SHOAL OF TIME: A HISTORY OF THE HAWAIIAN ISLANDS 1778-1959 GAVAN.

DAWS,1982 A HISTORY OF HAWAII FROM THEIR DISCOVERY BY CAPTAIN COOK TO STATEHOOD *Shoal of time; a history of the Hawaiian Islands, [Toronto], Macmillan* Gavan Daws, **Paradise Past** Robert W. Kirk,2012-11-07 In the 400 years from Magellan's entrance into Pacific waters to 1920 the lives of the people of the South Pacific were utterly transformed Exotic diseases from Europe and America particularly the worldwide influenza pandemic were deadly for islanders Ardent missionaries changed the belief systems and lives of nearly all Polynesians Aborigines and those Papuans and Melanesians living in areas accessible to westerners By 1920 every island and atoll in the South Seas had been claimed as a colony or protectorate of a power such as Britain France or the United States Factors aiding this imperial sweep included European outposts such as Sydney advances in maritime technology the work of missionaries a desire to profit from the area's relatively sparse resources and international rivalry that led to the scramble for colonies The coming of westerners as this book points out was not entirely negative as head hunting cannibalism chronic warfare human sacrifice and other practices were diminished but whole cultures were irreversibly changed or even eradicated Asian and Pacific Islander

Americans in Congress, 1900-2017 Albin Kowalewski,2017 **The Indigenous Experience** Roger Maaka,Chris Andersen,2006 The Indigenous Experience Global Perspectives introduces upper level undergraduate students to some of the richness and heterogeneity of Indigenous cultures Written by top scholars in the field the readings explore common themes and experiences of indigeneity that persist across geographic borders The first section examines the processes of conquest and colonization while the second section addresses genocide and the problem of intention The remaining readings interrogate the social constructs and myths promulgated by colonialism and explore the politics of resistance struggles for justice and future models of constructive engagement The examples span the globe from the Indigenous nations of Turtle Island such as the Plains Cree the Haudenosaunee nation of Kahnawake and the Miis to the original peoples of the South Pacific including Aboriginal Australians the Maori of Aotearoa and the Rapanui Other Indigenous peoples represented in this volume include the Guaran the Saami the Ainu and the Ogoni people Combining historical narratives with complex conceptual issues and strong pedagogical support The Indigenous Experience is a welcome addition to the literature of Indigenous Studies *Beneath Heavy Pines in World War II Louisiana* Hayley Johnson,Sarah Simms,2023-06-21 December 7 1941 changed the lives of thousands of Japanese Americans who became enemy in the eyes of the United States government within hours With Pearl Harbor still smoldering these men would be arrested and put into the enemy alien internment system

As the study of internment has steadily grown the information about the confinement sites and ability to piece together the experiences of the men within has remained a challenging task Camp Livingston famous as a site for the Louisiana Maneuvers holds a darker and less well known history From 1942 1943 over 1 000 men of Japanese ancestry were held in this internment camp in the pine forests of central Louisiana The authors approach this camp s history via the experiences and linkages to and through two families the Miyamotos and Koharas who are the beating heart at the center of this saga Through them the authors have laid out a historical counter narrative that is part biography and part critical exploration of a forgotten chapter of American history This manuscript is the first of its kind to focus primarily on exploring Camp Livingston arguably one of the lesser known enemy alien internment camps in depth including its layout operations and the daily life and experiences of the internees within
