**Into the Heart of European Poetry** John Taylor, 2017-07-05 John Taylor's brilliant new book examines the work of many of the major poets who have deeply marked modern and contemporary European literature Venturing far and wide from France in which he has lived since the late 1970s the polyglot writer-critic not only delves into the more widely translated literatures of Italy Greece Germany and Austria but also discovers impressive and overlooked work in Slovenia Bosnia Hungary Finland Norway and the Netherlands in this book that ranges over nearly all of Europe including Russia While providing this stimulating and far-ranging critical panorama Taylor brings to light key themes of European writing the depth of everyday life the quest of the thing in itself metaphysical aspiration and anxiety the dialectics of negativity and affirmation subjectivity and self-effacement and uprootedness as a category that is as ontological as it is geographical historical political or cultural The book pays careful attention to the intersection of writing and history or politics as several poets featured here have faced the Second World War the Holocaust Communism the fall of Communism or the war in the former Yugoslavia Taylor gives the work of renowned upcoming and still little-known poets a thorough look all the while scrutinizing recent translations of their verse He highlights several poets who are also masters of the prose poem He includes a few novelists who have fashioned a particularly original kind of poetic prose that stylistic category that has proved so difficult for critics to define *Into the Heart of European Poetry* should be of immediate interest to any reader curious about the aesthetic and philosophical ideas underlying major trends of contemporary European writing In a day and age when much too little is translated and thus known about foreign literature and when Europeans themselves are pondering the common denominators of their own culture this book is a *Path to Contemporary French Literature* John Taylor, 2017-07-05 Praised for his independence curiosity intimate knowledge of French literature and sharp reader's eye John Taylor is a writer-critic who is naturally skeptical of literary fashions overnight reputations and readymade academic categories Here he examines various genres of politically committed literature such as Jean Hatzfeld's narratives about Rwanda or Tchicaya U-Tamsi's verse some overlooked fiction and several provocative

experiments with literary form ranging from the poetry of Jean Paul Michel and Marie etienne to the three line novels of Felix Feneon Taylor continues to reveal the remarkable resourcefulness of French writing Besides drawing attention to authors like Dai Sijie or Albert Cossery who have come to French from other languages he has added younger novelists to his critical panorama Challenging persistent cliches and recovering deserving voices from unjust neglect Taylor s vision of French literature conjures up the image of a vital nexus Poetry crisscrosses with prose writers from one generation meet up with those from the next or the previous one while the philosophical ideas underlying French writing are scrutinized This is an essential guide to the realities of French culture today

**The Oxford Guide to Literature in English Translation** Peter France,2000 Translation has been a crucial process in world culture over the past two millennia and more In the English speaking cultures many of the most important texts are translations from Homer to Beckett the Bible to Freud Although recent years have seen a boom in translation studies there has been no comprehensive yet convenient guide to this essential element of literature in English Written by eminent scholars from many countries the Oxford Guide to Literature in English Translation meets this need and will be essential reading for all students of English and comparative literature It highlights the place of translation in our culture encouraging awareness of the issues raised making the translator more visible Concentrating on major writers and works it covers translations out of many languages from Greek to Korean from Swahili to Russian For some works e g Virgil s Aeneid which have been much translated the discussion is historical and critical showing how translation has evolved over the centuries and bringing out the differences between versions Elsewhere with less familiar literatures the Guide examines the extent to which translation has done justice to the range of work available The Guide is divided into two parts Part I contains substantial essays on theoretical questions a pioneering outline of the history of translation into English and discussions of the problems raised by specific types of text e g poetry oral literature The second much longer part consists of entries grouped by language of origin some are devoted to individual texts e g the Thousand and One Nights or writers e g Ibsen Proust but the majority offer a critical overview of a genre e g Chinese poetry Spanish Golden Age drama or of a national literature e g Hungarian Scottish Gaelic There is a selective bibliography for each entry and an index of authors and translators

