Brooks's adaptation strategies across the Hollywood film Broadway theatre and American television industries By combining a cultural industries approach together with that of adaptation studies this book also identifies an important new industrial practice employed by Brooks defined here as prolonged adaptation More significantly Symons also employs this method to explain the so far neglected way that Brooks's adaptations have contributed towards changing production trends changes in critical attitudes and towards the ongoing integration of the cultural industries today An essential read for film students and scholars researching adaptation this refreshing new approach will also be valued by everyone studying the cultural industries

The Political Mel Brooks Samuel Boerboom, Beth E. Bonnstetter, 2019-06-07 The Political Mel Brooks analyzes both Mel Brooks's more popular films and his lesser known work to explore how his use of parody and satire his keen sense of the history of Jewish comedic conventions and his deep awareness of social issues encompasses a political project that while often implicit nonetheless speaks to the enduring political and social impact of his films Brooks's work often employs a nuanced political style that acts as a social commentary against those in power and in favor of oppressed and misunderstood persons This volume emphasizes Brooks's political legacy and his masterful use of parody and satire to craft sophisticated political critiques of dominant culture Contributors illustrate in a practical and accessible way how to explore how comedic films and television series can employ parody and satire not just to mock generic conventions but also dominant political ideologies Scholars of media film pop culture political science and communication studies will find this volume especially useful

The Big Screen Comedies of Mel Brooks Robert Alan Crick,2015-06-14 Mel Brooks is often regarded as one of Hollywood s funniest men thanks to such highly successful films as The Producers Blazing Saddles and Young Frankenstein His films do have a tendency to turn out much like the jokes that comprise them hit or miss one minute shoot the moon brilliant and the next minute well short of laughs This work provides a thorough synopsis and thematic analysis for each of his twelve films along with complete cast and production credits The Producers 1968 The Twelve Chairs 1970 Blazing Saddles 1974 Young Frankenstein 1974 Silent Movie 1976 High Anxiety 1977 History of the World Part 1 1981 To Be or Not to Be 1983 Spaceballs 1987 Life Stinks 1991 Robin Hood Men in Tights 1993 and Dracula Dead and Loving It 1995

Seduced by Mrs. Robinson Beverly Gray,2017-11-07 An Amazon Best Book of the Month Gray writes smartly and insightfully The book as a whole offers a fascinating look at how this movie tells a timeless story The Washington Post Mrs Robinson you re trying to seduce me Aren t you When The Graduate premiered in December 1967 its filmmakers had only modest expectations for what seemed to be a small sexy art house comedy adapted from an obscure first novel by an eccentric twenty four year old There was little indication that this offbeat story a young man just out of college has an affair with one of his parents friends and then runs off with her daughter would turn out to be a monster hit with an extended run in theaters and seven Academy Award nominations The film catapulted an unknown actor Dustin Hoffman to stardom with a role that is now permanently engraved in our collective memory While turning the word plastics into shorthand for soulless work and a corporate consumer culture The Graduate sparked a national debate about what was starting to be called the generation gap Now in time for this iconic film s fiftieth birthday author Beverly Gray offers up a smart close reading of the film itself as well as vivid never before revealed details from behind the scenes of the production including all the drama and decision making of the cast and crew For movie buffs and pop culture fanatics Seduced by Mrs Robinson brings to light The Graduate s huge influence on the future of filmmaking And it explores how this unconventional movie rocked the late sixties world both reflecting and changing the era s views of sex work and marriage
