The Goddess in Hindu-Tantric Traditions Anway Mukhopadhyay,2018-04-20 The Great Goddess in her various puranic and tantric forms is often figured as sitting on a corpse which is identified as Shiva as shava God Shiva the consort of the Devi and an iconic representation of the Absolute without attributes the Nirguna Brahman Hence most of the existing critical works and ethnographic studies on Shaktism and the tantras have focused on the theological and symbolic paraphernalia of the corpses which operate as the asanas seats of the Devi in her various iconographies This book explores the figurations of the Goddess as corpse in several Hindu puranic and Shakta tantric texts popular practices folk belief systems legends and various other cultural phenomena based on this motif It deals with a more intricate and fundamental issue than existing works on the subject how and why is the Devi herself figured as a corpse in the Shakta texts belief systems and folk practices associated with the tantras The issues which have been raised in this book include how does death become a complement to life within this religious epistemology How does one learn to live with death thereby lending new definitions and new epistemic and existential dimensions to life and death And what is the relation between death and gender within this kind of figuration of the Goddess as death and dead body Analysing multiple mythic narratives hymns and scriptural texts where the Devi herself is said to take the form of the Shava the corpse as well as the Shakti who animates dead matter this book focuses not only on the concept of the theological equivalence of the Shava Shiva as corpse and the Shakti Energy in tantras but also on the status of the Divine Mother as the Great Bridge between the apparently irreconcilable opposites the mediatrix between Spirit and Matter death and life existence in stasis and existence in kinesis This book makes an important contribution to the fields of Hindu Studies Goddess Spirituality South Asian Religions Women and Religion India Studies in Shaktism and Tantra Cross cultural Religious Studies Gender Studies Postcolonial Spirituality and Ecofeminism **The Body Adorned** Vidya Dehejia,2009-02-26 The sensuous human form elegant and eye catching is the dominant feature of premodern Indian art From the powerful god Shiva greatest of all yogis and most beautiful of all

beings to stone dancers twisting along temple walls the body in Indian art is always richly adorned Alankara ornament protects the body and makes it complete and attractive to be unornamented is to invite misfortune In The Body Adorned Vidya Dehejia who has dedicated her career to the study of Indian art draws on the literature of court poets the hymns of saints and acharyas and verses from inscriptions to illuminate premodern India's unique treatment of the sculpted and painted form She focuses on the coexistence of sacred and sensuous images within the common boundaries of Buddhist Jain and Hindu sacred spaces redefining terms like sacred and secular in relation to Indian architecture She also considers the paradox of passionate poetry in which saints praised the sheer bodily beauty of the divine form and nonsacred Rajput painted manuscripts which freely inserted gods into the earthly realm of the courts By juxtaposing visual and literary sources Dehejia demonstrates the harmony between the sacred and the profane in classical Indian culture Her synthesis of art literature and cultural materials not only generates an all inclusive picture of the period but also revolutionizes our understanding of the cultural ethos of premodern India
