International Commerce ,1964 Life in the Sky Fraser Green,2025-06-29 Fraser Green is having the time of his life Staying at lavish five star hotels in India jetting to Tokyo to redesign presentations for Japanese media tycoons and racking up frequent flyer points on business trips from Singapore to Seoul while squeezing in side adventures Despite being in his early twenties Green has risen in the ranks at a boutique Melbourne agency that becomes the go to for tech giants He somehow finds himself in a design role and tackling project management tasks for billion dollar clients As Green navigates his share of fake it till you make it moments he learns to head off conflicts soothe high maintenance clients and dispatch back biting competitors with grace earning respect from both top execs and frenemies In Life in the Sky Ups Downs and Missed Connections of a Frequent Flyer Green transports readers through the rush of airports and the fast paced destinations that have become his world often with comical outtakes involving everything from spicy foods and hangovers to insane rides dodging cows in the streets Yet cracks

appear behind the facade as Green churns through rush jobs time zone shifts and late nights lubricated with cocktails The crush of stress anxiety and sleep deprivation overtake the thrill of hopping on a flight The idea of dining solo or sipping a G T in yet another overhyped airport lounge amplifies his loneliness The burnout is real Green rethinks the sacrifices he's made wondering if his adult life has been a lie Life in the Sky explores what the idea of success looks like for young people who when presented with opportunities buy the proverbial ticket but don't always know when or how to get off the ride The author's wry humour and humility ring clear in this travelogue with smart insights into the perks and pitfalls of corporate life often at 30 000 feet

Colonizing Language Christina Yi, 2018-03-06 With the outbreak of the Sino Japanese War in 1894 Japan embarked on a policy of territorial expansion that would claim Taiwan and Korea among others Assimilation policies led to a significant body of literature written in Japanese by colonial writers by the 1930s After its unconditional surrender in 1945 Japan abruptly receded to a nation state establishing its present day borders Following Korea's liberation Korean was labeled the national language of the Korean people and Japanese language texts were purged from the Korean literary canon At the same time these texts were also excluded from the Japanese literary canon which was reconfigured along national rather than imperial borders In *Colonizing Language* Christina Yi investigates how linguistic nationalism and national identity intersect in the formation of modern literary canons through an examination of Japanese language cultural production by Korean and Japanese writers from the 1930s through the 1950s analyzing how key texts were produced received and circulated during the rise and fall of the Japanese empire She considers a range of Japanese language writings by Korean colonial subjects published in the 1930s and early 1940s and then traces how postwar reconstructions of ethnolinguistic nationality contributed to the creation of new literary canons in Japan and Korea with a particular focus on writers from the Korean diasporic community in Japan Drawing upon fiction essays film literary criticism and more Yi challenges conventional understandings of national literature by showing how Japanese language ideology shaped colonial histories and the postcolonial present in East Asia A Center for Korean Research Book
