Task Force on Tax Expenditures and Off-Budget Agencies,1976 *From Tenements to the Taylor Homes* John F. Bauman,Roger Biles,Kristin M. Szylvian,2010-12-31 Authored by prominent scholars the twelve essays in this volume use the historical perspective to explore American urban housing policy as it unfolded from the late nineteenth through the twentieth centuries Focusing on the enduring quest of policy makers to restore urban community the essays examine such topics as the war against the slums planned suburbs for workers the rise of government aided and built housing during the Great Depression the impact of post World War II renewal policies and the retreat from public housing in the Nixon Carter and Reagan years **Policy Analysis on Major Issues** ,1977 *Hearings, Reports and Prints of the Joint Economic Committee* United States. Congress. Joint Economic Committee,1971 *Measuring and Managing Federal Financial Risk* Deborah Lucas,2010-04-15 The U S government is the world s largest financial institution providing credit and assuming risk through diverse activities But the potential cost and risk of these actions and obligations remain poorly understood and only partially measured Government budgetary and financial accounting rules which largely determine the information available to federal decision makers have only just begun to address these issues However recently there has been a push to rethink how these programs are valued and accounted for and some progress has been made in applying modern valuation methods such as options pricing risk adjusted discount rates and value at risk to these

types of obligations This book contains new research both empirical and methodological on the measurement and management of these costs and risks The analyses encompass a broad spectrum of federal programs including housing catastrophe insurance student loans social security and environmental liabilities Collectively the contributions gathered in *Measuring and Managing Federal Financial Risk* demonstrate that the logic of financial economics can be a useful tool for studying a range of federal activities Hearings ,1973 *A Decade of Federal Antipoverty Programs* Robert H. Haveman,2013-10-22 *A Decade of Federal Antipoverty Programs Achievements Failures and Lessons* presents papers on the war on poverty dealing with its origins its education health and income maintenance programs and its community action legal services and antidiscrimination policies The book discusses poverty and social policy in the 1960s and 1970s the social and political context of the war on poverty and a decade of policy developments in the income maintenance system The text also describes a decade of policy developments in improving education and training for low income populations a decade of policy developments in providing health care for low income families and the mobilization of low income communities through community action 10 Years of legal services for the poor and a decade of policy developments in equal opportunities in employment and housing are also considered Historians and people involved in political sciences will find the book invaluable *Issues in Welfare Administration* ,1972
