Medievalisms in a Global Age Angela Jane Weisl, Robert Squillace, 2024 Discusses contemporary medievalism in studies ranging from Brazil to West Africa from Manila to New York Across the world revivals of medieval practices images and tales flourish as never before The essays collected here informed by approaches from Global Studies and the critical discourse on the concept of a Global Middle Ages explore the many facets of contemporary medievalism post colonial responses to the enforced dissemination of Western medievalisms attempts to retrieve pre modern cultural traditions that were interrupted by colonialism the tentative forging of a global medieval imaginary from the world's repository of magical tales and figures and the deployment across borders of medieval imagery for political purposes The volume is divided into two sections dealing with Local Spaces and Global Geographies The contributions in the first consider a variety of medievalisms tied to particular places across a broad geography but as part of a larger transnational medievalist dynamic Those in the second focus on explicitly globalist medievalist phenomena whether concerning the projection of a particular medievalist trope across borders or the integration of medieval pasts from different parts of the globe in a contemporary incarnation of medievalism A wide range of topics are addressed from Japanese manga and Arthurian tales to The O Trilogy of Maurice Gee Camus and Dungeons and Dragons **In the Footsteps of the Traveller** Chris M. Cannon, 2025-04-10 Teachings from the stars Much more than stories about the sky Indigenous astronomies provide powerful centuries old models of knowing being and relating to the world Through collaboration with more than sixty five Dene Elders and culture bearers across thirty four communities in Alaska and Canada In the Footsteps of the Traveller reveals the significance of the stars to Northern Dene life language and culture At the centre of these knowledge systems is the Traveller a being who journeyed around the world in Ancient Time before incarnating among the stars The Traveller constellation is a teacher a gamekeeper a guardian and a practical guide for wayfinding The Traveller together with a host of other celestial and atmospheric phenomena like thunder and the northern lights bridges the divide between earth and sky instilling balance and instructing people on how to live with each other and their environments This study combines interviews stunning photographs and detailed illustrations of the northern night sky author Chris M Cannon's own experiential learning and a foreword from Chief Fred Sangris of Yellowknives Dene First Nation Rooted in years of collaborative fieldwork In the Footsteps of the Traveller leads the way to deeper understandings of Northern Dene astronomical knowledge **A Grammar of Upper Tanana, Volume 1** Olga Lovick, 2020-02-01 A Grammar of Upper Tanana Volume 1 provides a linguistically accurate written record of the endangered Upper Tanana language Serving as a descriptive grammar of Upper Tanana the book meticulously details a language that is currently fluently spoken by approximately fifty people in limited

parts of Alaska's eastern interior and Canada's Yukon Territory As part of the Dene Athabaskan language group Upper Tanana embodies elements of both the Alaskan and Canadian subgroups of Northern Dene This is the first comprehensive grammatical description of any of the Alaskan Dene languages With the goal of preserving a language no longer consistently taught to younger generations Olga Lovick's foundational study is framed within the traditional form of linguistic theory that allows linguists and nonspecialists alike to study a vulnerable language that exists outside the dominant Indo-European mainstream This text provides a substantive bulwark to protect a language acutely threatened by near-term extinction In its expansive detailing of the Upper Tanana language this volume is methodologically oriented toward structural linguistics through approaches focusing on phonology lexical classes and morphology With attention to both detail and thoroughness Lovick's comparative approach provides solid grounding for the future survival of the Upper Tanana language The Alaska Native Reader Maria Sháa Tláa Williams, 2009-09-25 This portrayal of Native Alaska brings together essays poems songs stories maps and visual art Most of the selections are by Alaska Natives many were written especially for this volume Oshkaabewis Native Journal (Vol. 1, No. 3) Anton Treuer, David Gonzales, Earl Nyholm (Otchingwanigan), Kent Smith, Joseph Jourdain, Holly Tibbits, Collins Oakgrove, E.P.
