Some Christians focus solely on the immediate world around them, living as if there's no spiritual opposition to God's people and His kingdom. Others take an aggressive stance where confronting the enemy becomes a constant pursuit in their lives. John MacArthur believes the truth is found between these extremes. *Standing Strong* offers a balanced, biblically sound approach to spiritual warfare in the life of a believer. A trusted and renowned pastor and author, MacArthur examines key scriptures to debunk modern fallacies, define true spiritual warfare, and share what that looks like for believers today. Throughout, you'll be encouraged and equipped to stand strong in the face of every spiritual challenge. *Standing Strong* includes a guide for both personal and group study, which features discovery questions, suggestions for prayer, and activities all designed to connect life-changing truths with everyday living.

Silberman V. Wigod, 1989 **Pirate Hunting** Benerson Little, 2010-09-30 For thousands of years, pirates, privateers, and seafaring raiders have terrorized the ocean voyager and coastal inhabitant, plundering ship and shore with impunity. From the victim's point of view, these attackers were not the rebellious, romantic rulers of Neptune's realm, but savage beasts to be eradicated, and those who went to sea to stop them were heroes. Engaging and meticulously detailed, *Pirate Hunting* chronicles the fight against these plunderers from ancient times to the present and illustrates the array of tactics and strategies that individuals and governments have employed to secure the seas. Benerson Little lends further dimension to this unending battle by including the history of piracy and privateering, ranging from the Mycenaean rovers to the modern pirates of Somalia. He also introduces associated naval warfare, maritime commerce, and transportation, the development of speed under oar, sail, and steam, and the evolution of weaponry. More than just a vivid account of the war that seafarers and pirates have waged, *Pirate Hunting* is invaluable reading in a world where acts of piracy are once more a significant threat to maritime commerce and voyagers. It will appeal to readers interested in the history of piracy, anti-piracy operations, and maritime, naval, and military history worldwide.
