Shoot Out Surviving The Fame And Misfortune Of Hollywood:

Shoot Out Peter Bart, Peter Guber, 2003 Hollywood thrives on shoot outs that series of stand offs skirmishes and power struggles that mark every stage of the film making process be it a director insisting on final cut a star demanding a bigger trailer or a grip with a gripe Shoot Out is about how movies are made from the first pitch to the final cut For film buffs aspiring film makers students and anyone else intrigued by the inner workings of Hollywood this is the quintessential take on the how who what and why of the film business Packed with insider gossip and some astonishing revelations about the incompetence and self indulgence that goes on this is a truly engrossing read Yet to the authors credit none of their stories smack of vindictiveness whilst the snappy prose ensures that the pages skip by in an entertaining blur In fact it could be said that this Shoot Out scores a bulls eye Film Review Book of the Month
