SHIVAJI AND HIS TIMES JADUNATH. SARKAR,2018 *The Language of History* Audrey Truschke,2021-01-05 For over five hundred years Muslim dynasties ruled parts of northern and central India starting with the Ghurids in the 1190s through the fracturing of the Mughal Empire in the early eighteenth century Scholars have long drawn upon works written in Persian and Arabic about this epoch yet they have neglected the many histories that India's learned elite wrote about Indo Muslim rule in Sanskrit These works span the Delhi Sultanate and Mughal Empire and discuss Muslim led kingdoms in the Deccan and even as far south as Tamil Nadu They constitute a major archive for understanding significant cultural and political changes that shaped early modern India and the views of those who lived through this crucial period Audrey Truschke offers a groundbreaking analysis of these Sanskrit texts that sheds light on both historical Muslim political leaders on the subcontinent and how premodern Sanskrit intellectuals perceived the Muslim Other She analyzes and theorizes how Sanskrit historians used the tools of their literary tradition to document Muslim governance and later as Muslims became an integral part of Indian cultural and political worlds Indo Muslim rule Truschke demonstrates how this new archive lends insight into formulations and expressions of premodern political social cultural and religious identities By elaborating the languages and identities at play in premodern Sanskrit historical works this book expands our historical and conceptual resources for understanding premodern South Asia Indian intellectual history and the impact of Muslim peoples on non Muslim societies At a time when exclusionary Hindu nationalism which often grounds its claims on fabricated visions of India's premodernity dominates the Indian public sphere *The Language of History* shows the complexity and diversity of the subcontinent's past **Western India in the Nineteenth Century** Ravinder Kumar,2013-10-28 First published in 2006

Routledge is an imprint of Taylor Francis an informa company *Shivaji and His Times (Deluxe Hardbound Edition)* Jadunath Sarkar,2024-03-23 This book recounts the life and times of one of Maharashtra's greatest heroes The author has extensively researched the subject and presents a comprehensive analysis of Shivaji's life his battles his political strategies and his legacy The book begins with an introduction to the political and social conditions in India during the 17th century which sets the context for Shivaji's rise to power The author also discusses the impact of Shivaji's legacy on Indian history and politics Overall *Shivaji And His Times* is a valuable resource for anyone interested in Indian history particularly the history of the Maratha Empire **The Calling of History** Dipesh Chakrabarty,2015-07-15 A leading scholar in early twentieth century India Sir Jadunath Sarkar 1870-1958 was knighted in 1929 and became the first Indian historian to gain honorary membership in the American Historical Association By the end of his lifetime however he had been marginalized by the Indian history establishment as postcolonial historians embraced alternative approaches in the name of democracy and anti colonialism *The Calling of History* examines Sarkar's career and poignant obsolescence as a way into larger questions

about the discipline of history and its public life Through close readings of more than twelve hundred letters to and from Sarkar along with other archival documents Dipesh Chakrabarty demonstrates that historians in colonial India formulated the basic concepts and practices of the field via vigorous and at times bitter and hurtful debates in the public sphere He furthermore shows that because of its non technical nature the discipline as a whole remains susceptible to pressure from both the public and the academy even today Methodological debates and the changing reputations of scholars like Sarkar he argues must therefore be understood within the specific contexts in which particular histories are written Insightful and with far reaching implications for all historians *The Calling of History* offers a valuable look at the double life of history and how tensions between its public and private sides played out in a major scholar s career
