**SHOOTOUT IN SENDERO (EXRANGERS 8)** Jim Miller, 2014-12-06 The Carston men return as Wash sets out on a two day journey to rescue one of his father's deputies after he is accused of murdering a prisoner attempting to escape in this thrilling addition to The Ex Rangers series Wash Carston has seen a lot of evil especially in his days as a Texas Ranger and Civil War soldier but he's never seen a town as plain cursed as Sendero When a message came in on the Twin Rifles new telegraph machine two weeks earlier asking for a prisoner to be picked up in Sendero Marshal Will Carston sent his deputy Joshua on the mission But when Joshua fails to return Wash Carston must set out to rescue him When he arrives Wash finds Joshua locked up in the hoosegow accused of murdering the prisoner he was sent to pick up as he tried to escape With problems coming from every corner of Sendero the only agreeable folks Wash can find are a tough young sharpshooter dying of consumption and a pretty waitress who's just a bit too friendly As a lynch mob gathers Wash stands ready to defend his father's deputy and uphold law and order with a blazing six gun in hand **Shootout in Sendero** Jim Miller, 1992 When the deputy he sends to pick up a prisoner in Sendero fails to return Texas Ranger Wash Carson rides into Sendero to find him and discovers that his deputy has been jailed for murdering a prisoner Original **Shooting Up** Vanda

Felbab-Brown, 2009-12-01 Most policymakers see counterinsurgency and counternarcotics policy as two sides of the same coin Stop the flow of drug money the logic goes and the insurgency will wither away But the conventional wisdom is dangerously wrongheaded as Vanda Felbab Brown argues in Shooting Up Counternarcotics campaigns particularly those focused on eradication typically fail to bankrupt belligerent groups that rely on the drug trade for financing Worse they actually strengthen insurgents by increasing their legitimacy and popular support Felbab Brown a leading expert on drug interdiction efforts and counterinsurgency draws on interviews and fieldwork in some of the world's most dangerous regions to explain how belligerent groups have become involved in drug trafficking and related activities including kidnapping extortion and smuggling Shooting Up shows vividly how powerful guerrilla and terrorist organizations including Peru's Shining Path the FARC and the paramilitaries in Colombia and the Taliban in Afghanistan have learned to exploit illicit markets In addition the author explores the interaction between insurgent groups and illicit economies in frequently overlooked settings such as Northern Ireland Turkey and Burma While aggressive efforts to suppress the drug trade typically backfire Shooting Up shows that a laissez faire policy toward illicit crop cultivation can reduce support for the belligerents and critically increase cooperation with government intelligence gathering When combined with interdiction targeting major traffickers this strategy gives policymakers a better chance of winning both the war against the insurgents and the war on drugs *What Do I Read Next?* 93 Gale Group, 1993-09 *The White Labyrinth* Rensselaer W. Lee, 1991-01-01 Powerful forces work against efforts to control the flow of illegal narcotics into the United States from the Third World The potential for conflict and recrimination is built into the situation The main consumer countries are poor and predominantly agricultural

Cocaine traffic in the Western Hemisphere is a particularly serious example of how this conflict of interests plays out. Producing countries and consuming countries each blame the other and depending on which side they are on advocate either demand side or supply side solutions. Controlling the demand of users in the United States for cocaine versus controlling the demand of users in the United States for cocaine versus controlling the supply from South America. U.S. concerns are fairly unambiguous. Cocaine imports have increased five to tenfold since 1977 and abuse of cocaine and its derivative crack has become a serious social problem in the United States. The position of producing countries is also clear cut. Political elites in Third World countries view antidrug crusades with hostility because they impose significant new burdens and create formidable new challenges. *The White Labyrinth* explains why it is so difficult to take effective action against the cocaine problem. It looks closely at problems faced by producing countries, the economic and political pressures that make it so difficult to address the problem from a supply side perspective. It analyzes the devastating pressure tactics of coca lobbies and cocaine trafficking syndicates. It explores the complex relationships between the cocaine industry and leftist revolutionary movements. It examines the negative consequences of actions taken by the United States. *The White Labyrinth* is an in depth examination of a problem that is of paramount public concern. It will be of interest to all those concerned with the development of effective policies from parents to public officials.

Chronicling the true and vibrant culture of the Cherokee Nation, Conley himself a member of the Cherokee tribe uses his knowledge of his people to bring to life the Indian world of the West. In this new adventure starring Sheriff Go Ahead Rider, illegal whiskey and a murdered prisoner wreak havoc for the lawman.

*The White Rock* Hugh Thomson, 2003-12-30. An explorer searches the Peruvian Andes for a lost ruin in a gem of a book that transcends the travel writing genre with fascinating Inca history. Los Angeles Times. A New York Times Notable Book. With the backdrop of the ever intriguing Andes mountains, Hugh Thomson explores the intoxicating history of the Inca people and their heartland. The author, an acclaimed documentary filmmaker and explorer, expertly weaves accounts of his own discoveries and brushes with danger with the history of those who preceded him, including the explorer Hiram Bingham who discovered Machu Picchu, the twentieth century South American photographer Mart n Chambi, the poet Pablo Neruda, and the Spanish conquistadores who destroyed the Inca civilization and the eccentric characters he meets on his travels. Following in the footsteps of the explorers Gene Savoy and Hiram Bingham, Thomson set off into the jungle to find the lost city of Llactapat. This is the story of his journey to discover it via the interconnecting paths the Incas laid across the Andes.
