Autobiography Timothy Dow Adams,2017-10-10 All autobiographers are unreliable narrators Yet what a writer chooses to misrepresent is as telling perhaps even more so as what really happened Timothy Adams believes that autobiography is an attempt to reconcile one s life with one s self and he argues in this book that autobiography should not be taken as historically accurate but as metaphorically authentic Adams focuses on five modern American writers whose autobiographies are particularly complex because of apparent lies that permeate them In examining their stories Adams shows that lying in

autobiography especially literary autobiography is not simply inevitable Rather it is often a deliberate highly strategic decision on the author s part Throughout his analysis Adams s standard is not literal accuracy but personal authenticity He attempts to resolve some of the paradoxes of recent autobiographical theory by looking at the classic question of design and truth in autobiography from the underside with a focus on lying rather than truth Originally published in 1990 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value
