

The background of the cover is a photograph of a landscape. In the foreground, there is a rough, uneven ground with some stones and sparse vegetation. A low, dark stone wall runs diagonally across the middle ground, separating a green field from a more distant area. The sky is a pale blue with some light clouds. The title 'SEEING ROMAN BRITAIN' is overlaid on the top half of the image in a large, white, serif font.

cultural significance for granted which is especially pronounced in the provincial context of Roman Britain By applying the theoretical framework of sensory archaeology Savani examines issues of receptivity social acceptance and cultural interaction broadening our understanding of the cultural and social transformations occurring in the province Focusing on two regions South East and Central South West England Savani uncovers the previously underappreciated role of rural baths in connecting a more diverse range of people than has been traditionally acknowledged It also underscores the critical importance of sensory experience in the acceptance of bathing practices in rural areas and the affective connections formed by various social groups around these practices Rural Baths in Roman Britain is an invaluable resource for scholars of both the archaeology and culture of Roman Britain as well as those working on processes of cultural interactions within the Roman provinces more broadly *The New Cambridge Medieval History: Volume 1, C.500-c.700* Paul Fouracre, Rosamond McKitterick, David Abulafia, 1995 Sample Text *Handbook for History Teachers* W.
