Shiites Ritual And Popular Piety In A Muslim Community:

The Shiites David Pinault, 1992 Shiite Islam is one of the world's major religions with millions of followers throughout the Middle East and South Asia. However, it is often mistakenly seen by the West as a political movement. This book describes what Shiism actually means to those who practise it and outlines Shiite history.

The Study of Shi'i Islam Gurdofarid Miskinzoda, Farhad Daftary, 2014-01-08 Shi'i Islam with its rich and extensive history has played a crucial role in the evolution of Islam as both a major world religion and civilization. The prolific achievements of Shi'i theologians, philosophers, and others are testament to the spiritual and intellectual wealth of this community. Yet Shi'i studies has unjustly remained a long neglected field despite the important contribution that Shi'ism has made to Islamic traditions. Only in recent decades, partially spurred by global interest in political events of the Middle East, have scholars made some significant contributions in this area. The Study of Shi'i Islam presents papers originally delivered at the first international colloquium dedicated exclusively to Shi'i studies held in 2010 at The Institute of Ismaili Studies, London. Within the book are eight sections, namely: history, the Qur'an and its Shi'i interpretations, hadith, law, authority, theology, rites and rituals, and intellectual traditions and philosophy. Each section begins with an introduction contextualizing the aspects of studying Shi'i Islam particular to its theme, before going on to address topics such as the state of the field, methodology and tools, and the primary issues with which contemporary scholars of Shi'i studies are dealing. The scope and depth here covered makes this book of especial interest to researchers and students alike within the field of Islamic studies. The volume benefits from the diverse expertise of nearly 30 world-class scholars, including Mohammad Ali Amir Moezzi, Meir M. Bar Asher, Farhad Daftary, Daniel De Smet, Gerald R. Hawting, Nader El Bizri, Etan Kohlberg, Wilferd Madelung, Andrew Newman, Ismail K. Poonawala, Sabine Schmidtke, and Paul E. Walker.

Vanguard of the Imam Afshon Ostovar, 2016-03-03 Iran's Revolutionary Guards are one of the most important forces in the Middle East today. As the appointed defender of Iran's revolution, the Guards have evolved into a pillar of the Islamic Republic and the spearhead of its influence. Their sway has spread across the Middle East, where the Guards have overseen loyalist support to Bashar al-Assad in Syria and been a staunch backer in Iraq's war against ISIS, bringing its own troops, Lebanon's Hezbollah, and Shiite militias to the fight. Links to terrorism, human rights abuses, and the suppression of popular democracy have shrouded the Revolutionary Guards in controversy. In spite of their prominence, the Guards remain poorly understood to outside observers. In *Vanguard of the Imam*, Afshon Ostovar has written the first comprehensive history of the organization, situating the rise of the Guards in the larger contexts of Shiite Islam, modern Iranian history, and international affairs. Ostovar takes a multifaceted approach in demystifying the organization and detailing its evolution since 1979. Politics, power, and religion collide in this story, wherein the Revolutionary Guards transform from a rag-tag militia established in the midst of revolutionary upheaval into a military and covert force with a global reach. The Guards have been fundamental to the success of the Islamic revolution. The symbiotic relationship between them and Iran's clerical rulers

underpins the regime's nearly unshakeable system of power. The Guards have used their privileged position at home to export Iran's revolution beyond its borders, establishing client armies in their image and extending Iran's strategic footprint in the process. Ostovar tenaciously documents the Guards' transformation into a power player and explores why the group matters now more than ever to regional and global affairs. The book simultaneously serves as a history of modern Iran and provides a crucial and engrossing entryway into the complex world of war, politics and identity in the Middle East. **Islamic Britain**

Philip Lewis, 2002-03-29 From the 1980s Britain's large Muslim community, a long established but little noticed group, suddenly became visible as controversies involving the education and dress of Muslim schoolgirls, the Rushdie affair and the Gulf War excited huge media interest. Caricatures and misconceptions began to spread and with political Islam on the march in many Middle Eastern countries, fears of British Muslims becoming a bridgehead in the West for the establishment of an Islamic theocracy began to loom in the popular imagination. How do British Muslims really think about themselves, about their religion and their politics? What dilemmas do they face as they give up the myth of return that sustained first generation immigrants and struggle to define a British Islam? In this important book, the first major study of British Muslims, Philip Lewis deals with the reality behind distorted media images through a rich first hand account of the Muslim community in Bradford, the city which became the epicentre of British Muslim anger and resistance to *The Satanic Verses*. **Encyclopedia of**