**Charlestown Blues** Guy Goffette,2007-10 Letter to the unknown woman across the street I Curtains blinds draperies shades no nothing Madame to conceal from your Cyclops eye in the shadows from which it spies on me this long pale body false corpse tired out with debauchery which is swooning too before your balcony with your drying stockings and scanties of a nun at bay poisonous flowers for a lonely man whom death panics draws erect demarrows in the night riveted to your white thighs Readers who denounce most contemporary French poetry as self referential experimentation word games exercises in deconstruction or other kinds of incomprehensible writing disconnected from everyday life brace yourselves for a revelation Erotic and urbane

distinguished by formal skill yet marked by the subtlest shades of feeling Guy Goffette's unabashedly lyrical poems pay homage to both Verlaine and Rimbaud whom he counts as his important forbears with echoes of Auden and Pound Pavese and Borges In Charlestown Blues poet and translator Marilyn Hacker has chosen a tightly thematic selection of poems all centering around the notion of blue the color and the emotion as well as that quintessentially American style of musical performance Hacker's crystalline and musical English renderings will show Anglophones why Goffette is considered one of the most important poets writing in French today Paths to Contemporary French Literature, Volume 1 John Taylor, 2005-04-27 Although the great French novelists of the last two centuries are widely read in America there is a widespread notion that little of importance has happened in French literature since the heyday of Sartre Camus and the nouveau roman Some might argue that even well read Americans are ignorant about what is happening in European literature generally Certainly there has never been so few translations of foreign books in the United States or so little coverage of foreign writers Curious American readers need new up to date information and analyses about what is happening elsewhere Paths to Contemporary French Literature is a stimulating and much needed guide to the major currents of one of the world's great literatures This critical panorama of contemporary French literature introduces English language readers to over fifty important writers and poets many of whom are still little known outside of France Emphasizing authors who are admired by their peers as opposed to those with overnight reputations John Taylor offers a compelling insider's view The pioneering essays included in this book offer incisive analyses of the ideas motivating current writing and delve into a writer's or poet's entire output Although some names may be familiar Marguerite Duras Hélé Cixous Philippe Jaccottet Henri Michaux the reader obtains fresh reappraisals of their seminal work Especially noteworthy however are Taylor's lively introductions to many other key writers who either have not yet crossed the English Channel let alone the Atlantic Combating the notion that French literature is overtly intellectual inaccessible or interested only in formal experimentation Taylor shows that many French writers are instead acutely inquisitive about the outside world shrewd observers of reality even very funny Although not conceived as a reference book the volume possesses some qualities of a reference work a good bibliography reliable dates and biographical facts Paths to Contemporary French Literature will be of interest to students of French literature and culture literary scholars and readers of contemporary fiction and poetry **The Random House Book of 20th Century French Poetry** Paul Auster, 1984-01-12 During the 20th Century France was home to many of the world's greatest poets This collection highlights some of the very best verse that came out of a country and century defined by war and liberation Indispensable a book that everyone interested in modern poetry should have close to hand a source of renewable delights and discoveries a book that will long claim our attention Peter Brooks The New York Times Book Review One of the freshest and most exciting books of poetry to appear in a long while Paul Auster has provided the best possible point of entry into this century's most influential body of poetry Geoffrey O'Brien The Village Voice London Magazine

