

Shinto The Japanese Way Of Worship

John S. Brownlee

Shinto The Japanese Way Of Worship:

Shinto the Kami Way Sokyō Ono, Ph.D., William P. Woodard, 2011-09-13 An excellently rounded introduction by an eminent Shinto scholar Library Journal Shinto the indigenous faith of the Japanese people continues to fascinate and mystify both the casual visitor to Japan and the long time resident Relatively unknown among the religions of the world Shinto The Kami Way provides an enlightening window into this Japanese faith In its general aspects Shinto is more than a religious faith It is an amalgam of attitudes ideas and ways of doing things that through two millennia and more have become an integral part of the way of the Japanese people Shinto is both a personal faith in the kami objects of worship in Shinto and an honorific for noble sacred spirits and a communal way of life according to the mind of the kami This introduction unveils Shinto's spiritual characteristics and discusses the architecture and function of Shinto shrines Further examination of Shinto's lively festivals worship music and sacred regalia illustrates Shinto's influence on all levels of Japanese life Fifteen photographs numerous drawings and Dr Ono's text introduce the reader to two millennia of indigenous Japanese belief in the kami and in communal life Chapters include The Kami Way Shrines Worship and Festivals Political and Social Characteristics Some Spiritual Characteristics *Religions of Japan* H. Byron Earhart, 1984 A quick review of Japanese history and a detailed account of the country's religions *Shinto: The Way of the Gods II* Hermann Candahashi, Shinto The Way of the Gods II The Soul of Japan Between Tradition and Present Discover a unique journey into the fascinating world of Shintoism the oldest religion in Japan with Shinto The Way of the Gods II This book takes you into a harmonious combination of tradition and modernity in which the worship of nature ancestors and the gods Kami still play a central role today Whether you are a traveler Japan lover or spiritually interested person this book gives you valuable insights into the history rituals and cultural treasures of Shinto Understand the meaning of the holy shrines the secret of the Torii gates and the deeply rooted values that shape the lives of people in Japan What this book offers Insights into Shinto rituals and festivals Matsuri Learn how spirituality is lived in everyday Japanese life Understanding Japanese mythology Discover the legends of Amaterasu Izanagi and Izanami Combining tradition and modernity How has Shintoism developed to this day Practical orientation Perfect for travelers and anyone who wants to understand the spiritual essence of Japan Inspiring stories Learn how Shintoism promotes harmony and closeness to nature This book is not just an informative introduction but an inspiring guide that lets the reader delve deep into the soul of Japan Bring the time honored traditions of Japan to life with me and learn how this ancient religion influences the modern world and let yourself be enchanted by the spiritual beauty of Japan Yours Hermann Cadahashi Shinto: The Way of the Gods Hermann Candahashi, 2023-06-06 Shinto The Way of the Gods The Ancient Religion of Japan and Its Influence on Society is a comprehensive examination of the Shinto religion and its significance in Japanese society Shinto which literally means Way of the Gods is one of the oldest religions in the world and has a profound influence on Japanese culture history and identity In this book we explore the origins of Shintoism and the

fundamental principles of this religion We take a look at the various types of Shinto shrines and their significance as places of worship and purification Furthermore we examine the diverse rituals and ceremonies practiced in Shinto and how they shape the spiritual lives of people in Japan Another important topic is the connection between Shinto and nature In Shintoism it is believed that nature is inhabited by spirits or gods and this concept has a strong influence on the understanding and treatment of the environment in Japan We also consider the connection between Shinto and Japanese mythology as many of the gods and goddesses of Shinto play a role in ancient Japanese myths and legends An additional aspect is the importance of Shinto in family life Family rituals and ancestor veneration are integral parts of Shinto beliefs and have a significant impact on family relationships in Japan Furthermore we shed light on the influence of Shinto on Japanese art Whether it is painting architecture theater or music Shintoism has greatly shaped the artistic expressions of Japan Additionally we examine the political history of Japan and the influence of Shinto on the country's development Particularly during the imperial era Shintoism played a significant role as an instrument of state ideology and as a justification for imperialistic aspirations Throughout the book we also consider the role of Shinto in modern society How has the faith changed over time and how is it practiced in contemporary times We take a look at the influence of Shinto on various aspects of modern life such as education work ethics and social norms A fascinating topic is also the presence of Shinto in popular culture Films anime and manga often incorporate elements of Shinto contributing to the spread and popularity of the religion We examine some well known examples and explore their impact on the international perception of Shinto Tourism also plays a significant role in relation to Shinto Many tourists from around the world visit Japan to experience the impressive Shinto shrines and participate in traditional ceremonies We analyze the impact of tourism on Shinto sites and the challenges they face

