## **Seizing The Asi Spirit:**

*Seizing the Asi Spirit* Kenneth Livesay, 1993-01-01      **Mir'āt al-quds (Mirror of Holiness): A Life of Christ for Emperor Akbar** Pedro Moura Carvalho, 2011-11-25 Emperor Akbar's exceptional interest in Christianity is reflected in many ways. Among these was his commissioning in 1602 of a Life of Christ from his guest the Jesuit priest Jerome Xavier, thus marking a singular moment in the relations between one of the greatest Muslim rulers and Catholicism. This fascinating text, translated into English for the first time, draws mostly on Biblical and apocryphal sources but also reveals that in order not to antagonize his Muslim hosts, Father Jerome occasionally made concessions in his work. Of the three illustrated copies, the one used in this study and now in the Cleveland Museum of Art is the most important. Its twenty-seven high-quality miniatures were inspired by the text itself, resulting in unique interpretations of episodes that often do not find parallels in a European context.      *The Spiritual Exercises of St. Ignatius Loyola* Saint Ignatius (of Loyola), 1923      **The Friend of India**, 1825

**A grammar of the Mandingo language** Robert Maxwell Macbrair, 1839      **The Falling Sky** Davi Kopenawa, Bruce Albert, 2023-01-31 Anthropologist Bruce Albert captures the poetic voice of Davi Kopenawa, shaman and spokesman for the Yanomami of the Brazilian Amazon, in this unique reading experience: a coming-of-age story, historical account, and shamanic philosophy, but most of all, an impassioned plea to respect native rights and preserve the Amazon rainforest.      **Spiritual Despots** J. Barton Scott, 2016-07-19 Historians of religion have examined at length the Protestant Reformation and the liberal idea of the self-governing individual that arose from it. In *Spiritual Despots*, J. Barton Scott reveals an unexamined piece of this story: how Protestant technologies of asceticism became entangled with Hindu spiritual practices to create an ideal of the self-ruling subject crucial to both nineteenth-century reform culture and early twentieth-century anticolonialism in India. Scott uses the quaint term *priestcraft* to track anticlerical polemics that vilified religious hierarchy, celebrated the individual, and endeavored to reform human subjects by freeing them from external religious influence. By drawing on English, Hindi, and Gujarati reformist writings, Scott provides a panoramic view of precisely how the specter of the crafty priest transformed religion and politics in India. Through this alternative genealogy of the self-ruling subject, *Spiritual Despots* demonstrates that Hindu reform movements cannot be understood solely within the precolonial tradition but rather need to be read alongside other movements of their period. The book's focus moves fluidly between Britain and India, engaging thinkers such as James Mill, Keshub Chunder Sen, Max Weber, Karsandas Mulji, Helena Blavatsky, M. K. Gandhi, and others to show how colonial Hinduism shaped major modern discourses about the self. Throughout, Scott sheds much-needed light on how the rhetoric of priestcraft and practices of worldly asceticism played a crucial role in creating a new moral and political order for twentieth-century India and demonstrates the importance of viewing the emergence of secularism through the colonial encounter.

**Elihu Root Collection of United States Documents**, 1895      **A Walk In The Darkness** Jon Land, 2001-04-15 1948 An archaeological team in Turkey is slaughtered after making an earth-shattering discovery. More than fifty years later,

another group of archaeologists this one made up of Americans is murdered in the Judean desert Chief Inspector Danielle Barnea of Israel's National Police is called in to investigate accompanied by Palestinian detective Ben Kamal whose nephew was among the victims Joining forces once again Ben and Danielle are swept into a maelstrom of secrets and subterfuge where truth is the rarest find of all Together they follow a trail that spans three continents and stretches from the dusty streets of Jericho to the regent corridors of Rome back to a conspiracy that has remained buried for more than 2 000 years Hunted by a secret army and renounced by their own governments Ben and Danielle close on the solution to a mystery that can destroy them at the same time it changes civilization forever Their only hope is to find the light that lies at the end of A Walk In the Darkness

*Culture and the Senses* Prof. Kathryn Geurts,2003-01-09 Adding her stimulating and finely framed ethnography to recent work in the anthropology of the senses Kathryn Geurts investigates the cultural meaning system and resulting sensorium of Anlo Ewe speaking people in southeastern Ghana Geurts discovered that the five senses model has little relevance in Anlo culture where balance is a sense and balancing in a physical and psychological sense as well as in literal and metaphorical ways is an essential component of what it means to be human Much of perception falls into an Anlo category of seselelame literally feel feel at flesh inside in which what might be considered sensory input including the Western sixth sense notion of intuition comes from bodily feeling and the interior milieu The kind of mind body dichotomy that pervades Western European Anglo American cultural traditions and philosophical thought is absent Geurts relates how Anlo society privileges and elaborates what we would call kinesthesia which most Americans would not even identify as a sense After this nuanced exploration of an Anlo Ewe theory of inner states and their way of delineating external experience readers will never again take for granted the naturalness of sight touch taste hearing and smell
