Sire, 2014-04-21 Early evening a young boy alone on his pony on the rim of the Nebraska Sandhills Three darkening thunderclouds rising higher and higher on the horizon An electric atmosphere a quickening light cooling breeze A slight shiver and the boy wonders Am I being pursued by the Father the Son and the Holy Ghost These sudden unbidden unexpected strange experiences We all have them What are they Mere plucking on the emotional strings of our material selves Or do they have a deeper meaning Do they signal the Presence of something other maybe some Other maybe some one Other some thing or some one above below beyond our normal waking consciousness James W Sire has studied a massive number of these accounts He pairs them with his own experiences and turns to scientists philosophers and theologians for explanation These experiences he concludes are signals of transcendence or what N T Wright calls echoes of a voice the voice of Jesus calling us to follow him into God s new world This book is an account of the author s journey to this conclusion **Coleridge and Newman** Philip C. Rule, 2004 By examining Samuel Taylor Coleridge s and John Henry Newman s parallel approaches to the central question of Christian apologetics the existence of God Coleridge and Newman The Centrality of Conscience documents more fully than ever before the extent of Coleridge s influence on Newman Both men sought to develop an argument for God s existence by understanding conscience as the moral self awareness that makes us human The study provides fresh readings of three texts by Coleridge and three by Newman The result of these comparative readings is a rhetoric that both informs and invites the reader to personal reflection **Chesterton and Evil** Mark Knight, 2004 Here Knight crafts a portrait of Chesterton the Fleet Street newspaperman who was able to entertain vast audiences as well as the thinker who could illuminate serious questions about justice fairness and faith and who helped confront the new evils of the new century by creating works that gave vivid form to enduring truths about the good BOOK JACKET Thoreau's Ecstatic Witness Alan D. Hodder, 2008-10-01 When Henry David Thoreau died in 1862 friends and admirers remembered him as an eccentric man whose outer life was continuously fed by deeper spiritual currents But scholars have since focused almost exclusively on Thoreau s literary political and scientific contributions This book offers the first in depth study of Thoreau s religious thought and experience In it Alan D Hodder recovers the lost spiritual dimension of the writer s life revealing a deeply religious man who despite his rejection of organized religion possessed a rich inner life characterized by a sort of personal experiential nature centered and eclectic spirituality that finds wider expression in America today At the heart of Thoreau s life were episodes of exhilaration in nature that he commonly referred to as his ecstasies Hodder explores these representations of ecstasy throughout Thoreau s writings from the riverside reflections of his first book through Walden and the later journals when he conceived his journal writing as a spiritual discipline in itself and a kind of forum in which to cultivate experiences of contemplative non attachment In doing so Hodder restores to our understanding the deeper spiritual dimension of Thoreau s life to which his

writings everywhere bear witness Light in Darkness Kelly, Anthony J., CSsR, 2020 *Light in Darkness* re-centers theology in God as the focus of the enormous efforts of research in current scholarship. It addresses the way the topic of God is treated or not treated in both cultural and religious circles and even its comparative absence in church communications. *Mystical Discourse in Wordsworth and Whitman* D. J. Moores, 2006 In *Mystical Discourse* D. J. Moores builds on the work of current transatlantic scholarship in a lucid analysis of the connections between William Wordsworth and Walt Whitman. As he demonstrates, the transatlantic bridge between both poets lies in their privileging of a type of mystical language he calls cosmic rhetoric, which served the function of ideological resistance as it enabled them to rebel against Enlightenment modes of thinking and being. In a thorough engagement with the work of Wordsworth and Whitman, Moores shows that the cosmic rhetoric of both writers involves a subversive reorientation towards self and society, nature and God, and knowledge and religion as well as a radical revisioning of language and poetics. **The Oxford Handbook of Nineteenth-Century Christian Thought** Joel Rasmussen, Judith Wolfe, Johannes Zachhuber, 2017-06-22 Through various realignments beginning in the Revolutionary era and continuing across the nineteenth century, Christianity not only endured as a vital intellectual tradition but contributed importantly to a wide variety of significant conversations, movements, and social transformations across the diverse spheres of intellectual, cultural, and social history. *The Oxford Handbook of Nineteenth-Century Christian Thought* proposes new readings of the diverse sites and variegated role of the Christian intellectual tradition across what has come to be called the long nineteenth century. It represents the first comprehensive examination of a picture emerging from the twin recognition of Christianity's abiding intellectual influence and its radical transformation and diversification under the influence of the forces of modernity. Part one investigates changing paradigms that determine the evolving approaches to religious matters during the nineteenth century, providing readers with a sense of the fundamental changes at the time. Section two considers human nature and the nature of religion. It explores a range of categories rising to prominence in the course of the nineteenth century and influencing the way religion in general and Christianity in particular were conceived. Part three focuses on the intellectual, cultural, and social developments of the time, while part four looks at Christianity and the arts, a major area in which Christian ideas, stories, and images were used, adapted, changed, and challenged during the nineteenth century. Christianity was radically pluralized in the nineteenth century, and the fifth section is dedicated to Christianity and Christianities. The chapters sketch the major churches and confessions during the period. The final part considers doctrinal themes, registering the wealth and scope through broad narrative and individual example. This authoritative reference work offers an indispensable overview of a period whose forceful ideas continue to be present in contemporary theology. **Peculiar Crossroads** Farrell O'Gorman, 2008-01-01 In *Peculiar Crossroads* Farrell O'Gorman explains how the radical religiosity of both Flannery O'Connor's and Walker Percy's vision made them so valuable as southern fiction writers and social critics. Via their spiritual and philosophical concerns, O'Gorman asserts these two

