the trenches working to rebuild an entrepreneurial America right now      Entrepreneurship in Nebraska Eric C. Thompson, William B. Walstad, 2008-12-02 Nebraska's entrepreneurs play a vital role in the state's economy This book investigates that role and analyzes the business and economic conditions that affect start ups in both the short and long run Using Gallup's extensive survey findings it reveals the attitudes of small business owners and the general public about topics such as starting a business entrepreneurship education economic development and business transition and succession Research into business conditions and attitudes in different regions of Nebraska provides an in depth understanding of the climate for entrepreneurship In its final chapter the book describes what actions can be taken to maintain the state's dynamic economy to foster further growth additional job creation and expanded wealth and philanthropy Through its scope and comprehensive analysis Entrepreneurship in Nebraska provides a model that any state can use to advance its own economic climate      Career Development in Childhood and Adolescence , 2007-01-01 In the past few years many career theorists have noted the dearth of literature in the area of career development in childhood and adolescence A growing need for integrating theory and research on the early stages of vocational development within a systemic life span developmental approach has been articulated This volume the first book dedicated to career development of children and adolescents provides a broad and comprehensive overview of the current knowledge about the key career processes that take

place in this age group Each of the eighteen chapters represents an in depth examination of a specific aspect of career development with a focus on integrating modern career theory and ongoing research and further developing theory practice connections in understanding child and adolescent career behaviour Twenty six authors leading experts from eight countries provide a state of the art summary of the current thinking in the field and outline directions for future empirical work and practice

**Handbook of Research on Entrepreneurship Policy** David B.

Audretsch, Isabel Grilo, A. Roy Thurik, 2007 This book is a well written and handy source for readers Additionally it provides an overview of current issues relevant to the development of entrepreneurial policy which is based on interesting case studies across a number of nations Dessy Irawati International Journal of Entrepreneurial Behaviour and Research What is new in the world is the need to understand business dynamics the entry exit and growth of firms in the economy This dynamic firm structure as opposed to the static firm structure that dominated past thinking has spurred an outpouring of research The heart of the issue is that while many have identified the importance of business dynamics entry and exit we have only recently taken a closer look at the ecological system in which some companies must die for others to thrive Entrepreneurs are the predators of this system Public policy in an entrepreneurial economy dynamic must limit the forces that prevent firm exit and foster the forces that promote firm entry This book makes an important contribution to the debate Zoltan J Acs George Mason University US and Max Planck Institute of Economics Germany This unique Handbook provides a

solid foundation for essential study in the nascent field of entrepreneurship policy research This foundation is initially developed via the exploration of two significant propositions underpinning the nature of entrepreneurship policy research The first is that entrepreneurship has emerged as a bona fide focus of public policy particularly with respect to economic growth and employment creation The second is that neither scholars nor policy makers are presently equipped to understand the public policy role for entrepreneurship The contributors experienced scholars specialist researchers and dynamic policy makers thus grapple with novel questions of considerable policy relevance that few have previously posed The Handbook therefore provides some of the first crucial systematic analyses of important issues and key questions to be raised in order to move entrepreneurship policy forward are also presented Written by academics and practitioners drawing examples from both North America and Europe this stimulating new Handbook is a prerequisite for students scholars and practitioners in the incipient world of entrepreneurship policy

*Agripreneurship across Africa* Food and Agriculture Organization of the United Nations ,2019-05-01 This publication aims to inspire budding entrepreneurs in Africa to consider business opportunities in agriculture and agro industry broadly defined It is intended to be a promotional tool as a sort of call to arms particularly for women and youth It also aims to serve as an educational tool and knowledge product in business schools and entrepreneurship incubator programmes for case study based learning on operating an agribusiness or agro industry enterprise in Africa The publication offers guidance to agripreneurs on how to overcome or avoid potential pitfalls and learn from the paths set out by the 12 agripreneurs whose stories reflect real life experiences of agribusiness development in Africa It should be seen as a collection of resources on agripreneurship focused on these four topical areas scale women youth and challenging environments while providing guiding advice for agripreneurs and policy makers In addition to educating entrepreneurs it is important to highlight the fundamental role of policy makers in shaping the enabling environment for agripreneurship In this context the publication aims to provide concrete policy recommendations on how to improve the enabling environment for agripreneurship based on the advice of the 12 agripreneurs featured here The aim is to guide policy makers to improve these targeted areas and inspire them to do so by providing accounts of successful agripreneurs who have built businesses with positive economic social and environmental impacts on national development

*Leveraging Gender, Youth and Social Networks for Inclusive and Transformative Livestock Production in the Tropics and Subtropics* Stefan Burkart,Renee Marie Bullock,Juan Andrés Cardoso Arango,Marcela Ramos ,Natalia Triana Angel,2024-10-14 Social research has provided critical insights into understanding gender and generational gaps and the ways that power relations create differentiated access to agricultural and livestock technologies and services Many of these technologies and services such as improved feed options grass legume associations silvo pastoral systems improved animal genetics health and welfare grazing management and associated water and soil health and manure management have the potential to improve livelihoods sustainability food security and generational transfer dynamics Their adoption contributes to