John Lehmann, Alan Ross, 2005      The Mahalia Jackson Reader Mark Burford, 2020-03-02 Born in New Orleans before migrating to Chicago Mahalia Jackson 1911-72 is undoubtedly the most widely known black gospel singer having achieved fame among African American communities in the 1940s then finding a wide audience among non-black U.S. and international audiences after she signed with major label Columbia Records in 1954 The newest entry in OUP's celebrated Readers on American Musicians series The Mahalia Jackson Reader places Jackson's musical performances and their reception against key changes in 20th century America changes that include transformations of the recorded music industry the increasing visibility of the civil rights movement a florescence of Cold War era religiosity and an explosion of popularity of black gospel music itself Jackson's career combines parallel tracks as a black church singer and as a national pop celebrity and makes her one of the most complex and important black artists of the postwar decades Gospel is a particularly challenging genre to study because of the paucity of sources Because of Jackson's celebrity there is more substantial coverage of her life and work than other gospel artists but Jackson scholarship is still largely dependent on trade biographies from the 1970s for source material For this reader Mark Burford has gone beyond the standard biographies and has drawn from extensive archival research including in the volume interview transcripts and the largely untouched papers of Jackson's associate Bill Russell who kept a journal tracking Jackson's activities from 1951 to 1955 The new sources in particular Russell's notes uniquely enable an assessment of the reciprocal relationship between the two careers Jackson pursued essentially simultaneously as an in-demand church singer in Chicago and as a media star for a major network and recording label      Collected Prose Paul Auster, 2024-08-06 The expanded edition of an essential collection of writings essays and interviews from Paul Auster one of the finest thinkers and stylists in contemporary letters The celebrated author of The New York Trilogy The Book of Illusions and 4 3 2 1 presents here a highly personal collection of essays prefaces true stories autobiographical writings and collaborations with artists as well as occasional pieces written for magazines and newspapers including his breathtaking memoir Financial Times The Invention of Solitude Ranging in subject from Sir Walter Raleigh to Kafka Nathaniel Hawthorne to the high wire artist Philippe Petit conceptual artist Sophie Calle to Auster's own typewriter the World Trade Center catastrophe to his beloved New York City itself Collected Prose records the passions and insights of a writer who will be remembered as one of the great writers of our time San Francisco Chronicle      Poetry Harriet Monroe, 2006      Decapolis Larissa Boehning, David Constantine, Arnon Grunberg, Emil Hakl, Amanda Michalopoulou, Empar Moliner, Aldo Nove, Jacques Réda, Dalibor Šimpraga, Ágúst Borgþór Sverrisson, 2013-12-03 Decapolis is a book which imagines the city otherwise Bringing together ten writers from across Europe it offers snapshots of their native cities freezing for a moment the characters and complexities that define them Ten cities diverse incompatible contradictory in everything from language to landscape In Amsterdam every Friday night a lonely woman cooks for her men a circle of middle-aged bachelors In Barcelona a self-regarding poet tries to capture the essence of the city in an eleven word lyric In Reykjavik an unemployed journalist wanders

through the deserted buildings of the newspaper he once wrote for In all cases these are cities in states of transition Zagreb in the shadow of the Balkan conflict Manchester on the cusp of social and economic change Berlin with half its industrial buildings abandoned like the Mary Celeste The ultimate untranslatability of these cities experiences is never in question and yet through these fractured isolated glimpses chance encounters snatches of conversation local TV bulletins something quite unlikely begins to emerge a commonality grounded in the fleeting and the momentary a continuum perhaps of urban experience Deca Polis Greek for ten cities     **Verse** ,2007     **Objects Observed** John C. Stout,2018-04-13 **Objects Observed** explores the central place given to the object by a number of poets in France and in America in the twentieth century John C Stout provides comprehensive examinations of Pierre Reverdy Francis Ponge Jean Follain Guillevic and Jean Tortel Stout argues that the object furnishes these poets with a catalyst for creating a new poetics and for reflecting on lyric as a genre In France the object has been central to a broad range of aesthetic practices from the era of Cubism and Surrealism to the 1990s In the heyday of American Modernism several major poets foregrounded the object in their work however in postwar twentieth century America poets moved away from a focus on the object **Objects Observed** illuminates the variety of aesthetic practices and positions in French and American poets from the years of high Modernism 1909 1930 to the 1990s     **World Literature Today** ,2001     *Return to Calm* Jacques Réda,2007 Fiction Translated from the French by Aaron Prevots RETURN TO CALM published in French in 1989 and appearing here as a full bilingual edition immerses the reader in Jacques Reda s lyrical observations of the everyday Its seven distinct sections offer reflections on youth on travel in open country on seasons on Paris and on remembrance itself They provide a rhythmic initiation into the outer world s beauty through the eyes of a writer deeply attuned to the passing of time and space     **Encyclopedia of Contemporary French Culture** Alexandra Hughes,Alex Hughes,Keith A Reader,Keith Reader,2002-03-11 More than 700 alphabetically organized entries by an international team of contributors provide a fascinating survey of French culture post 1945 Entries include advertising Beur cinema Coco Chanel decolonization critique feminine football francophone press gay activism Seuil youth culture Entries range from short factual biographical pieces to longer overview articles All are extensively cross referenced and longer entries are facts fronted so important information is clear at a glance It includes a thematic contents list extensive index and suggestions for further reading The Encyclopedia will provide hours of enjoyable browsing for all francophiles and essential cultural context for students of French Modern History Comparative European Studies and Cultural Studies