unabashedly Catholic authors bequeathed a postmodern South of shopping malls and interstates imbued with as much meaning as Appomattox or Yoknapatawpha O Gorman builds his argument with biographical historical literary and theological evidence examining the writers work through intriguing pairings such as O Connor s Wise Blood with Percy s The Moviegoer and O Connor s A Good Man Is Hard to Find with Percy s Lancelot An impeccable exercise in literary history and criticism Peculiar Crossroads renders a genuine understanding of the Catholic sensibility of both O Connor and Percy and their influence among contemporary southern writers

Victorian Religious Discourse J. Nixon,2004-08-20 This collection of essays attempts to address the disparate historical and critical ways religion informs the literature and culture of nineteenth century England showing how a representative group of major Victorians negotiated its impact The collection attempts to present Victorian religious discourse not as monologic but as dialogic if not protean It seeks to make available new understandings of nineteenth century British literature as well as to elucidate the extent to which religious discourse is vested in Victorian cultural thoughts and practice

Oladosu,Abdulrazaq Kilani,Samuel Okanlawon,2024-06-24 This collection of essays attempts to speak to the past as it does the future It engages the dialectics in Christians and Muslims responses to the COVID 19 pandemic from theological philosophical sociological and gender perspectives The interdisciplinary approach became a necessity based on the realization that beyond the high fatalities that resulted from the pandemic people s responses to it were as eclectic as were their existential realities This volume is particularly unique because it yields space to Christianity and Islam and presents the trajectories in their practitioners response to the pandemic The authors historicize theorize and theologize these responses and present exemplar templates of coping mechanisms for religious institutions and people faced with unconventional situations bordering on religious ideals The book is a valuable resource for scholars religious leaders historians health practitioners and faith based organizations on strategies to adopt for future pandemics

Religious Imaginaries Karen Dieleman,2012-10-02 Explores liturgical practice as formative for how three Victorian women poets imagined the world and their place in it and consequently for how they developed their creative and critical religious poetics This new study rethinks several assumptions in the field that Victorian women s faith commitments tended to limit creativity that the contours of church experiences matter little for understanding religious poetry and that gender is more significant than liturgy in shaping women s religious poetry Exploring the import of bodily experience for spiritual emotional and cognitive forms of knowing Karen Dieleman explains and clarifies the deep orientations of different strands of nineteenth century Christianity

such as Congregationalism's high regard for verbal proclamation Anglicanism's and Anglo Catholicism's valuation of manifestation and revivalist Roman Catholicism's recuperation of an affective aesthetic Looking specifically at Elizabeth Barrett Browning Christina Rossetti and Adelaide Procter as astute participants in their chosen strands of Christianity Dieleman reveals the subtle textures of these women's religious poetry the different voices genres and aesthetics they create in response to their worship experiences Part recuperation part reinterpretation Dieleman's readings highlight each poet's innovative religious poetics Dieleman devotes two chapters to each of the three poets the first chapter in each pair delineates the poet's denominational practices and commitments the second reads the corresponding poetry Religious Imaginaries has appeal for scholars of Victorian literary criticism and scholars of Victorian religion supporting its theoretical paradigm by digging deeply into primary sources associated with the actual churches in which the poets worshipped detailing not only the liturgical practices but also the architectural environments that influenced the worshipper's formation By going far beyond descriptions of various doctrinal positions this research significantly deepens our critical understanding of Victorian Christianity and the culture it influenced
