Shivas Drum:

Shiva's Drum Stephen Cramer, 2004 Departing from simple observations of the people and setting around him neighbors friends and lovers in New York City Stephen Cramer's Shiva's Drum explores personal and familial relationships set to the rhythms of jazz in an urban landscape Though comfortable at the edge these poems deal with reality and move forward by transforming pain into beauty Shiva's Hologram Padma Aon Prakasha, 2023-08-15 The Maheshwara Sutra is the key teaching on sound consciousness in the Vedic tradition given by Shiva over 2 200 years ago after his iconic dance of destruction and creation It is the clearest exposition of the world being created by sound vibration ever recorded The Maheshwara Sutra was revealed by Shiva through his Drum Each beat weaves the matrix of life dynamically creating the universe and human being in 42 sound vibrations Each sound unfolds the universal creative process from the quantum field and Big Bang to the mind breath sexuality chakras and all elements of creation The Maheshwara Sutra is Shiva's holographic Creation of Everything the original yoga of sound Its 42 Sound Keys create 42 vibrational shifts within you which can align you into the quantum blueprint of creation Shiva's Hologram The Maheshwara Sutra is a science of consciousness a profound synthesis of Vedic and western wisdom and practices that articulates a path into wholeness through sound Thorough and well researched it explains the sounds that form your self opening doors into using sound never revealed before Shiva's Hologram The Maheshwara Sutra translates this ancient wisdom into contemporary relevance and practice through quantum physics sacred geometry the union of masculine and feminine Shiva Shakti and the wisdom of India's greatest masters Shiva's Hologram is written for the beginner and advanced practitioner and reveals the yoga of the 42 sounds their meanings and practical applications Use the sounds for sound healing and to resonate into the harmonious Blueprint of Creation Create mantras to resonate every part of you into health and well being Use it for yoga self inquiry and to expand your consciousness in meditation The deeper wisdom of the Maheshwara Sutra has been kept within the Saivite Indian lineage for millennia and has not been released to the general public until now Shiva David Frawley, 2015-08-14 Lord Shiva is the personification of all the main practices of Yoga as the origin and ruling power over asana prana mantra inner seeing and meditation The current book unfolds the presence light energy and consciousness of the Supreme Shiva to take us beyond all death and duality **The Universal Kabbalah** Leonora Leet, 2004-09-29 This landmark work by an innovative modern Kabbalist develops a scientific model for kabbalistic cosmology and soul psychology Derived from the kabbalistic diagram of the Tree of Life and the author's own Sabbath Star diagram this universal model encodes the laws of all cosmic manifestation giving a mathematical basis to many aspects of this mystical tradition and providing a new synthesis of science and spirituality that may well write a new chapter to the Kabbalah *Human Physiology: Expression of Veda and the Vedic Literature* Tony Nader, 2025-02-08 A Textbook of Life for Everyone Modern Science and Ancient Vedic Science Discover the Fabrics of Immortality in the Human Physiology Magnificent in scope this groundbreaking work details the relationship

between the 40 branches of the Vedic Literature and their corresponding parts in the human physiology Our physiology is continuously performing millions of tasks to maintain order and balance in its functioning to allow growth and evolution to occur and to bring about increasing achievement and fulfillment The perfect order displayed in the human physiology and throughout the universe is based on Laws of Nature that have been studied by modern science for more than 150 years The profound insights into the ancient Vedic Literature brought to light by Maharishi Mahesh Yogi over the past forty years have guided the discovery that the laws that construct the human mind and body are the same as those that give structure to the syllables verses chapters and books of the Vedic Literature This discovery has rendered the study of physiology to be the actualization of the supreme philosophy of life which establishes individual consciousness and national consciousness on the level of Cosmic Life

The Rose and the Lotus Stefano Mercanti, 2009-01-01 Raja Rao one of the founding figures of Indian English literature is re examined in this comprehensive study of his fiction which offers a fresh critical investigation into both his short stories and his novels Powerfully contradicting the long held perception of Raja Rao as a mere metaphysical writer and the true bard of quintessential Indianness projected by many critics of the first Commonwealth generation over three decades Stefano Mercanti posits Rao s fiction in terms of its dialogic interaction the partnership between Western and Eastern cultural traditions and demonstrates how it evolves during the course of his oeuvre on both the philosophical and the political level The title *The Rose and the Lotus* signals the discursive terrain for a multicultural and interwoven evolution among different cultures and points to the need for valuing relations of reciprocity rather than those of domination Far from conveying univocal configurations and nationalistic stereotypes Rao s idea of India is seen as the epicentre of many echoes and dynamic resonances both Western and Eastern through which a distinct blend of Indian and European influences is more clearly unravelled In this new critical re appraisal Mercanti draws on non binary and inter multi disciplinary paradigms thus signalling the complex transformations and multiple negotiations of a polyglot India caught between the cultural twilight of the modern and the traditional The study also offers an invaluable linguistic analysis of Rao s experiment with the English language supplemented by a detailed glossary
