Shield Of The Sky:

Shield of the Sky Susan Krinard, 2007-01-01 Ever since witnessing a sacred ritual Rhenna of the Free People has been isolated Not outcast yet not part of her tribe she walks alone guarding the land s borders And growing more troubled by the changes in the wind Anger and war are rising The mountain dwelling shapeshifters partners to the Free People are disappearing and word has come of an evil new god The Stone God whose followers are known by the red stones they hold and the chaos that accompanies them So when Rhenna hears that a shapeshifter has been captured by the Stone God s servants she must rescue him Now Rhenna is embroiled in a dangerous game as the forces of evil and nature fight to control humanity s future Together with a growing band the enigmatic shaman Tahvo the panther shapechanger Cian and the rebel Quintus of conquered Tiberia she must travel the world seeking to prevent its destruction Whatever danger lies ahead the downfall of the Stone God has begun *The Spirit and the Sky* Mark Hollabaugh, 2017-06-01 Published in cooperation with the American Indian Studies Research Institute Indiana University Bloomington **When They Severed Earth from Sky** Elizabeth Wayland Barber, Paul T. Barber, 2012-01-02 Why were Prometheus and Loki envisioned as chained to rocks What was the Golden Calf Why are mirrors believed to carry bad luck How could anyone think that mortals like Perseus Beowulf and St George actually fought dragons since dragons don t exist Strange though they sound however these myths did not begin as fiction This absorbing book shows that myths originally transmitted real information about real events and observations preserving the information sometimes for millennia within nonliterate societies Geologists interpretations of how a volcanic cataclysm long ago created Oregon s Crater Lake for example is echoed point for point in the local myth of its origin The Klamath tribe saw it happen and passed down the story for nearly 8 000 years We however have been literate so long that we ve forgotten how myths encode reality Recent studies of how our brains work applied to a wide range of data from the Pacific Northwest to ancient Egypt to modern stories reported in newspapers have helped the Barbers deduce the characteristic principles by which such tales both develop and degrade through time Myth is in fact a quite reasonable way to convey important messages orally over many generations although reasoning back to the original events is possible only under rather specific conditions Our oldest written records date to 5 200 years ago but we have been speaking and mythmaking for perhaps 100 000 This groundbreaking book points the way to restoring some of that lost history and teaching us about human storytelling *Into The Sky* Yu Qing, 2020-05-24 Eighteen years ago a first god body appeared in the Xu family It had ten divine veins but the news of it had been leaked out and ten divine veins had been destroyed From then on even though he had the qualifications of a god body he could no longer cultivate He had never been known to shake the mountains and rivers he had never been able to cover the sky with his hands but he had guided the world he had never possessed endless abilities but he had been respected by the world as a teacher he was destined to not live past twenty even though he was young and extraordinary **Cloak Games: Sky Hammer** Jonathan Moeller, 2018-05-31 All my life I ve

carried out the Elven archmage Morvilind's dangerous missions. But now the game has spun out of Morvilind's control. Because the Rebel warlord Nicholas Connor has seized the Sky Hammer nuclear doomsday weapon and he's going to burn Earth and rebuild human civilization in his own twisted image. And unless I stop Nicholas, my brother and billions of other people are going to die.

Atonement Sky Nalini Singh, 2025-07-15 The hunt for a stealthy predator takes a damaged J Psy to the heart of falcon territory in this new Psy Changeling Trinity novel from New York Times bestselling author Nalini Singh. Justice Psy Eleri Dias knows the end is near for her; her mind one step away from fatal psychic exposure. In the short time that remains, she is determined to atone for an act of omission that has haunted her for a long, cruel decade. But that decision not only means facing a powerful changeling wing leader but also putting herself in the path of a serial killer. Falcon wing leader Adam Garrett is fiercely protective of his family and his clan. After losing his parents as a teenager in a shocking act of malice, Adam has no forgiveness in him for the J Psy who betrayed him, betrayed them at the most painful moment of his life. But the evil that stalks his territory will allow him no respite, forcing him once more into contact with the J he has never been able to forget. Everything that could've been between Eleri and Adam was lost years ago; a shimmering promise crushed. As they work to uncover a monster, the moment of reckoning looms ever closer. Soon, there may be no more time left for either atonement or love.

Steal Across the Sky Nancy Kress, 2009-02-17 Aliens try to atone for past wrongs to humanity and take twenty-one humans on a revelatory journey in this science fiction novel by a Nebula Award-winning author. The aliens appeared one day, built a base on the moon, and put an ad on the internet: "We are an alien race; you may call us the Atoners. Ten thousand years ago, we wronged humanity profoundly. We cannot undo what has been done, but we wish humanity to understand it. Therefore, we request twenty-one volunteers to visit seven planets to witness for us. We will convey each volunteer there and back in complete safety. Volunteers must speak English. Send requests for electronic applications to witness@atoners.com." At first, everyone thought it was a joke. But it wasn't. This is the story of three of those volunteers and what they found on Kular A and Kular B. Praise for *Steal Across the Sky*: Kress skillfully explores the consequences of her ideas. Arrestingly ambiguous and persuasively set forth in the best science fiction tradition, guaranteed provocative no matter what your personal opinions. Kirkus Reviews starred review.