Islamic Civilisation and Religion Ian Richard Netton, 2013-12-19 The Encyclopedia of Islamic Civilization and Religion provides scholarly coverage of the religion, culture and history of the Islamic world at a time when that world is undergoing considerable change and is a focus of international study and debate. The non-Muslim world's perceptions of Islam have often tended to be dominated by unrepresentative radical extremist movements and media interpretations of events involving such movements to the extent that many people are unaware of the depth and variety of Islamic thought. At the same time, many who have had a formal training in Islamic studies have tended to concentrate on the traditional to the exclusion of the contemporary. The Encyclopedia of Islamic Civilization and Religion covers the full range of Islamic thought in historical depth but it also provides substantial coverage of contemporary trends across the Muslim world. With well over a thousand entries on Islamic theology, history, arts, science, law and institutions, and coverage of Islam in individual countries and cities around the world, the Encyclopedia of Islamic Civilization and Religion provides an extremely rich resource for students and researchers in religious studies and Middle Eastern studies. Entries are cross-referenced and bibliographies are provided. There is a full index. Routledge published *The Qur'an: An Encyclopedia* in 2005, an excellent companion to the Encyclopedia of Islamic Civilization and Religion. **Borrowed Imagination**

Samar Attar, 2014-02-19 *Borrowed Imagination: The British Romantic Poets and Their Arabic-Islamic Sources* examines masterpieces of English Romantic poetry and shows the Arabic and Islamic sources that inspired Coleridge, Wordsworth, Blake, Shelley, Keats and Byron when composing their poems in the eighteenth or early nineteenth century. Critics have documented Greek and Roman sources but turned a blind eye to

nonwestern materials at a time when the romantic poets were reading them The book shows how the Arabic Islamic sources had helped the British Romantic Poets not only in finding their own voices but also their themes metaphors symbols characters and images The British Romantic Poets and Their Arabic Islamic Sources is of interest to scholars in English and comparative literature literary studies philosophy religion government history cultural and Middle Eastern studies and the general public

This volume presents current research on this important phenomenon dealing with interpretations of the role of processions, the recent increase in processions, and changes in the procession traditions.

Religion and Nation Kathryn Spellman, 2005-12-01 An estimated 75,000 Iranians emigrated to Britain after the 1979 revolution and the establishment of the Islamic Republic. They are politically, religiously, socio-economically, and ethnically heterogeneous and have found themselves in the ongoing process of settlement. The aim of this book is to explore facets of this process by examining the ways in which religious traditions and practices have been maintained, negotiated, and rejected by Iranians from Muslim backgrounds and how they have served as identity-building vehicles during the course of migration in relation to the political, economic, and social situation in Iran and Britain. While the ethnographic focus is on Iranians, this book touches on more general questions associated with the process of migration: transnational societies, diasporas, and religious as well as ethnic minorities.

Religion, Social Practice, and Contested Hegemonies Armando Salvatore, 2005-06-03 This collection of essays examines how modern public spheres reflect and mask, often both simultaneously, discourses of order, contests for hegemony, and techniques of power in the Muslim world. It builds on scholarship that reimagines theories and practices of the public in modern and contemporary societies. While examining disparate time periods and locations, each contributor views modern and contemporary public spheres as crucial to the functioning and understanding of political and societal power in Muslim majority countries.

The focus on South Asia includes Afghanistan, Bangladesh, India, Pakistan, and Sri Lanka, with short survey articles on Tibet, Bhutan, Sikkim, and various diaspora communities. This unique reference will be invaluable for collections serving students, scholars, and the general public.

Everyday Shi'ism in South Asia Karen G. Ruffle, 2021-03-15 The first textbook to focus on the history of lived Shi'ism in South Asia, *Everyday Shi'ism in South Asia* is an introduction to the everyday life and cultural memory of Shi'i women and men, focusing on the religious worlds of both individuals and communities at particular historical moments and places in the Indian subcontinent. Author Karen Ruffle draws upon an array of primary sources, images, and ethnographic data to present topical case studies, offering broad snapshots of Shi'i life as well as microscopic analyses of ritual practices, material objects, architectural and artistic forms, and more. Focusing exclusively on South Asian Shi'ism, an area mostly ignored by contemporary scholars who focus on the Arab lands of Iran and Iraq, the author shifts readers' analytical focus from the center of Islam to its periphery. Ruffle provides new perspectives on the diverse ways that Shi'a intersect with not only South

Asian religious culture and history but also the wider Islamic humanistic tradition Written for an academic audience yet accessible to general readers this unique resource Explores Shi i religious practice and the relationship between religious normativity and everyday religious life and material culture Contextualizes Muharram rituals public performances festivals vow making and material objects and practices of South Asian Shi a Draws from author s studies and fieldwork throughout India and Pakistan featuring numerous color photographs Places Shi i religious symbols cultural values and social systems in historical context Includes an extended survey of scholarship on South Asian Shi ism from the seventeenth century to the present Everyday Shi ism in South Asia is an important resource for scholars and students in disciplines including Islamic studies South Asian studies religious studies anthropology art history material culture studies history and gender studies and for English speaking members of South Asian Shi i communities
