Andrews,1992 *Ancient Music Adapted to Modern Practice* Nicola Vicentino,1996-01-01 First published in Rome in 1555 Nicola Vicentino s treatise was one of the most influential music theory texts of the sixteenth century This translation by Maria Rika Maniates is the first English language edition of Vicentino s important work Unlike most early theorists Vicentino did not simply summarize the practice of his time His aim was to change how composers wrote and how musicians thought about music His best known contribution is the adaptation of the ancient Greek chromatic and enharmonic genera to modern polyphonic practice But he also expressed the avant garde s position on the relation between music and the subject matter and feelings of a secular or sacred text He challenged the view that part writing always had to conform to the rules of counterpoint asserting that license was permissible in order to express the feelings of a verbal text In this he anticipated the manifestos of Vincenzo Galilei and Claudio Monteverdi Maniates introduction discusses Vicentino s life and work the sources of his ideas in earlier theoretical literature and the contemporary humanists from whom he may have learned

The Found Voice Denis Sampson,2016-05-12 The Found Voice Writers Beginnings uses the means of literary biography and criticism to do something rarely attempted to understand how a key creative period establishes the authoritative voice of a unique artist The essays which explore this hidden process of the writer writing focus on some of the major writers of recent times V S Naipaul J M Coetzee Alice Munro William Trevor and Mavis Gallant The focus of investigation is a single work by each author and many of them identify the book in which this turning point was reached The writers have a somewhat different sense of what the voice is a true voice the voice in the mind the writing voice etc yet all of them accept the phrase finding a voice as a decisive and necessary process towards a unique style and vision their raison d tre as artists These essays allow each one to define his or her sense of the process of writing and their style is exploratory Nevertheless certain patterns emerge of migration and cultural displacement of linguistic self consciousness of memory and a reimagining of the first home of absorbing and rejecting mentors and models Crucially the essays rely not just on what led up to the moment of creation but on a sense of the career that emerged from it Most of the writers have written retrospectively in memoirs interviews or essays about the pivotal work and its foundational significance They are the best witnesses to the process although their silence or their commentary is understood in terms of the many strands of the narrative that each essay presents
