Seek Out The Guilty:

Call the Mothers Shaylih Muehlmann, 2024-08-06 A gripping portrait of the relentless women taking missing persons kidnapping and extortion cases into their own hands and building a movement for one another In this riveting exploration of the lives of mothers whose children are among the 100 000 disappeared in Mexico s war on drugs Shaylih Muehlmann shows how families have mobilized on the ground to get answers and justice It is often mothers who confront government corruption indifference and incompetence by taking on the responsibilities of searching for missing persons and dealing with kidnapping and extortion cases In bringing the voices of these women to the fore Muehlmann demonstrates how the war on drugs affects everyday life in Mexico and how these activists have become detectives forensic specialists and even negotiators with drug traffickers Call the Mothers provides a unique look at a grassroots movement that draws from the symbolic power of motherhood to build a network of collectives that redefine traditional gender roles and challenge injustice and impunity **The Preacher..**, 1833 California. Supreme Court. Records and Briefs California (State)., Number of Exhibits 1_x000D_ Court of Appeal Case s B033163 **The Uncontrollability of the World** Hartmut Rosa, 2020-10-06 The driving cultural force of that form of life we call modern is the desire to make the world controllable Yet it is only in encountering the uncontrollable that we really experience the world only then do we feel touched moved and alive A world that is fully known in which everything has been planned and mastered would be a dead world Our lives are played out on the border between what we can control and that which lies outside our control But because we late modern human beings seek to make the world controllable we tend to encounter the world as a series of objects that we have to conquer master or exploit And precisely because of this life the experience of feeling alive and truly encountering the world always seems to elude us This in turn leads to frustration anger and even despair which then manifest themselves in among other things acts of impotent political aggression For Rosa to encounter the world and achieve resonance with it requires us to be open to that which extends beyond our control The outcome of this process cannot be predicted and this is why moments of resonance are always concomitant with moments of uncontrollability This short book the sequel to Rosa s path breaking work on social acceleration and resonance will be of great interest students and scholars in sociology and the social sciences and to anyone concerned with the nature of modern social life **Forever Flowing** Vasiliĭ Semenovich Grossman, 1997 The novel tells the story of Ivan Grigoryevich who has returned to Russia after thirty years in the Gulag After short and unsatisfying visits to familiar places and persons in Moscow and Leningrad the hero settles in a southern provincial town where he briefly establishes a new life with a war widow Ivan Grigoryevich eventually returns to his boyhood home on the Black Sea where he is finally able to come to terms with the inhumanity of the new Russian regime **Congressional Record** United States.