Shinto, the Kami Way Motonori Ono,1962 **Shinto** William George Aston,1921 *The Worship of Nature: The worship of the earth, the sky, and the sun* James George Frazer,1926 Shinto in History John Breen,Mark Teeuwen,2013-10-18 This is the only book to date offering a critical overview of Shinto from early times to the modern era and evaluating Shinto's place in Japanese religious culture In recent years a few books on medieval Shinto have appeared but none has attempted to depict the broader picture to examine critically Shinto's origins and its subsequent development through the medieval pre modern and modern periods The essays in this book address such key topics as Shinto and Daoism in early Japan Shinto and the natural environment Shinto and state ritual in early Japan Shinto and Buddhism in medieval Japan and Shinto and the state in the modern period All of the essays highlight the dynamic nature of Shinto and shrine history by focusing on the three way relationship often fraught between local shrine cults Shinto agendas and Buddhism

Japanese Historians and the National Myths, 1600-1945 John S. Brownlee,2011-11-01 Ancient tales tell of Japan's creation in the Age of the Gods and of Jinmu a direct descendant of the Sun Goddess and first emperor of the imperial line These founding myths went unchallenged until Confucian scholars in the Tokugawa period initiated a reassessment of the

ancient history of Japan The application of Western theories of modern scientific history in the Meiji period further intensified the attacks on traditional beliefs However with the rise of ultranationalism following the Meiji Constitution of 1889 official state ideology insisted on the literal truth of these myths and scholars who argued otherwise soon met with public hostility and government suppression In Japanese Historians and the National Myths John Brownlee examines how Japanese historians between 1600 and 1945 interpreted the ancient myths of their origins These myths lay at the core of Japanese identity and provided legitimacy for the imperial state Focusing on the theme of conflict and accommodation between scholars on one side and government and society on the other Brownlee follows the historians reactions to pressure and trends and their eventual understanding of history as a science in the service of the Japanese nation This is the first comprehensive study of modern Japanese historians and their relationship to nationalism It breaks new ground in its treatment of Japanese intellectual history and provides new insights into the development of Japan as a nation Japanese Historians and the National Myths will prove invaluable to scholars of Japanese history on both sides of the Pacific as well as to those interested in political ideology nationalism censorship and mythology Book News ,1895

Introducing Anthropology of Religion Jack David Eller,2014-11-13 This clear and engaging guide introduces students to key areas of the field and shows how to apply an anthropological approach to the study of religion in the contemporary world Written by an experienced teacher it covers major traditional topics including definitions theories and beliefs as well as symbols myth and ritual The book also explores important but often overlooked issues such as morality violence fundamentalism secularization and new religious movements The chapters all contain lively case studies of religions practiced around the world The second edition of Introducing Anthropology of Religion contains updated theoretical discussion plus fresh ethnographic examples throughout In addition to a brand new chapter on vernacular religion Eller provides a significantly revised chapter on the emerging anthropologies of Christianity and Islam The book features more material on contemporary societies as well as new coverage of topics such as pilgrimage and paganism Images a glossary and questions for discussion are now included and additional resources are provided via a companion website

