Slijepcevic,2023-05-18 2024 Nautilus Book Award Gold Medal Winner Restorative Earth Practices A brilliant book that shows a way out of the destructive trap of Anthropocentric arrogance Vandana Shiva author of Terra Viva An unusually thought provoking and ambitious book Dr James A Shapiro author of Evolution A View from the 21st Century Biocivilisations is an important original rethinking of the mystery of life and its deep uncertainty exploring the complex civilisations that existed on Earth long before humans What is life Many scientists believe life can be reduced to mechanistic factors such as genes and information codes Yet there is a growing army of scientists philosophers and artists who reject this view The gene metaphor is not only too simplistic but deeply misleading If there is a way to reduce life to a single principle that principle must acknowledge the creativity of life turning genetic determinism on its head The term biocivilisations is the acknowledgement of this uncertainty of life as opposed to a quasi certainty of the human position governed by a narrow time window of the scientific revolution Life existed without humans for more than 99

99 percent of the Earth's existence Life will also continue without humans long after our inevitable extinction In Biocivilisations Dr Predrag Slijepcević shows how bacteria amoebas plants insects birds whales elephants and countless other species not only preceded human beings but demonstrate elements of how we celebrate human civilisation complex communication agriculture science art medicine and more Humans must try to adopt this wisdom from other biocivilisations that have long preceded our own By rethinking the current scientific paradigm Dr Slijepcević makes clear that a transformation from a naive young species into a more mature species in tune with its surroundings will save us from our own violence and the violence we inflict on the rest of our living planet Read this book if you would like to understand the intelligence of living systems Dr Denis Noble University of Oxford

**The Goddess in India** Devdutt Pattanaik, 2000-09-01 The first exhaustive collection of goddess mythologies from India Explores the evolution of goddess worship in India over 4 000 years Stunning color photographs illustrate many stories of goddess lore never before available in one collection In India it is said that there is a goddess in every village a nymph in every lake Demonesses stand guard on village frontiers ogresses howl on crossroads and untamed forests resound with the laughter of celestial virgins It is a land of mysterious Apsaras and seductive Yakshinis of terrifying Dakinis and wise Yoginis each with a story to tell In this wide reaching exploration of ancient Hindu lore and legends author Devdutt Pattanaik discovers how earth women and goddesses have been perceived over 4 000 years Some of the tales recounted are revered classics others are common and folklorish often held in disdain by priests Until now most have remained hidden isolated in distant hamlets or languishing in forgotten libraries overwhelmed by the din of masculine sagas As the tales come to light

through word and stunning color imagery the author identifies the five faces given to the eternal feminine as man sought to unlock the mysteries of life the female half of existence is at first identified with Nature gradually deified and eventually objectified She comes to be seen as the primal mother fountainhead of life and nurturance The all giving mother then transforms into the dancing nymph a seductress offering worldly pleasures that bind man in the cycle of life As this nymph is domesticated the dominant image of woman becomes the chaste wife with miraculous powers Finally the submissive consort redefines herself as the wild and terrifying goddess who does battle drinks blood and demands appeasement Exploring mysteries of gender and biology and shedding light on the roots of taboos and traditions practiced in India today the author shows how the image of the Mother Goddess can be both worshipped and feared when she carries the face of mortal woman
