Chesterton* John C. Tibbetts, 2021-10-08 This is a critical study of the great British man of letters G K Chesterton devoted to the novels stories and essays that explore the darker fringes of his wild imagination Everything is different in the dark wrote Chesterton perhaps you don t know how terrible a truth that is Chesterton s use of the theme of gargoyles provides the thematic structure of the book It covers the detective stories of Father Brown and others the locked rooms and miracle crimes in his writing his status as a science fiction writer and the riddles and paradoxes of three works *Job* *The Man Who Was Thursday* and the play *The Surprise* This volume also includes an interlude about Chesterton and Jorge Luis Borges and a robust appendix including interviews about the formation of Ignatius Press s *Collected Chesterton*

His Last Bow (Sherlock Holmes #8) A. Conan Doyle, 2020-06-14 This fairly slight

volume contains eight fascinating Holmes stories each of them a fairly decent length utterly perfect to curl up with on a chilly December evening I adore the character of Holmes it matches exactly the mood that Doyle creates so perfectly in each story The tension and fear that lies beneath a rarefied Englishness the dense fogs that swirl outside the windows of Baker Street while a great mind is figuring out the unfathomable In my personal favourite The Adventure of the Devil's Foot Holmes and Watson find themselves in a tiny Cornish village where a woman has been apparently terrified to death and two of her brothers left raving mad In the final title story a tale not narrated by Watson the two old friends are brought back together some time after Holmes retirement it is August 1914 Although rather different in tone to the preceding stories it is a nice quiet finale *The Speaker*, 1903

The Doctor in the Victorian Novel Tabitha Sparks, 2016-03-23 With the character of the doctor as her subject Tabitha Sparks follows the decline of the marriage plot in the Victorian novel As Victorians came to terms with the scientific revolution in medicine of the mid to late nineteenth century the novel's progressive distance from the conventions of the marriage plot can be indexed through a rising identification of the doctor with scientific empiricism A narrative's stance towards scientific reason Sparks argues is revealed by the fictional doctor's relationship to the marriage plot Thus novels that feature romantic doctors almost invariably deny the authority of empiricism as is the case in George MacDonald's *Adela Cathcart* In contrast works such as Wilkie Collins's *Heart and Science* which highlight clinically minded or even sinister doctors uphold the determining logic of science and in turn threaten the novel's romantic plot By focusing on the figure of the doctor rather than on a scientific theme or medical field Sparks emulates the Victorian novel's personalization of tropes and belief systems using the realism associated with the doctor to chart the sustainability of the Victorian novel's central imaginative structure the marriage plot As the doctors Sparks examines increasingly stand in for the encroachment of empirical knowledge on a morally formulated artistic genre their alienation from the marriage plot and its interrelated decline succinctly herald the end of the Victorian era and the beginning of Modernism [Publishers' Circular and Booksellers' Record of British and Foreign Literature](#), 1903 [British Family Life, 1780-1914, Volume 3](#) Claudia Nelson, Julie-Marie Strange, Susan B Egenolf, 2021-12-24 The five volumes of this collection focus on various aspects of family life Drawing on rare printed sources and archival material this collection will provide a balanced contextualized picture of family life during a period of intense social change It will appeal to scholars of social history gender studies and the long nineteenth century
