Sherrington Hall:

A Gentlewoman's Guide to Murder Victoria Hamilton, 2022-09-29 Scandal and slayings among Regency London's elite. Refusing to stand by while the wealthy men of London prey on their powerless scullery maids and other young women, Miss Emmeline St Germaine has made it her mission to rescue the victims and threaten the men at dagger point to cease their depravities. But mere hours after she pays just such a visit to a prominent knight he's found murdered, and all of London is aghast. Did the man or woman who murdered the knight know of her visit? Facing scandal and the ruination of her family, Emmeline must solve the crime before she and her work are exposed. But there are powerful forces at work to silence her or worse lead her to the hangman's noose for a crime she did not commit. An outstanding series launch, Hamilton expertly balances the page-turning detection with the story of a hypocritical society where women, whether they are scullery maids or orphans, rarely get to make their own decisions. Publishers Weekly starred review: Hamilton's novel will appeal to fans of Anne Perry's Charlotte and Pitt mysteries. Booklist: A simply riveting and compulsive page-turner of a read from cover to cover. A deftly scripted mystery with more twists and turns than a Coney Island roller coaster. Midwest Book Review: The Barry Apartments, No. 3100 Sheridan Road, 1925 **Loving with a Vengeance** Tania Modleski, 2008-03-25 Upon its first publication, *Loving with a Vengeance* was a groundbreaking study of women readers and their relationship to mass-market romance fiction. Feminist scholar and cultural critic Tania Modleski has revisited her widely read book, bringing to this new edition a review of the issues that have in the intervening years shaped and reshaped questions of women's reading. With her trademark acuity and understanding of the power both of the mass-produced object (film, television, or popular literature) and the complex workings of reading and reception, she offers here a framework for thinking about one of popular culture's central issues. This edition includes a new introduction, a new chapter, and changes throughout the existing text.
