Shipping Policy In The European Community:

Understanding State Aid Policy in the European Community Phedon Nicolaides, Sanoussi Bilal, 2023-12-11 Why do the Member States of the European Union still grant aid and is that aid compatible with the objective of integration which should result in a better allocation of resources The main purpose of this book is to explain the principles and methods of EC state aid policy in a manner which is both accessible and useful to practitioners and policy makers by bringing together contributions from officials both Community and national industry representatives and academics In particular it examines both theory on the role and objective of public assistance and current practice controlling such assistance It addresses the issue of state aid from economic legal and administrative perspectives and offers detailed information on current practice through case studies It also considers likely future developments in the Community framework of state aid control Finally this book identifies major weaknesses in the present system of state aid rules and paves the way for a proper economic analysis of the effects of forty years of state aid policy in the European Community *Maritime Safety Law and Policies of the European Union and the United States of America: Antagonism or Synergy?* Iliana Christodoulou-Varotsi, 2008-12-18 The International Maritime Organization IMO as the United Nations specialized agency responsible for the regulation of shipping engaged in international trade from the points of view of maritime safety and the prevention and control of pollution by ships recognizes that these goals can only be effectively achieved if each and every link in the corresponding chain of responsibility meets fully its obligations Flag port and coastal States as well as the shipping industry itself all have roles to play in collectively improving safety and protecting the environment both marine and atmospheric through the development adoption and uniform implementation and enforcement of global standards In this book Dr Christodoulou Varotsi sets out to explore the extent to which the actions of the European Union and the United States as the main originators of high standards in these fields constitute a paradigm to the rest of the international maritime community In this regard while underscoring the need for a realistic multilateral approach to maritime regulation as epitomized by the work of IMO the author explores how standards could be enhanced through the use of unilateral action **The European Union and the Arctic** Nengye Liu, Elizabeth A. Kirk, Tore Henriksen, 2017-09-11 The European Union and the Arctic brings together academics from a range of disciplines to discuss the EU's potential roles in shaping Arctic governance The book is divided into three parts The first part examines the EU's current Arctic policy framework The second part focuses on the EU's engagement with Arctic governance at the regional level and encompasses the EU's engagement with the so called Arctic Five five coastal States of the Arctic Ocean providing examples of some of those relationships The third part takes a sectoral approach analysing the EU's potential contribution to regulation of key human activities in the Arctic including shipping fisheries oil and gas operations and marine mammals Enforcement of International and EU Law in Maritime Affairs Peter Ehlers, Rainer Lagoni, 2008 Ocean governance has its legal basis in the United Nations Convention on the Law of the Sea and

in numerous international maritime conventions These rules help to balance conflicting interests in the uses of the oceans and seas and the protection and preservation of the marine environment Their efficiency depends however on their enforcement In 2007 Prof Dr Dr h c Peter Ehlers and Prof Dr Rainer Lagoni organized a seminar on Enforcement of International and EU Law in Maritime Affairs Participants were graduate scholars of the International Max Planck Research School for Maritime Affairs IMPRS at the University of Hamburg and graduate students Their papers cover various aspects of enforcement relating to the new Wreck Removal Convention and to rules of the European Union such as port State control enforcement measures in fisheries the European Maritime Safety Agency EMSA protection of maritime boundaries and inquiries into maritime casualties The volume also includes an analysis of the maritime policy of the EU as a new integrated approach to maritime activities
