professionals seeking a general outline of treatment and prevention of cardiovascular disorders and fills the gap between undergraduate teaching texts and specialist texts for cardiologists. Cardiologists and general physicians will find it immensely valuable when diagnosing and managing heart disease in their day to day practice. It is also of use for trainees in cardiology and general medicine especially those interested in applied cardiovascular pathophysiology. *Handbook of Critical Incidents and Essential Topics in Pediatric Anesthesiology* David A. Young, David A. Young (Associate professor of anesthesiology), Olutoyin A. Olutoye, 2014-10-13 Functions as a bedside reference for managing critical incidents and for effectively mastering the key topics within pediatric anesthesiology. Written and edited by experts from top children's hospitals, this is an essential resource for residents and fellows as well as a valuable quick reference handbook for more experienced anesthesiologists. **Critical Care Nursing** Leanne Aitken, Andrea Marshall, Wendy Chaboyer, 2019-06-22 Endorsed by the Australian College of Critical Care Nurses (ACCCN). ACCCN is the peak professional organisation representing critical care nurses in Australia. Written by leading critical care nursing clinicians Leanne Aitken, Andrea Marshall and Wendy Chaboyer, the 4th edition of *Critical Care Nursing* continues to encourage and challenge critical care nurses and students to develop world class practice and ensure the delivery of the highest quality care. The text addresses all aspects of critical care nursing and is divided into three sections: scope of practice, core components and specialty practice, providing the most recent research data, procedures and guidelines from expert local and international critical care nursing academics and clinicians. Alongside its strong focus on critical care nursing practice within Australia and New Zealand, the 4th edition brings a stronger emphasis on international practice and expertise to ensure students and clinicians have access to the most contemporary practice insights from around the world. Increased emphasis on practice tips to help nurses care for patients within critical care. Updated case studies, research vignettes and learning activities to support further learning. Highlights the role of the critical care nurse within a multidisciplinary environment and how they work together. Increased global considerations relevant to the international context of critical care nursing alongside its key focus within the ANZ context. Aligned to update NMBA RN Standards for Practice and NSQHS Standards. [Cumulated Index Medicus](#), 1986
