Sherrys Comet:

Sherry's Comet Juliette Leigh, 1998 No sooner had Miss Anika Niki Owen liberated a cruelly mistreated horse from Wynwoode estate than she was discovered by a handsome stranger who supported her noble thoroughly illegal action But even more unlikely was when Sheridan Devlin revealed himself as the true Lord Wynford a man everyone thought murdered Now he and Niki will set out to expose a cold blooded murderer and fall in love *Holstein-Friesian Herd-book*

Holstein-Friesian Association of America, 1911 **Living in Space** Ph. D. Sherry Bell, 2009-05-01 Living in Space is a captivating study across a wide spectrum of the issues that humanity faces as we look beyond our home planet at future needs future business endeavors future learning opportunities and future homes for our children and theirs The authors who contributed to this volume present us with a wonderful diversity of perspectives including the arts philosophy business science and technology and the story that emerges from their fine writings engages the imagination These chapters also engage our vision and I hope this book helps us to muster the will and the commitment to proceed with the development of space for the benefit of all humanity as it should be I hope you enjoy this book as much as I did Edgar Mitchell Sc D Apollo 14 Astronaut March 26 2009 Comets Clive Algar, 2014-01-04 Set in the rich and fascinating milieu of Cape Town in the 1830s with its shifting patterns of social awareness and the growth of scientific knowledge Comets tells the story of James and Isabelle Forster whose lives and those around them are changed irrevocably not only by the appearance of a real comet Halley s but by human comets including the aristocratic Michael Percy the young Charles Darwin and a recently emancipated slave couple Adam and Catharine Cupido James and Isabelle s comfortable upper middle class existence threatens to spin out of control as they confront moral crises they seem unable to resolve Some readers reviews about Comets Excellent Historical Romance Novel Comets by Clive Algar is one of the best general fiction books I have read in a long time It is full of life love and romance I really enjoyed this book The author did an excellent job of developing a tale which captured my interest and would not let it go The story takes place in South Africa in the early 1800s and is so realistic it carries you there The pace was great and the storyline was very realistic and believable I really liked the way Clive Algar developed his characters They were easy to believe in and identify with His writing style made it easy to get into the characters their role and historical era I really enjoyed Comets by Clive Algar and highly recommend this book to all readers Wonderful insight into cape town life in the 1800s Not only is this a well written novel providing insight into life in Cape Town in the 1800s it offers insights into the great scientific debates also emerging at the time Algar does a splendid job in developing his main characters with detail that brings them to life Recommended to anyone who wants to know more about society commerce science and life in that era in that interesting part of the world Good perspective of life in Cape Town in the early 1800 s A very enjoyable and interesting novel with good character development Very descriptive and well written story with sensitive handling of the various character s faith and morality issues Excellent Excellent read Kept me interested and excited Characters well placed in the

historical context I wanted more it finished too soon Highly recommended This is a most interesting book in diverse ways It provides a very well researched and cogent description of Cape Town and its inhabitants in the mid 19th century together with a lively and compelling narrative encompassing emancipation love lust infidelity faltering faith and the conflict between emerging ideas on evolutionary theory and religion Highly recommend A well written novel Clever use of personification and skillful character development made it difficult to put down once I began reading History and culture of the times were carefully woven into the fabric of the story Being American I found it interesting to be able to compare life in South Africa with that of the United States during that time period The many unanswered questions at the end left me wishing for more chapters Perhaps another novel A great read Gift it to a friend

The Type and Production Year Book of the Holstein-Friesian Association of America Holstein-Friesian Association of America, **Holstein-Friesian Herd-book** Holstein-Friesian Association of America,1967 Roller Derby Apocalypse Jim Atkisson, Two years after the summer of love in the town of Gooseberry Pennsylvania a firebrand religious cult leader is on a collision course with the Dragon s Eye Comet and Roller Derby Queen Sherry Berry It s the summer of 1969 and Gooseberry is in the midst of a record smashing heatwave and the town is flooded with travelers on their way to a large music festival in New York when a collision of destinies happens putting two lives on a collision course with the future *Facts about sherry* Henry Vizetelly,1876 *Lovelier, Lonelier* Daryl Qilin Yam,2021 It wasn t love really They were just trying to make something out of their lives Kyoto 1996 during the passing of Comet Hyakutake A runaway from Singapore discovers a woman crying in front of a train station at 5 46am A Straits Times journalist later arrives with her gallerist friend from Madrid dreading the reenactment of her mother s performance art The lives of these four friends Isaac Tori Jing and Mateo become entangled as a result of one madcap weekend when fireworks are inexplicably shot over the Kamo River and people become swept to alternate worlds via public transport Daryl Qilin Yam s genre defying second novel ranges across countries and decades charting the tributaries of pain we thread with our friends and the arcs of the many stories we tell in order to live *We who Live Apart* Joan Connor,2000 In *We Who Live Apart* Joan Connor returns to the dark New England of her earlier collection and the wry characters who inhabit it a hunter who has spent too much time listening to the woods a ferryman whose emotional seclusion leads to a doomed longing for a summer girl a carnival diviner whose cards foretell her desertion a corpse who out of sheer meanness will not stay below ground Although childlessness divorce and alcoholism are recurrent motifs that underscore the estrangement of many characters the moods of the stories are rarely bleak Humor figures in often as do elements of the folktale and the supernatural Despite the stylistic variety in these stories there is a shared vision of isolation in which characters wittingly and unwittingly ensure their separateness and even come to treasure it As the narrator says in *The Anecdote of the Island* After a year of debate it conduces to this I watch you leave as you once watched me Our cars separate at the base of a hill You diminish to a speck in my rearview mirror When I look for you I stare into my own eyes looking for

you And I begin to think that what you want is not love but the hope for love Its remoteness Its shadow self You linger in dark places Indeed many of these characters linger in dark places but without giving in to despair In October a recovering alcoholic surprises herself and begins to risk the beginnings of reconnection And in Women s Problems a character coping with the loss of her lover and then her mother manages to transmute loss to gain with the triumphant realization that she has become her mother and that indeed Worse things could happen For these characters their apartness is as often a choice as a consequence but the choice has a consequence When Bluebeard s wife escapes her murderous husband and her fairy tale narrative in Bluebeard s First Wife she finds that Ordinarieness sat upon her shoulders like a weather eroded gargoye Whether these characters isolate themselves or find themselves isolated by nets of personal and communal history they move to wisdom rather than despondency Connor displays a keen ear for language and a mastery of prose rhythms and dialogue Her writing which is often lyrical in the best sense amply repays the effort of rereading and reflection and the variety of narrative techniques sustains the reader s interest