Christianity the Japanese Way Caldarola,2023-07-31

Ideas and Art in Asian Civilizations Kenneth R. Stunkel,2015-05-11 This work covers topics related to the exercise of influence by individuals and groups within organizations It includes an introductory group of articles dealing with the nature of influence processes and power With more than two thirds fresh material this new updated edition of Organizational Influence Processes provides an overview of the most important scholarly work on topics related to the exercise of influence by individuals and groups within organizations In selecting articles for inclusion the editors were guided by the conviction that the most useful and interesting way to view organizational influence is to take a directional approach that is to consider the process from the perspective of downward lateral and upward influence They have organized the readings around this framework preceded by an introductory group of articles dealing more generally with the nature of

influence processes and power The book includes both classic readings and the latest cutting edge research from some of the most respected experts writing in the field It will be equally useful for any upper level undergraduate or graduate course concerned with organizational behavior group behavior leadership or power and politics Millennialism in the Korean Protestant Church Ŭng-gyu Pak, Ung Kyu Pak, 2005 This book explains the origin and development of premillennial eschatology in the evangelical Korean church from 1884 to 1945 It examines the eschatological implications of Korean religious thought the eschatology of American missionaries the horrific experience of Japanese occupation 1910 1945 and the enforcement of Shinto shrine worship in light of Korean Christians tenacious hold on dispensational premillennialism This book explains the place of premillennialism in the Christian life and it deals with the cultural underpinnings of Christianity in Korean history by bringing to bear the complex social political and religious elements of Korean culture **A Handbook of the Christian Faith** John Schwarz, 2004-08-01 A Handbook of the Christian Faith is a one volume overview of the Bible church history Christian beliefs and practices other religions and other issues of Christianity written in an easy to understand style Organized in ten thematic chapters the book is designed for use by individuals or study groups I cannot think of a more helpful resource for adults who are serious about their faith and the desire to understand it better says Dr W Ward Gasque President Pacific Association for Theological Studies *Japan's Political Warfare* Peter de Mendelssohn, 2010-10-18 After more than six years of active fighting in the Far East and over two years of open war between Japan and the Anglo Saxon powers Japanese political warfare was still a factor largely unknown in the Western world Overshadowed by the much nearer and more closely felt exertions of the Nazi propaganda machine it came to be regarded as too remote to have any noticeable bearing on the general course of the war In the months leading up to Pearl Harbour Tokyo Radio the official Domei News Agency and the Japanese press jointly conducted an efficient war of nerves which for all its alleged clumsiness effectively deceived many in Britain and the USA The attack on Pearl Harbour showed how Tokyo's political warfare achieved its object the creation of a political smoke screen During the period of Japan's conquests in 1942 following Pearl Harbour and before that in China Japan's political warfare showed itself quite capable of producing useful results The volume is divided into two parts the first deals with machinery and methods and gives as full and detailed a survey of the various government organs directing and controlling political warfare the structure of the Japanese press the organisation of Japanese broadcasting the functioning of censorship and the extent to which education science literature the arts and the cinema are being employed for purposes of propaganda both in the Japanese homeland and in the wider area of the conquered empire The second part deals with the aims and policies of Japanese propaganda and attempts to give an outline of the way in which the machinery is being operated It includes an analysis of the main groups of standard slogans and catchphrases which recur everywhere in Japanese propaganda and a special chapter is devoted to the use made of religion for purposes of political warfare **Unity**, 1915 *A World History of Art* Hugh Honour, John Fleming, 2005 Over two decades this art historical tour de force has

consistently proved the classic introduction to humanity's artistic heritage. From our paleolithic past to our digitised present, every continent and culture is covered in an articulate and well-balanced discussion. In this Seventh Edition, the text has been revised to embrace developments in archaeology and art historical research, while the renowned contemporary art historian Michael Archer has greatly expanded the discussion of the past twenty years, providing a new perspective on the latest developments. The insight, elegance and fluency that the authors bring to their text are complemented by 1458 superb illustrations, half of which are now in colour. These images, together with the numerous maps and architectural plans, have been chosen to represent the most significant chronological, regional and individual styles of artistic expression.

Images of Familial Intimacy in Eastern and Western Art, 2014-02-20. *Images of Familial Intimacy in Eastern and Western Art* offers a comparative art and socio-historical analysis of selected images of familial intimacy in Asia and Europe from the pre-modern era to the present day, based on an examination of the value systems and expectations existing at the time in the regions in which the works were created. A wide variety of images are discussed, ranging from family portraits and depictions of the home in seventeenth-century Dutch genre paintings, ukiyoe prints and fusuma sliding wall panels of the Edo period to familial images made after the Korean War of 1950-53, providing the reader with a rare insight into the evolution East and West of the cultural norms and customs impacting on the family and personal space.
