Sherlock Holmes V 2:

The Complete Sherlock Holmes, Volume II Arthur Doyle, 2024-03-12 Holmes has changed since his resurrection in *The Adventure of the Empty House* in 1903. He is as keenly observant and nimble of mind as ever but his patience with British justice is wearing thin and at times he takes the law into his own hands and knowingly breaks the law. What can have happened to produce such uncharacteristic behavior in the world's greatest detective? Included in this volume are the fourth and final Sherlock Holmes novel *The Valley of Fear* and the thirty-three stories comprising *The Return of Sherlock Holmes*, *His Last Bow*, and *The Case Book of Sherlock Holmes*. *Index to Short Stories*, 1936 *The Secret Marriage of Sherlock Holmes and Other Eccentric Readings* Michael Atkinson, 2009-10-27 *The Secret Marriage of Sherlock Holmes* is about reading a process that we take for granted. But Sherlock Holmes, the cultural icon to whose exploits Michael Atkinson gives new readings, became famous by taking nothing for granted. Holmes's adventures can be read in new ways including ways that he himself would have found startling but which can give contemporary readers satisfaction. In clear accessible prose that will engage specialists and lay readers alike, Atkinson engages in a series of flirtations with nine of Arthur Conan Doyle's favorite detective fictions using the tools of modern literary theory from depth psychology to deconstruction. Bluebeard, the kundalini serpent, and Conan Doyle's mother pop up alongside Jung, Nietzsche, and Derrida as guides to new understandings of these classic stories. Just as Holmes uses treatises on tobacco ash and tattoos to give fresh readings to puzzling facts, Atkinson employs widely different critical strategies to unravel the mysteries of reading itself. What a delightful book! This is surely the most interesting writing you will ever read about Sherlock Holmes, but it is much more. Michael Atkinson gives us literary criticism at its best: the sheer fun of watching a bold and imaginative reader breathe into well-loved but well-worn fictions new and enchanting life. Atkinson's mind races as nimbly as Holmes's own, and he makes the stories our hansom cab through human nature itself. A tour de force. Norman N. Holland, author of *Murder in a Dephi Seminar*. A book that speaks directly to readers. Atkinson sees far beneath the surface of the Sherlock stories to provide fascinating commentary. Cincinnati Post. Atkinson demonstrates a love and knowledge of the Holmes stories. I would recommend *The Secret Marriage of Sherlock Holmes* enthusiastically to any lover of the Canon who is prepared to have their perceptions widened. *Mystery Writers of America*. Michael Atkinson is Professor of English and Comparative Literature, University of Cincinnati. [Mystery Fanfare](#) Michael L. Cook, 1983 This work is a composite index of the complete runs of all mystery and detective fan magazines that have been published through 1981. Added to it are indexes of many magazines of related nature. This includes magazines that are primarily oriented to boys' book collecting, the paperbacks, and the pulp magazine hero characters since these all have a place in the mystery and detective genre. *The New Champlin Cyclopedia for Young Folks: Persons.- [v. 2] Places and events.- [v. 3] Literature, art and mythology.- [v. 4] Plants and animals* John Denison Champlin, 1924 [Index to Short Stories](#) Ina Ten Eyck Firkins, 1936 **Purity and Contamination in Late Victorian Detective Fiction** Dr

Christopher Pittard, 2013-05-28 Concentrating on works by authors such as Fergus Hume Arthur Conan Doyle Grant Allen L T Meade and Marie Belloc Lowndes Christopher Pittard explores the complex relation between the emergence of detective fictions in the 1880s and 1890s and the concept of purity The centrality of material and moral purity as a theme of the genre Pittard argues both reflected and satirised a contemporary discourse of degeneration in which criminality was equated with dirt and disease and where national boundaries were guarded against the threat of the criminal foreigner Situating his discussion within the ideologies underpinning George Newnes's Strand Magazine as well as a wide range of nonfiction texts Pittard demonstrates that the genre was a response to the seductive and impure delights associated with sensation and gothic novels Further Pittard suggests that criticism of detective fiction has in turn become obsessed with the idea of purity thus illustrating how a genre concerned with policing the impure itself became subject to the same fear of contamination Contributing to the richness of Pittard's project are his discussions of the convergence of medical discourse and detective fiction in the 1890s including the way social protest movements like the antivivisectionist campaigns and medical explorations of criminality raised questions related to moral purity
